Against Adaptation Lacans Subversion Of The Subject Lacanian Clinical Field:

Against Adaptation Philippe Van Haute, 2012-12-04 Van Haute's exegesis of Lacan's essay is as lucid as it is cogent and an admirable and very illuminating achievement William Richardson *Reading Lacan's Seminar VIII* Gautam Basu Thakur, Jonathan Dickstein, 2020-03-23 This book provides 18 lively commentaries on Lacan's Seminar VIII Transference 1960-61 that explore its theoretical and philosophical consequences in the clinic, the classroom, and society. Including contributions from clinicians as well as scholars working in philosophy, literature, and culture studies, the commentaries presented here represent a wide range of disciplinary perspectives on the concept of transference. Some chapters closely follow the structure of the seminar's sessions, while others take up thematic concerns or related sessions such as the commentary on sessions 19 to 22 which deal with Lacan's discussion of Claudel's *Co fontaine* trilogy. This book is not a compendium to Lacan's seminar. Instead, it attempts to capture through shorter contributions a spectrum of voices debating, deliberating, and learning with Lacan's concept. In doing so, it can be seen to engage with transference conceptually in a manner that matches the spirit of Lacan's seminar itself. The book will provide an invaluable new resource for Lacan scholars working across the fields of psychoanalytic theory, clinical psychology, philosophy, and cultural studies. **Clinical Lacan** Joel Dor, 1998-09-17 This companion text to *Introduction to the Reading of Lacan* focuses on the concept of the psychic structures of desire. Using case examples, Dor explains the crucial difference between symptoms which can be phenomenologically grasped and the actual psychic structure of the subject which can be revealed only through the discourse of the patient in the psychoanalytic situation. This work brings life and practicality to a psychoanalytic movement that has been misperceived and divorced from the daily vicissitudes of analytic work. **Lacan's Seminar On Anxiety** Roberto Harari, 2013-03-26 Designed for novices as well as students of psychology and literary criticism, these systematic lectures do much to clarify Lacan's groundbreaking work on the birth of the subject and its links with Freud's theory of drives. Moreover, they answer some of the criticisms that have been leveled at Lacan by those of psychoanalysis unable or unwilling to incorporate his ideas. **Introduction to the Reading of Lacan** Joel Dor, 2013-03-26 About this Book: A major and long overdue addition to the American English psychoanalytic literature. All major concepts among them the mirror stage, the Name of the Father metaphor, and metonymy, the phallus, the foreclosure of the subject are developed in depth. Nicholas Kouretzas, Harvard Medical School. **Hysteria From Freud to Lacan** Juan-David Nasio, 2020-10-13 In the English-speaking psychoanalytic world, few diagnostic categories are as controversial as hysteria. This concept, widely held to reflect outmoded cultural prejudices against women, has virtually disappeared from our theoretical literature, diagnostic manuals, and training programs. However, far from being gender-bound, hysteria from Jacques Lacan represents a psychic strategy that bears on one of the most fundamental preoccupations of existence: What does it mean to be a woman? What does it mean to be a man? *Freud and the Problem of Sexuality* Bradley Ramos, 2024-03-01 While contemporary studies have paid renewed attention to the psychoanalytic theory of sexuality and

routinely reference Sigmund Freud they seldom engage directly with his work Freud and the Problem of Sexuality returns to Freud's writings to argue that there is still something revolutionary and novel to be found there something that will come to challenge both philosophical and popular understandings of sexuality In lively accessible prose Bradley Ramos revisits some of the most difficult even troubling aspects of Freud's work and sheds fresh light on foundational concepts such as Trieb drive or instinct perversion infantile sexuality and the Oedipus complex Reading Freud alongside Jean Laplanche Louis Althusser and Jacques Derrida we can begin to see why sexuality becomes for us as it did for Freud a problem in and by its nature However to take this problem of sexuality seriously Ramos argues we must dare to do what most refuse renounce our persistent fantasies and assumptions about sexuality Christ in Postmodern Philosophy Frederiek Depoortere, 2008-10-01 An investigation into the Christological ideas of three contemporary thinkers Slavoj Žižek Gianni Vattimo and Ren Girard

What Is Talmud? Sergey Dolgopolski, 2009-08-25 True disagreements are hard to achieve and even harder to maintain for the ghost of final agreement constantly haunts them The Babylonian Talmud however escapes from that ghost of agreement and provokes unsettling questions Are there any conditions under which disagreement might constitute a genuine relationship between minds Are disagreements always only temporary steps toward final agreement Must a community of disagreement always imply agreement as in an agreement to disagree What is Talmud rethinks the task of philological literary historical and cultural analysis of the Talmud It introduces an aspect of this task that has best been approximated by the philosophical anthropological and ontological interrogation of human being in relationship to the Other whether animal divine or human In both engagement and disengagement with post Heideggerian traditions of thought Sergey Dogopolski complements philological historical and cultural approaches to the Talmud with a rigorous anthropological ontological and Talmudic inquiry He redefines the place of the Talmud and its study both traditional and academic in the intellectual map of the West arguing that Talmud is a scholarly art of its own and represents a fundamental intellectual discipline not a mere application of logical grammatical or even rhetorical arts for the purpose of textual hermeneutics In Talmudic intellectual art disagreement is a fundamental category What Is Talmud rediscovers disagreement as the ultimate condition of finite human existence or co-existence The Surface Effect André Nusselder, 2013 Lacan's theory of fantasy **Lacanian**

