Harmsma**

Atlantic History Concept And Contours:

Atlantic History Bernard Bailyn, 2005-03-31 Weaving elements of early modern European African and American history Atlantic history embraces essentials of Western civilization from the first contacts of Europe with the Western Hemisphere to independence movements and the industrial revolution Bailyn explores the subject's origins rapid development and impact on historical study Rewriting the African Diaspora in Latin America and the Caribbean Robert L. Adams Jr., 2014-10-14 This volume considers the African Diaspora through the underexplored Afro Latino experience in the Caribbean and South America Utilizing both established and emerging approaches such as feminism and Atlantic studies the authors explore the production of historical and contemporary identities and cultural practices within and beyond the boundaries of the nation state Rewriting the African Diaspora in the Caribbean and Latin America illustrates how far the fields of Afro Latino and African Diaspora studies have advanced beyond the Herskovits and Frazier debates of the 1940s The book's arguments complicate Herskovits' insistence on Black culture being an exclusive reflection of African survivals as well as Frazier's counter claim of African American culture being a result of slavery and colonialism This collection of thought provoking essays extends the concepts of diaspora and transnationalism forcing the reader to reassess their present limitations as interpretive tools In the process Afro Latinos are rendered visible as national actors and transnational citizens This book was originally published as a special issue of *African and Black Diaspora* *Oceanic Histories* David Armitage, Alison Bashford, Sujit Sivasundaram, 2018 Freshly presents world history through its oceans and seas in uniquely wide ranging original chapters by leading experts in their fields The Traffic in Poems Meredith L. McGill, 2008 The transatlantic crossing of people and goods shaped nineteenth century poetry in surprising ways that cannot be fully understood through the study of separate national literary traditions American and British poetic cultures were bound by fascination envy influence rivalry recognition and piracy as well as by mutual fantasies about and competition over the Caribbean Drawing on examples such as Felicia Hemans's elaboration of the foundational American myth of Plymouth Rock Emma Lazarus's ambivalent welcome of Europe's cast off populations black abolitionist Mary Webb's European performances of Hiawatha and American reprints of Robert Browning and George Meredith the eleven essays in this book focus on poetic depictions of exile slavery immigration and citizenship and explore the often asymmetrical traffic between British and American poetic cultures *To Swear like a Sailor* Paul A. Gilje, 2016-02-15 This book explores American maritime world including cursing language logbooks storytelling sailor songs reading and material culture British North America in the Seventeenth and Eighteenth Centuries Stephen Foster, 2016-11-10 Until relatively recently the connection between British imperial history and the history of early America was taken for granted In recent times however early American historiography has begun to suffer from a loss of coherent definition as competing manifestos demand various reorderings of the subject in order to combine time periods and geographical areas in ways that would have previously seemed anomalous It has also become common place to

announce that the history of America is best accounted for in America itself in a three way melee between settlers the indigenous populations and the forcibly transported African slaves and their creole descendants The contributions to British North America in the Seventeenth and Eighteenth Centuries acknowledge the value of the historiographic work done under this new dispensation in the last two decades and incorporate its insights However the volume advocates a pluralistic approach to the subject generally and attempts to demonstrate that the metropolitan power was of more than secondary importance to America in the seventeenth and eighteenth centuries The central theme of this volume is the question to what extent did it make a difference to those living in the colonies that made up British North America in the seventeenth and eighteenth centuries that they were part of an empire and that the empire in question was British The contributors some of the leading scholars in their respective fields strive to answer this question in various social political religious and historical contexts

Transatlantic Traffic And (Mis)Translations Robin Peel, Daniel Maudlin, 2013-06-11 This rich and diverse collection of essays explores the literary and ideological cultural exchanges between Britain and New England from 1610 to 1910 The contributors embrace material studies of written and printed texts performance the novel expository writing and early film Through intriguingly fresh readings of the work of writers ranging from Anne Bradstreet to Walt Whitman and from John Winthrop Jr to Jack London the book examines the intellectual and aesthetic exchanges produced by transatlantic cultural traffic The focus and detail of the essays make an important contribution to the ongoing debates about British American transatlantic literary exchanges highlighting the conversions adjustments and translations in the transnational circulation of culture This book will appeal to a broad spectrum of scholars in American British and Transatlantic literary studies

