Affluenza When Too Much Is Never Enough:

CSR, Sustainability, and Leadership Gabriel Eweje, Ralph Bathurst, 2017-02-10 With the acceptance of CSR and Sustainability as important business performance indicators it is timely now to assess the impact that leadership has on the development of these processes CSR Sustainability and Leadership seeks to explore the integration of these three elements through an examination of concerns and trends in contemporary organisations The authors discuss empirical and theoretical studies which focus on processes and practices which inform the field Organisations wish not only to participate in responsible behaviour but also actively lead within their local environments However businesses are failing in their execution of CSR because of ineffective leadership Business leaders are central to an organisation s purpose in the world and this book will inform a robust discussion about social issues which are pressing to scholars policymakers not for profit organisations and students

Living within a Fair Share Ecological Footprint Robert Vale, Brenda Vale, 2013-09-02 According to many authorities the impact of humanity on the earth is already overshooting the earth s capacity to supply humanity s needs This is an unsustainable position This book does not focus on the problem but on the solution by showing what it is like to live within a fair earth share ecological footprint The authors describe numerical methods used to calculate this concentrating on low or no cost behaviour change rather than on potentially expensive technological innovation They show what people need to do now in regions where their current lifestyle means they are living beyond their ecological means such as in Europe North America and Australasia The calculations focus on outcomes rather than on detailed discussion of the methods used The main objective is to show that living with a reduced ecological footprint is both possible and not so very different from the way most people currently live in the west The book clearly demonstrates that change in behaviour now will avoid some very challenging problems in the future The emphasis is on workable practical and sustainable solutions based on quantified research rather than on generalities about overall problems facing humanity

Economics and Ageing José Luis Iparraguirre, 2020-01-29 This upper level textbook provides a coherent introduction to the economic implications of individual and population ageing Placing economic considerations into a wider social sciences context this is ideal reading not only for advanced undergraduate and masters students in health economics and economics of ageing but policy makers professionals and practitioners in gerontology sociology health related sciences and social care This volume introduces topics in the economics of happiness quality of life and well being in later life It also covers questions of inequality and poverty intergenerational economics and housing Other areas described in this book include behavioural economics political economy and consumption in ageing societies

Just Money Wayne Kirkland, 2012-08-01 Money Such a little word with such explosive power For love of money reputations have been ruined marriages have been destroyed lifelong friendships have been torn apart whole nations have bled For lack of money kingdoms have crumbled corporations have foundered lives have faded dreams have died But what about us ordinary folk Most of us spend more time thinking about money worrying

planning earning spending counting hoping envying than about almost any other subject So what's money got to do with following Jesus A great deal actually Money is no side issue in the Bible It's talked about extensively Just Money offers both insights and suggestions as to how we can live a life of faith in a culture in love with the dollar Be prepared for some surprises *Spirituality in Business* J. Biberman, L. Tischler, 2008-05-12 An innovative look at some of the latest research on the intersection of spirituality and business **The Art of Deliberate Success** David Keane, 2013-01-29 An effective framework for professional and personal success Everyone wants to succeed in life but not everyone knows how Success isn't just a result of luck and hard work you also need to know how to define success for yourself and put yourself in the right frame of mind to achieve it Based on a powerful ten part framework The Art of Deliberate Success presents ten chapters that help you identify strengths and weaknesses so you can focus your attention and effort where it matters most The book includes an online self assessment tool that helps you pinpoint the areas you need to focus on followed by chapters dedicated to helping you focus on what matters using language more effectively mastering your behaviour getting things done and ultimately reach your goals Based on the author's 24 years of professional experience and research Presents a flexible and effective system that allows you to achieve goals that are professional or personal in nature Features a special online self assessment tool for identifying strengths and weaknesses and personalising your self development Informal easy to read and highly effective The Art of Deliberate Success is the ideal guide for professionals who want to reach new heights and stay there **Well-being, Personal Wholeness and the Social Fabric** Doru Costache, Darren Cronshaw, 2017-05-11 Well being is a familiar term in academic literature and public discourse It captures the imagination by addressing issues related to the social good and the quest for personal happiness It embraces a wide variety of concerns age gender sexuality ethnicity self esteem health class education institution and ecosystems among many issues Well being studies focus on the welfare of the world and its inhabitants bringing holistic and transformative perspectives to bear The Christian faith has been a powerful contributor to this tradition over the centuries Human beings made in the image of God are called to live transformed lives through the Spirit of Christ in communities of grace and reconciliation for the benefit of others caring for our planet in the expectation of God's new creation What difference does the study of well being from a Christian perspective make **Israeli Masculinity, Sex Work, and Consumerism** Yeela Lahav-Raz, 2023-10-19 Israeli Masculinity Sex Work and Consumerism Heteronormativity and Sexual Repertoires explores the inner world of Israeli sex work consumers and their use of digital technologies on which intense feelings of social togetherness and belonging create a localized form of homosociality and brotherhood The first of its kind to offer an in depth analysis of masculine sexual repertoires in the field of sex consumption this book uses extensive data and observations of online ethnography among a community of Israeli sex consumers operating online It elucidates the economics of demand in the field of sexual consumption and highlights how the rise of the thriving online communities of sex consumers can function as a platform on which power relations between men

