After America Get Ready For Armageddon:

After America Mark Steyn, 2011-08-08 Mark Steyn's New York Times bestseller *After America* is now in paperback. Featuring a new introduction and updated throughout, *After America* takes on Obama's disastrous plan for our nation and reveals exactly what a post-American world will look like if we don't change our ways soon. Says Steyn: Nothing is certain but debt and taxes. And then more debt. If the government of the United States had to use GAAP, the Generally Accepted Accounting Practices that your company and the publisher of this book have to use, Uncle Sam would be under an SEC investigation and his nephews and nieces would have taken away the keys and cut up his credit card. Slim, as it is, however, Steyn argues, there is still hope. Americans face a choice: you can rediscover the animating principles of the American idea of limited government, a self-reliant citizenry, and the opportunities to exploit your talents to the fullest, or you can join most of the rest of the western world in terminal decline. This is a battle for the American idea, and it's an epic one, but you can do anything you want to do. So do it. Bitingly funny and wickedly clever, *After America* is Mark Steyn at his best. [Blast, Corrupt, Dismantle, Erase](#) Brett Josef Grubisic, Gisèle M. Baxter, Tara Lee, 2014-06-16 What do literary dystopias reflect about the times? In *Blast Corrupt Dismantle Erase*, contributors address this amorphous but pervasive genre using diverse critical methodologies to examine how North America is conveyed or portrayed in a perceived age of crisis, accelerated uncertainty, and political volatility. Drawing from contemporary novels such as Cormac McCarthy's *The Road*, Neil Gaiman's *American Gods*, and the work of Margaret Atwood and William Gibson, to name a few, this book examines dystopian literature produced by North American authors between the signing of NAFTA in 1994 and the tenth anniversary of 9/11 in 2011. As the texts illustrate, awareness of and deep concern about perceived vulnerabilities—ends of water, oil, food, capitalism, empires, stable climates, ways of life, non-human species, and entire human civilizations—have become central to public discourse over the same period. By asking questions such as: What are the distinctive qualities of post-NAFTA North American dystopian literature? and What does this literature reflect about the tensions and contradictions of the inchoate continental community of North America? *Blast Corrupt Dismantle Erase* serves to resituate dystopian writing within a particular geo-social setting and introduce a productive means to understand both North American dystopian writing and its relevant engagements with a restricted mapped reality. **Implosion** Joel C. Rosenberg, 2012-06-12 Bestselling author and international political expert Joel C. Rosenberg tackles the question: Is America an empire in decline or a nation poised for an historic renaissance? America teeters on a precipice. In the midst of financial turmoil, political uncertainty, declining morality, the constant threat of natural disasters, and myriad other daunting challenges, many wonder what the future holds. Will history's greatest democracy stage a miraculous comeback, returning to the forefront of the world's economic and spiritual stage? Can America's religious past be repeated today with a third Great Awakening? Or will the rise of China, Russia, and other nations, coupled with the US's internal struggles, send her into a decline from which there can be no return? *Implosion* helps readers understand the

economic social and spiritual challenges facing the United States in the 21st century through the lens of biblical prophecy

Rapture 2028: America's Countdown to Apocalypse! David Netherton, 2015-01-02 A Shocking Bible Discovery found in the Dead Sea Scrolls After forty years of research in the Biblical text this book came about while studying Biblical manuscripts in their original Greek I was given a project by my Greek professor to research the Dead Sea Scrolls This research changed my life my belief about time and the books of the Bible While researching the Dead Sea Scrolls I found two historical books that were in the Bible during Jesus time on this Earth So I ask this question Why did man remove these books The deeper I studied I discovered that our Bible should have seventy books instead of sixty six Six is the number of man and a number representing incompleteness Sixty six doubles its meaning and the number 666 needs no explanations Men do resist Gods will today 2 Peter 3 9 While researching the subject I encountered extreme opposition The books of the Bible should be divisible by seven So we are missing one New Testament book and three Old Testament books to make a seventy book Bible Have we been deceived by our religious leaders and science community Does all time truly consist in a 7 007 year window This book is written from the complete seventy book Bible which was revealed in the Dead Sea Scrolls Do the scrolls reveal angels mating with the daughters of Adam Where did the giant human originate Have we all been lied to about Genesis 6 and the events during the days of Noah Are angels and demons masquerading as aliens and UFOs in a great end of time deception Will the dollar collapse by 2022 Will the U S be destroyed in one day by 2028 However when He the Spirit of truth has come He will guide you into all truth for He will not speak on His own authority but whatever He hears He will speak and He will tell you things to come John 16 13 14

Jezebel's War With America Michael L. Brown, 2019-08-06 Jezebel died 3 000 years ago But her spirit lives today Jezebel was the most wicked woman in the Bible a powerful seductress who killed the prophets led Israel into idolatry and immorality and emasculated men She was seductive and determined to snuff out the voices coming against her because these voices were calling out for repentance In twenty first century America Jezebel is not a person But it s as if the spirit of Jezebel is alive again today The influence of the same demonic force is being felt in the massive increase of pornography and sexual temptation the militant spirit of abortion the rise of radical feminism and most importantly in the attempt to silence prophetic voices Just as Jezebel clashed with strong men almost three thousand years ago the demonic spirit of Jezebel is powerful in America and it is going after the church This eye opening book not only unveils the satanic plot to destroy America beginning with an all out assault on the church but it will equip every believer with tools to defeat the enemy in their own personal lives as well as in the nation This book will show you how the spirit of Jezebel is active in America today and teach you how to protect the church
