After the Boston Heresy Case Gary Potter, 2011 After the Boston Heresy Case Cornelius Cornelii a Lapide, Gary Potter, Michael J. Miller, 2011-11-15 *Baptism of Salvation and Christian Salvation* Anthony R. Lusvardi, 2024-01-05 Belief in the necessity of baptism for salvation is rooted in the New Testament and was forcefully affirmed by the Church Fathers yet today this belief is treated with unease if not ignored altogether Over the course of centuries Catholic theology has wrestled with a doctrine baptism of desire that both preserves this fundamental principle and allows for salvation in hard cases such as catechumens dying unexpectedly Baptism of Desire and Christian Salvation traces this doctrine's varied history from its genesis in a fourth century funeral oration given by Ambrose of Milan to its uneasy position in the Anonymous Christianity of Karl Rahner More than a history however this book raises questions about the nature of religious ritual and the sacraments the mission of the Church and the essence of salvation Arguing that theologians of the past two centuries have tended to downplay the role of the sacraments when discussing salvation Lusvardi suggests that baptism should remain our theological starting point Engaging with the theological tradition and at times challenging the conventional wisdom Baptism of Desire and Christian Salvation shows how such a sacramental approach can offer credible and sometimes surprising responses to questions related to the salvation of non Christians the fate of unbaptized infants and the relevance of the Church's mission today *From the Housetops*, 2003 **Catholic Fundamentalism in America** Mark S. Massa, 2025-03-03 The term fundamentalism has its roots in specific forms of American Protestantism that arose around the turn of the twentieth century in reaction to liberalizing and modernizing trends within the church In this book Mark Massa argues that an analogously reactive militant and sectarian fundamentalist movement emerged within American Catholicism in the decades after World War II for a similarly complex mix of theological and cultural reasons In Catholic Fundamentalism in America Massa gives the first account of the Catholic form of the anti modernist impulse Massa recounts how Catholic fundamentalism has reacted both to the teachings of the Second Vatican Council and to the tensions of America's pluralist secular culture Like their Protestant cousins Catholic fundamentalists combine a sectarian understanding of religion with an aggressive anti progressive stance Their main enemies were not Protestants or secular Americans but other Catholics who didn't share their extreme views Also like the Protestant fundamentalists Catholic devotees of the fundamentalist impulse have sought and found political conservatives with whom to make common cause on a range of issues such as the place of women in American culture the value of pluralism within the Church and the larger culture and the importance of cooperation with non Catholics Contemporary Catholic conservatives merge theological and political impulses into movements that punch above their weight within the community through their clever use of social media Through seven portraits of individuals and movements that embody the Catholic fundamentalist impulse Massa demonstrates how the Catholic Right like its evangelical Protestant counterpart has reacted to and fought against modern American culture

The Salvation of Atheists and Catholic Dogmatic Theology Stephen Bullivant, 2012-04-19 The first full length study exploring the possibility of salvation for atheists in Catholic dogmatic theology since Vatican II It discusses crucial foundational issues in the decades preceding the Council looks at the conciliar teaching itself explores solutions proposed by Rahner and others and suggests a new approach

Aggiornamento? Karim Schelkens, John A. Dick, Jürgen Mettenpenning, 2013-06-14 Today many books appear regarding Vatican II Yet only very few of them manage to locate this crucial event in the life of the twentieth century Roman Catholic Church against the broad horizon of both its prehistory and its aftermath This book does just that In seven chapters this volume offers a survey of the evolution of Post Enlightenment Catholicism in the period spanning from ca 1830 to the present tying together the renewals proposed by the first and the Second Vatican Councils Each phase in this evolution is discussed from a double angle on the one hand from the viewpoint of theological developments and milieu s and on the other hand from an institutional and Church historical perspective thus binding together these two perspectives and tracing the evolutions within Catholicism in all their pluriformity

Opus Gareth Gore, 2024-10 A thrilling expos recounting how members of Opus Dei a secretive ultra conservative Catholic sect pushed its radical agenda within the Church and around the globe using billions of dollars siphoned from one of the world s largest banks For over half a century Banco Popular was one of the most profitable banks in the world until one day in 2017 when the Spanish bank suddenly collapsed overnight When investigative journalist Gareth Gore was dispatched to report on the story he expected to find yet another case of unbridled capitalist ambition gone wrong Instead he uncovered decades of deception that hid one of the most brazen cases of corporate pillaging in history perpetrated by a group of men sworn to celibacy and self flagellation who had secretly controlled Popular and abused their positions there to help spread Opus Dei to every corner of the world Drawing on unparalleled access to bank records insider accounts and exclusive interviews with whistle blowers from within Opus Dei Gore reveals how money from the bank was used to lure unsuspecting recruits some of them only children into a life of servitude He also tracks the ascent of Opus Dei within the United States exposing its role in bankrolling many right wing causes including the Supreme Court s overturning of Roe v Wade In an era of disinformation and deep fakes here is a real life conspiracy which hid in plain sight for more than sixty years Gore tells a shocking story of money and power that spans decades and continents Documenting Opus Dei s secret history for the first time this thrilling work of investigative storytelling raises important questions about the dark forces that shape our society

Amen Patrick J. Ryan SJ, 2018-10-10

Amen Jews Christians and Muslims Keep Faith with God examines faith as it is understood by Jews Christians and Muslims it

does not aim to be a work of systematic theology or a lengthy explication of the contents of different faith traditions It offers Jews Christians and Muslims several approaches to faith as a category of human experience open to God a faithful God who reaches out to grasp the faithful human being at the same time that the faithful human being reaches out to grasp a faithful God This two sided faith divine and human lies at the center of each faith tradition The book examines faith as one might examine a gem gazing at different facets in turn

Islam and Global Dialogue Roger Boase, 2016-05-06 At a time when the world is becoming increasingly interdependent multi cultural and multi religious the concept of religious pluralism is under assault as a result of hatred prejudice and misunderstanding from both religious exclusivists and dogmatic secularists In this important and timely book twenty internationally acclaimed scholars and leading religious thinkers respond to contemporary challenges in different ways Some discuss the idea of a dialogue of civilisations others explore the interfaith principles and ethical resources of their own spiritual traditions All of them reject the notion that any single religion can claim a monopoly of wisdom all are committed to the ideal of a just and peaceful society in which people of different religions and cultures can happily coexist More space is here given to Islam than to Judaism and Christianity because as a result of negative stereotypes it is the most misunderstood of the major world religions HRH Prince Hassan bin Talal of Jordan contributes the Foreword