themselves are publicly displayed and are constantly challenged Israeli Masculinity Sex Work and Consumerism
 Heteronormativity and Sexual Repertoires will be suitable for researchers in Gender and Sexuality Studies Sociology
 Anthropology and Criminology *The New Conspirators* Tom Sine, 2009-10-25 If you have faith as small as a mustard seed
 Jesus says in the Gospel of Matthew nothing will be impossible for you That sounds good but does it work in a world where
 seeds are genetically altered by an impatient few and hard to come by for countless others In a world where the gulf between
 the very rich and the profoundly poor is constantly growing can a mustard seed faith make any difference And can such a
 little bit of faith be sustained in a world whose future is so uncertain on so many fronts Tom Sine says yes and he has the
 audacity to try to prove it in his latest book In *The New Conspirators* Tom surveys the landscape of creative Christianity
 where streams of renewal are flowing freely from diverse sources The emerging church Contemporary monastic movements
 The missional church The mosaic movement Individuals and communities of faith are coalescing in and drawing energy from
 these four streams to retrofit the church as it leads serves and gives witness to the kingdom of God in the turbulent times
 facing us Read the book and you ll want to and be prepared to join God s conspiracy to create a better future Resource
Curse or Cure ? Martin Brueckner, Angela Durey, Robyn Mayes, Christof Pforr, 2014-04-02 Globalisation and rapid social and
 environmental change in recent decades have brought into sharper focus not only the benefits but also the costs of economic
 development The once assumed link between economic development and societal well being is being increasingly questioned
 in the face of growing social and environmental problems and unfulfilled expectations concerning political and commercial
 decision makers The orthodox development dogma is being tested in particular in resource based economies such as Western
 Australia where globalisation pressures and the concomitant rise in the demand for natural resources highlight the
 difficulties of effectively balancing broader societal interests with those of industry and the state This book provides a critical
 review of the socio political environmental and cultural state of play in Western Australia offering an analysis of how
 resource based developments are shaping the state and its people Literature and the Idea of Luxury in Early Modern
England Alison V. Scott, 2016-05-06 Exploring the idea of luxury in relation to a series of neighboring but distinct concepts
 including avarice excess licentiousness indulgence vitality abundance and waste this study combines intellectual and cultural
 historical methods to trace discontinuities in luxury s conceptual development in seventeenth century England The central
 argument is that as luxury was gradually Englished in seventeenth century culture it developed political and aesthetic
 meanings that connect with eighteenth century debates even as they oppose their so called demoralizing thrust Alison Scott
 closely examines the meanings of luxury in early modern English culture through literary and rhetorical uses of the idea She
 argues that while luxury could and often did denote merely lust or licentiousness as it tends to be glossed by modern editors
 of contemporary works its cultural lexicon was in fact more complex and fluid than that at this time Moreover that fuller
 understanding of its plural and shifting meanings as they are examined here has implications for the current intellectual

history of the idea in Western thought The existing narrative of luxury's conceptual development is one of progressive upward transformation beginning with the rise of economic liberalism amidst eighteenth century debates it is one that assumes essential continuity between the medieval treatment of luxury as the sin of luxuria and early modern notions of the idea even as social practises of luxury explode in early seventeenth century culture *Degrowth in the Suburbs* Samuel Alexander, Brendan Gleeson, 2018-09-21 This book addresses a central dilemma of the urban age how to make the vast suburban landscapes that ring the globe safe and sustainable in the face of planetary ecological crisis The authors argue that degrowth a planned contraction of economic overshoot is the only feasible principle for suburban renewal They depart from the anti suburban sentiment of much environmentalism to show that existing suburbia can be the centre ground of transition to a new social dispensation based on the principle of self limitation The book offers a radical new urban imaginary that of degrowth suburbia which can arise Phoenix like from the increasingly stressed cities of the affluent Global North and guide urbanisation in a world at risk This means dispensing with much contemporary green thinking including blind faith in electric vehicles and high density urbanism and accepting the inevitability and the benefits of planned energy descent A radical but necessary vision for the times **Ferraris for All** Daniel Ben-Ami, 2012-03-14 The growth of the economy and the spread of prosperity are increasingly seen as problematic rather than positive a trend Daniel Ben Ami has termed growth scepticism Prosperity is accused of encourage greed damaging the environment causing unhappiness and widening social inequalities Ferraris for all A defence of economic progress is a rejoinder to the growth sceptics Using examples from a range of countries including the US the author argues that society as a whole benefits from greater affluence Action is needed but to increase abundance and spread it worldwide not to limit prosperity as the sceptics would have it The lively and provocative hardback edition was published to widespread coverage in 2010 and triggered debate and dissent in equal measure *Food* John Coveney, 2023-12-18 In *Food* John Coveney examines food as identity politics industry regulation the environment justice and gastronomy He explores how food helps us understand what it means to be human The centrality of food in life and the importance of food as life is undeniable As a source of biological substrates personal pleasure and political power food is and has been an enduring requirement of human biological social and cultural existence In recent years interest in food has increased across the academic public and popular spheres fuelled by popular media's constant play on the role of food and body size and food and cooking as a mass spectacle for TV audiences Through food we construct our social identities our families and communities However Coveney also highlights the tensions between the industrialisation of food the environment and the iniquitous distribution of food He also considers how the food industries on which most of us must rely have also had direct effects on our bodies through diet and the development of illness and diseases This accessible primer is for students and general readers alike indeed for anyone with an interest in food It questions the idea that food is merely something inert on the plate Instead it shows how influential symbolic powerful and transformative food has come to