Dire Straits Elizabeth Jane Bellamy, 2013-01-01 England became a centrally important maritime power in the early modern period and its writers acutely aware of their inhabiting an island often depicted the coastline as a major topic of their works However early modern English versifiers had to reconcile this reality with the classical tradition in which the British Isles were seen as culturally remote compared to the centrally important Mediterranean of antiquity This was a struggle for writers not only because they used the classical tradition to legitimate their authority but also because this image dominated cognitive maps of the oceanic world As the first study of coastlines and early modern English literature **Dire Straits** investigates the tensions of the classical tradition's isolation of the British Isles from the domain of poetry By illustrating how early modern English writers created their works in the context of a longstanding cultural inheritance from antiquity Elizabeth Jane Bellamy offers a new approach to the history of early modern cartography and its influences on literature

International Encyclopedia of Human Geography, 2009-07-16 The International Encyclopedia of Human Geography provides an authoritative and comprehensive source of information on the discipline of human geography and its constituent and related subject areas The encyclopedia includes over 1 000 detailed entries on philosophy and theory key concepts methods and practices biographies of notable geographers and geographical thought and praxis in different parts of

Mobility Makes States Darshan Vigneswaran,Joel Quirk,2015-05-05 In *Mobility Makes States* political scientists historians sociologists and anthropologists examine the role of mobility in shaping how states are formed and how they behave Focusing on links between power and migration across sub Saharan Africa the book explores how and why states have sought to harness movements towards their own ends

Early Modern Europe, 1450-1789 Merry E. Wiesner-Hanks,2022-08-25 Covering European history from the invention of the printing press to the French Revolution the third edition of this best selling textbook is thoroughly updated with new scholarship and an emphasis on environmental history travel and migration race and cultural blending and the circulation of goods and knowledge Summaries timelines maps illustrations and discussion questions illuminate the narrative and support the student Enhanced online content and sections on sources and methodology give students the tools they need to study early modern European history Leading historian Merry Wiesner Hanks skillfully balances breadth and depth of coverage to create a strong narrative paying particular attention to the global context of European developments She integrates discussion of gender class regional and ethnic differences across the entirety of Europe and its overseas colonies as well as the economic political religious and cultural history of the period

Crossroads of Empire Ned C. Landsman,2022-02-03 This work examines colonial New York New Jersey and Pennsylvania as central to both warfare and the emerging British Atlantic world of culture and trade In this probing history Ned C Landsman demonstrates how the Middle Colonies came to function as a distinct region He argues that while each territory possessed varying social religious and political cultures the collective lands of New York New Jersey and Pennsylvania were unified in their particular history and place in the imperial and Atlantic worlds Landsman shows that the societal cohesiveness of the three colonies originated in the commercial and military rivalries among Native nations and developed further with the competing involvement of the European powers They eventually emerged as the focal point in the contest for dominion over North America In relating this progression Landsman discusses various factors in the region s development including the Enlightenment evangelical religion factional politics

religious and ethnic diversity and distinct systems of Protestant pluralism Ultimately he argues it was within the Middle Colonies that the question was first posed What is the American

The Biographical Turn Hans Renders, Binne de Haan, Jonne Harmsma, 2016-09-13 The Biographical Turn showcases the latest research through which the field of biography is being explored Fifteen leading scholars in the field present the biographical perspective as a scholarly research methodology investigating the consequences of this bottom up approach and illuminating its value for different disciplines While biography has been on the rise in academia since the 1980s this volume highlights the theoretical implications of the biographical turn that is changing the humanities Chapters cover subjects such as gender religion race new media and microhistory presenting biography as a research methodology suited not only for historians but also for explorations in areas including literature studies sociology economics and politics By emphasizing agency the use of primary sources and the critical analysis of context and historiography this book demonstrates how biography can function as a scholarly methodology for a wide range of topics and fields of research International in scope The Biographical Turn emphasizes that the individual can have a lasting impact on the past and that lives that are now forgotten can be as important for the historical narrative as the biographies of kings and presidents It is a valuable resource for all students of biography history and historical theory