Psychotherapy With Children Catherine Mathelin, 2020-09-08 In a groundbreaking integration of the work of Lacan Winnicott and Tustin Catherine Mathelin reveals how a child's symptoms can be a striking reflection of its parents unresolved conflicts She shows how her patients art much of it reproduced here can communicate both initial anguish and progress in treatment and draws on her experience of working on a neonatal unit to argue compellingly that a child's mental health can be endangered even before birth This is a book hard to put down filled with the most fascinating brief case vignettes of parents and children who live in worlds disconnected from each other hoping for experts to heal their suffering Anni Bergman coauthor of *The Psychological Birth of the Human Infant* *The Rhetoric of the Talmud in the Perspective for*

Enjoying What We Don't Have Todd McGowan,2013-07-01

Although there have been many attempts to apply the ideas of psychoanalysis to political thought this book is the first to identify the political project inherent in the fundamental tenets of psychoanalysis And this political project Todd McGowan contends provides an avenue for emancipatory politics after the failure of Marxism in the twentieth century Where others seeking the political import of psychoanalysis have looked to Freud s early work on sexuality McGowan focuses on Freud s discovery of the death drive and Jacques Lacan s elaboration of this concept He argues that the self destruction occurring as a result of the death drive is the foundational act of emancipation around which we should construct our political philosophy Psychoanalysis offers the possibility for thinking about emancipation not as an act of overcoming loss but as the embrace of loss It is only through the embrace of loss McGowan suggests that we find the path to enjoyment and enjoyment is the determinative factor in all political struggles and only in a political project that embraces the centrality of loss will we find a viable alternative to global capitalism American Book Publishing Record ,2002

Reconstructing the Psychological Subject Betty M

Bayer,John Shotter,1998-01-23 This major book offers a comprehensive overview of key debates on subjectivity and the subject in psychological theory and practice In addition to social construction s long engagement with social relations this volume addresses questions of the body technology intersubjectivity writing and investigative practices The internationally renowned contributors explore the tensions and opposing viewpoints raised by these issues and show how analyzing the psychological subject interrelates with reforming the practices of psychology Drawing on perspectives that include feminism dialogics poststructuralism hermeneutics Lacanian psychoanalysis and cultural or social studies of science readers are guided through pivotal

The Lacanian Subject Bruce Fink,2025-05-13 A lucid guide through the labyrinth of Lacanian theory This book provides an illuminating account of the theory of subjectivity found in the work of Jacques Lacan Guiding readers through many facets of Lacanian theory Bruce Fink unpacks such central notions as the Other object a the unconscious as structured like a language alienation and separation the paternal metaphor jouissance and sexual difference He demonstrates that against the tide of post structuralist thinkers who proclaim the death of the subject Lacan explores what it means to come into being as a subject in its ethical and ontological dimensions Presenting Lacan s thought in the

context of his clinical preoccupations The Lacanian Subject offers one of the most balanced sophisticated and penetrating views of Lacanian psychoanalysis available **Lacan and the New Wave** Judith Feher-Gurewich, 2020-10-20 What makes it so difficult for Lacanian and American psychoanalysts to understand each other This question runs through Lacan and the New Wave in American Psychoanalysis a book that explores the divergent dialogues with Freudian theory that are taking place on both sides of the Atlantic In a lively exchange some of the most prominent psychoanalysts in France and America today come together to offer contrasting views on borderline conditions gender difference and the role of sexuality and aggression in the development of psychopathology Comparing Lacan's theory of the Subject with recent American views on the psychoanalytic concept of the Self this book makes Lacan's work accessible and clinically relevant to American audiences

Lacan to the Letter Bruce Fink, 2004 To read Lacan closely is to follow him to the letter to take him literally making the wager that he comes right out and says what he means in many cases though much of his argument must be reconstructed through a line by line examination And this is precisely what Bruce Fink does in this ambitious book a fine analysis of Lacan's work on language and psychoanalytic treatment conducted on the basis of a very close reading of texts in his *Écrits* A Selection As a translator and renowned proponent of Lacan's works Fink is an especially adept and congenial guide through the complexities of Lacanian literature and concepts He devotes considerable space to notions that have been particularly prone to misunderstanding notions such as the sliding of the signified under the signifier or that have gone seemingly unnoticed such as the ego is the metonymy of desire Fink also pays special attention to psychoanalytic concepts like affect that Lacan is sometimes thought to neglect and to controversial concepts like the phallus From a parsing of Lacan's claim that commenting on a text is like doing an analysis to sustained readings of *The Instance of the Letter in the Unconscious* *The Direction of the Treatment and Subversion of the Subject* with particular attention given to the workings of the Graph of Desire Fink's book is a work of unmatched subtlety depth and detail providing a valuable new perspective on one of the twentieth century's most important thinkers Bruce Fink is a practicing Lacanian psychoanalyst analytic supervisor and professor of psychology at Duquesne University in Pittsburgh He is the author of *A Clinical Introduction to Lacanian Psychoanalysis* 1997 and *The Lacanian Subject* 1995 He has coedited three volumes on Lacan's seminars and is the translator of *Lacan's Seminar XX On Feminine Sexuality the Limits of Love and Knowledge* 1998 *Écrits A Selection* 2002 and *Écrits The Complete Text* forthcoming