be Extending Schumacher's Concept of Total Accounting and Accountability into the 21st Century Kala Saravanamuthu, 2009-03-23 Intends to posit Schumacher's Middle Way thinking in the context of growing concerns about global warming and climatic changes and teases out its implications for holistic accountability by introducing readers to the science of climate change and its implications for managing natural resources *Jousting for the New Generation* David Loader, 2007-08-01 Learning is not some technical task like computer programming it is integral to the person It is part of the spirit the soul and the heart of a human being we need to be encouraged to explore what is inside us what we feel as well as what we think where we have come from as well as where we wish to go I have written unashamedly in a personal and passionate way In this new collection of essays David Loader addresses a range of contemporary issues in education and encourages critical dialogue about prevailing educational cultures These jousts as he calls them are challenges to the status quo written to encourage verbal repartee argument and counter argument Dipping into *Jousting for the New Generation* is intended to inspire the reader and generate spirited discussion *Climate Change, Capitalism, and Corporations* Christopher Wright, Daniel Nyberg, 2015-09-23 Climate change is one of the greatest threats facing humanity a definitive manifestation of the well worn links between progress and devastation This book explores the complex relationship that the corporate world has with climate change and examines the central role of corporations in shaping political and social responses to the climate crisis The principal message of the book is that despite the need for dramatic economic and political change corporate capitalism continues to rely on the maintenance of business as usual The authors explore the different processes through which corporations engage with climate change Key discussion points include climate change as business risk corporate climate politics the role of justification and compromise and managerial identity and emotional reactions to climate change Written for researchers and graduate students this book moves beyond descriptive and normative approaches to provide a sociologically and critically informed theory of corporate responses to climate change *Green Illusions* Ozzie Zehner, 2012 We don't have an energy crisis We have a consumption crisis And this book which takes aim at cherished assumptions regarding energy offers refreshingly straight talk about what's wrong with the way we think and talk about the problem Though we generally believe we can solve environmental problems with more energy more solar cells wind turbines and biofuels alternative technologies come with their own side effects and limitations How for instance do solar cells cause harm Why can't engineers solve wind power's biggest obstacle Why won't contraception solve the problem of overpopulation lying at the heart of our concerns about energy and what will This practical environmentally informed and lucid book persuasively argues for a change of perspective If consumption is the problem as Ozzie Zehner suggests then we need to shift our focus from suspect alternative energies to improving social and political fundamentals walkable communities improved consumption enlightened governance and most notably women's rights The dozens of first steps he offers are surprisingly straightforward For instance he introduces a simple sticker that promises a greater impact than all of the nation

s solar cells He uncovers why carbon taxes won't solve our energy challenges and presents two taxes that could Finally he explores how future environmentalists will focus on similarly fresh alternatives that are affordable clean and can actually improve our well being Watch a book trailer **'Our life is love, and peace, and tenderness'** Tracy Bourne,2014-01-15 The Quakers Advices and Queries says to rejoice in the presence of children and recognise their gifts But how do you share your deepest beliefs with children while leaving them free to develop as the spirit of God may lead them This lecture advocates methods such as time in natural outdoor settings and nurturing young leadership and social activism by our kids Inspired by famous Quaker leaders who were only children themselves such as founder George Fox and the children of Reading Meeting Tracy Bourne addresses these issues and concerns with excitement for the future of the youngest Quakers This lecture examines the Quaker tradition of spiritual activism to argue that we need children and young people to energise us and help us prepare for difficult times ahead **Goodbye to All That** Robert Manne,David McKnight,2010 This book explores the global financial crisis its social implications and its potential outcomes for Australia It examines neo liberalism and economic rationalism and discusses their consequences After the GFC how might we rethink the challenge of climate change of care of quality of life more generally What is the proper role of the market What parts of the social fabric need to be mended to create a more sustainable fairer Australia Contributors Kevin Rudd Robert Manne Jean Curthoys John Quiggin Michael Pusey Anne Manne David McKnight Ian Lowe Guy Pearse
