Disadvantaged Children Myra H. Thomas, 1966 **Black in School: The Black Teacher's Guide for Surviving the Classroom** Kemi Oluyinka, Caren Onanda, 2024-10-30 This is a thought provoking and insightful guide written by Black educators for educators from all backgrounds and at all levels within the education system With contributions from Black professionals within education from all levels it offers smart guidance for daily life in schools and on boosting your teaching career combined with challenging insights into the experiences of Black educators in the UK How have Black educators survived and thrived in an education system that lacks diversity at all staff levels especially so in leadership positions How can their knowledge and experience benefit your journey Explore contentious issues that directly affect Black teachers and the children they teach including Why are there so few Black male teachers What drives drop out rates among Black teachers Why do Black teachers get stereotyped and fetishised How can you use networking and professional learning to move your teaching career forward *The Publisher*, 1905 *Teaching Secondary English* Daniel Sheridan, 2013-03-07 This new edition of Teaching Secondary English is thoroughly revised but its purpose has not changed Like the popular first edition it balances content knowledge with methodology theory with practice and problem posing with suggested solutions The tone and format are inviting while addressing student readers on a professional level Rather than attempting to cover everything the text provides a framework and materials for teaching a secondary English methods course while allowing considerable choice for the instructor The focus is on teaching literature writing and language the basics of the profession Attention is given to the issues that arise as one seeks to explore what it means to teach English The problems and tensions of becoming a teacher are discussed frankly in a manner that helps students figure out their own attitudes and solutions Features Focuses on a few central concepts in the teaching of secondary English Provides an anthology of 22 readable and challenging essays on key topics allowing students to hear a variety of voices and opinions Includes an applications section for each reading that extends the discussion and asks students to explore problems and grapple with important issues related to the articles Offers

short writing assignments in questions that follow the readings and in brief writing tasks in the applications and a longer writing assignment at the end of each chapter Addresses student readers directly without talking down to them New in the Second Edition This edition is shorter tighter and easier to use The opening and concluding chapters more directly address the concerns of new teachers The anthology is substantially updated of the 22 articles included 14 are new to this edition Each essay is preceded by a brief introduction and followed by questions for further thought There are fewer applications but these are more extensive and more fully integrated within the text A writing assignment is provided at the end of each chapter Interviews with college students before and after student teaching are included in Chapters 1 and 6 The bibliographies at the end of each chapter are fully updated