Caribbean Exchanges Susan Dwyer Amussen, 2009-03-24 English colonial expansion in the Caribbean was more than a matter of migration and trade It was also a source of social and cultural change within England Finding evidence of cultural exchange between England and the Caribbean as early as the seventeenth century Susan Dwyer Amussen uncovers the learned practice of slaveholding As English colonists in the Caribbean quickly became large scale slaveholders they established new organizations of labor new uses of authority new laws and new modes of violence punishment and repression in order to manage slaves Concentrating on Barbados and Jamaica England's two most important colonies Amussen looks at cultural exports that affected the development of race gender labor and class as categories of legal and social identity in England Concepts of law and punishment in the Caribbean provided a model for expanded definitions of crime in England the organization of sugar factories served as a model for early industrialization and the construction of the white woman in the Caribbean contributed to changing notions of ladyhood in England As Amussen demonstrates the cultural changes necessary for settling the Caribbean became an important though uncouneted colonial export

India in the Indian Ocean World

Rila Mukherjee, 2022-03-03 The book integrates the latest scholarly literature on the entire Indian Ocean region from East Africa to China Issues such as India's history India's changing status in the region and India's cross cultural networking over a long period are explored in this book It is organized in specific themes in thirteen chapters It incorporates a wealth of research on India's strategic significance in the Indian Ocean arena throughout history It enriches the reader's understanding of the emergence of the Indian Ocean basin as a global arena for cross cultural networking and nation building It discusses issues of trade and commerce the circulation of ideas peoples and objects and social and religious

themes focusing on Hinduism Buddhism and Islam The book provides a refreshingly different survey of India s connected history in the Indian Ocean region starting from the archaeological record and ending with the coming of empire The author s unique experience combined with an engaging writing style makes the book highly readable The book contributes to the field of global history and is of great interest to researchers policymakers teachers and students across the fields of political cultural and economic history and strategic studies

The Enslaved and Their Enslavers Edward Pearson,2023-09-19 In *The Enslaved and Their Enslavers* Edward Pearson offers a sweeping history of slavery in South Carolina from British settlement in 1670 to the dawn of the Civil War For enslaved peoples the shape of their daily lives depended primarily on the particular environment in which they lived and worked and Pearson examines three distinctive settings in the province the extensive rice and indigo plantations of the coastal plain the streets workshops and wharves of Charleston and the farms and estates of the upcountry In doing so he provides a fine grained analysis of how enslaved laborers interacted with their enslavers in the workplace and other locations where they encountered one another as plantation agriculture came to dominate the colony *The Enslaved and Their Enslavers* sets this portrait of early South Carolina against broader political events economic developments and social trends that also shaped the development of slavery in the region For example the outbreak of the American Revolution and the subsequent war against the British in the 1770s and early 1780s as well as the French and Haitian revolutions all had a profound impact on the institution s development both in terms of what enslaved people drew from these events and how their enslavers responded to them Throughout South Carolina s long history enslaved people never accepted their enslavement passively and regularly demonstrated their fundamental opposition to the institution by engaging in acts of resistance which ranged from vandalism to arson to escape and on rare occasions organizing collectively against their oppression Their attempts to subvert the institution in which they were held captive not only resulted in slaveowners tightening formal and informal mechanisms of control but also generated new forms of thinking about race and slavery among whites that eventually mutated into pro slavery ideology and the myth of southern exceptionalism

The Last Caribbean Frontier, 1795-1815 K. Candlin,2012-06-28 The Southern Caribbean was the last frontier in the Atlantic world and the most contested region in the Caribbean during the Age of Revolution As well as illuminating this little understood region the book seeks to complicate our understanding of the Caribbean the role of free people of colour and the nature of slavery

