Germany is a book by Friedrich Engels with contributions by Karl Marx Originally a series of articles in the New York Daily Tribune published from 1851 to 1852 under Marx s byline the material was first published in book form under the editorship of Eleanor Marx Aveling in 1896 **Revolution and Counter Revolution in Germany** Friedrich Engels,2015-03-26 THE first act of the revolutionary drama on the continent of Europe has closed The powers that were before the hurricane of 1848 are again the powers that be and the more or less popular rulers of a day provisional governors triumvirs dictators with their tail of representatives civil commissioners military commissioners prefects judges generals officers and soldiers are thrown upon foreign shores and transported beyond the seas to England or America there to form new governments in partibus

infidelium European committees central committees national committees and to announce their advent with proclamations quite as solemn as those of any less imaginary potentates A more signal defeat than that undergone by the continental revolutionary party or rather parties upon all points of the line of battle cannot be imagined But what of that Has not the struggle of the British middle classes for their social and political supremacy embraced forty eight that of the French middle classes forty years of unexampled struggles And was their triumph ever nearer than at the very moment when restored monarchy thought itself more firmly settled than ever The times of that superstition which attributed revolutions to the ill will of a few agitators have long passed away Everyone knows nowadays that wherever there is a revolutionary convulsion there must be some social want in the background which is prevented by outworn institutions from satisfying itself The want may not yet be felt as strongly as generally as might ensure immediate success but every attempt at forcible repression will only bring it forth stronger and stronger until it bursts its fetters If then we have been beaten we have nothing else to do but to begin again from the beginning
