Phenomenological Reflections on Mindfulness in the Buddhist Tradition Erol Ćopelj, 2022-06-24 This book offers an original phenomenological description of mindfulness and related phenomena such as concentration sam dhi and the practice of insight vipassan It demonstrates that phenomenological method has the power to reanimate ancient Buddhist

texts giving new life to the phenomena at which those texts point Beginning with descriptions of how mindfulness is encountered in everyday pre philosophical life the book moves on to an analysis of how the Pali Nikayas of Theravada Buddhism define mindfulness and the practice of cultivating it It then offers a critique of the contemporary attempts to explain mindfulness as a kind of attention The author argues that mindfulness is not attention nor can it be understood as a mere modification of the attentive process Rather becoming mindful involves a radical shift in perspective According to the author's account being mindful is the feeling of being tuned in to the open horizon which is contrasted with Edmund Husserl's transcendental horizon The book also elucidates the difference between the practice of cultivating mindfulness with the practice of the phenomenological epoch which reveals new possibilities for the practice of phenomenology itself

Phenomenological Reflections on Mindfulness in the Buddhist Tradition will appeal to scholars and advanced students interested in phenomenology Buddhist philosophy and comparative philosophy *Roger Ebert's Movie Yearbook 2013*

This book offers a truly interdisciplinary perspective on key socio-cultural aspects of second language learning. Building on Bakhtin's philosophy of language and the self, it examines the complex intersections among gender, culture, and agency in the everyday discursive practices of immigrants. Bakhtin's dialogic framework still remains on the periphery of second language acquisition research. The book embraces not only Bakhtin's well-known notion of dialogue but also his core concepts of responsibility and ethics in the analysis of immigrants' narrative samples. The significance of narratives is underscored throughout the book, and a dialogic discourse-centered approach to narrative as a genre is suggested. *Authoring the Dialogic Self* targets a range of disciplines. Scholars in applied linguistics, narrative studies, cultural psychology, and communication studies will find the discussed concepts relevant. The rich data samples and detailed analysis make the book appropriate for graduate courses in TESOL, language and identity, or language and gender. *A Single Rose* Muriel Barbery, 2021-09-28. A magnificent romance redolent of ancient wisdom and rich with melancholy, loss, and love from the bestselling author of *The Elegance of the Hedgehog*. *Le Monde*: Rose has just turned forty when she gets a call from a lawyer asking her to come to Kyoto for the reading of her estranged father's will. And so for the first time in her life, she finds herself in Japan, where Paul, her father's assistant, is waiting to greet her. As Paul guides Rose along a mysterious itinerary designed by her deceased father, her bitterness and anger are soothed by the stones and the trees in the Zen gardens they move through. During their walks, Rose encounters acquaintances of her father, including a potter and poet, an old lady friend, his housekeeper, and chauffeur, whose interactions help her to slowly begin to accept a part of herself that she has never before acknowledged. As the reading of the will gets closer, Rose's father finally posthumously opens his heart to his daughter, offering her a poignant understanding of his love and a way to accept all she has lost. Interspersed with aphoristic Japanese tales from various periods, as melancholy is gradually transmuted into joy. *The New Yorker*: A luminous meditation on grief. *Booklist*: With elegant and careful prose, Barbery offers descriptions of Kyoto and Japanese culture that transcend the genre of a travelogue. This novel will appeal to readers who long for happy endings and escape. *Library Journal*: The novel balances lush cultivated gardens and weighted symbolism with mischievous foxes, matcha, sliced eel, and sushi, all forming one happy chaos and a fascinating maze of emotional release. **Evidence-Based Practice of Cognitive-Behavioral Therapy** Deborah Dobson, Keith S.