Roles of the Sea in Medieval England Richard Gorski,2012 A fresh assessment of seaborne activity around England in the later middle ages offering a fresh perspective on its rich maritime heritage England s relationship with the sea in the later Middle Ages has been unjustly neglected a gap which this volume seeks to fill The physical fact of the kingdom s insularity made the seas around England fundamentally important to its development within the British Isles and in relation to mainland Europe At times they acted as barriers but they also and more often served as highways of exchange transport and communication and it is this aspect which the essays collected here emphasise Mindful that the exploitation of the sea

required specialist technology and personnel and that England's maritime frontiers raised serious issues of jurisdiction security and international diplomacy the chapters explore several key roles performed by the sea during the period c 1200 c 1500 Foremost among them is war the infrastructure logistics politics and personnel of English seaborne expeditions are assessed most notably for the period of the Hundred Years War What emerges from this is a demonstration of the sophisticated but not infallible methods of raising and using ships men and material for war in a period before England possessed a permanent navy The second major facet of England's relationship with the sea was the generation of wealth this is addressed in its own right and as an intrinsic aspect of warfare and piracy RICHARD GORSKI is Philip Nicholas Memorial Lecturer in Maritime History at the University of Hull Contributors Richard Gorski Richard W Unger Susan Rose Craig Lambert David Simpkin Tony K Moore Marcus Pitcaithly Tim Bowly Ian Friel

Spreading Rebellion Bieito Alonso, David M. Struthers, 2025-12-02 Solidarity from the high seas to South American Caribbean and North American ports The Atlantic world in the late nineteenth and early twentieth centuries was a space of contradiction and hope From New York to Havana to Buenos Aires *Spreading Rebellion* documents the activities of migrant laborers from Spain who contributed to the genesis development and consolidation of maritime unionism The rise of steamships in the late nineteenth century brought a massive increase in global transport along with a ballooning international workforce Coexistence onboard through shared working and living conditions contributed to solidarity among seafarers while power exercised through their mobility helped stimulate the process of organizing dockworkers on land Alonso and Struthers focus keenly on how this multilingual and multiracial workforce imbued their movement with an anticapitalist ethos These dynamics animated aggressive campaigns for legislative reforms and fights for workplace control with unions such as the Industrial Workers of the World *Spreading Rebellion* is above all a transnational history that moves away from statist frames of reference

Captain Philip Beaver's African Journal Carol Bolton, Christopher Brown, 2023-09-05 In 1805 naval officer Captain Philip Beaver 1766 1813 published his *African Memoranda Relative to an Attempt to Establish a British Settlement on the Island of Bulama on the Western Coast of Africa in the Year 1792* Beaver's text in this modern scholarly edition provides an absorbing testimony of his efforts to assist British colonisers in establishing their African settlement Despite the colonial ambitions of this project the Bulama Committee members were reformists at heart Their high minded intentions in purchasing the island and settling it were to demonstrate the anti slavery principle that propagation by free natives would bring cultivation and commerce to the region and ultimately introduce civilization among them Beaver's journal tells the extraordinary account of how the colonists ambitions to benefit the African economy and set a precedent of humanitarian labour for the slave owning lobby in Britain led to the extraordinary emigration of 275 men women and children in order to put their humanitarian ideals into practice

Thank you unconditionally much for downloading **Atlantic History Concept And Contours**. Most likely you have knowledge that, people have seen numerous times for their favorite books subsequent to this Atlantic History Concept And Contours, but stop stirring in harmful downloads.

Rather than enjoying a good PDF following a mug of coffee in the afternoon, on the other hand they juggled in the same way as some harmful virus inside their computer. **Atlantic History Concept And Contours** is approachable in our digital library an online admission to it is set as public correspondingly you can download it instantly. Our digital library saves in multiple countries, allowing you to get the most less latency times to download any of our books gone this one. Merely said, the Atlantic History Concept And Contours is universally compatible later any devices to read.

Atlantic History Concept And Contours Introduction

In the digital age, access to information has become easier than ever before. The ability to download Atlantic History Concept And Contours has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Atlantic History Concept And Contours has opened up a world of possibilities. Downloading Atlantic History Concept And Contours provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Atlantic History Concept And Contours has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Atlantic History Concept And Contours. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Atlantic History Concept And Contours. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Atlantic History Concept And Contours, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure

their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Atlantic History Concept And Contours has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Atlantic History Concept And Contours Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Atlantic History Concept And Contours is one of the best book in our library for free trial. We provide copy of Atlantic History Concept And Contours in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Atlantic History Concept And Contours. Where to download Atlantic History Concept And Contours online for free? Are you looking for Atlantic History Concept And Contours PDF? This is definitely going to save you time and cash in something you should think about.
