

DIVINE WORD UNIVERSITY NON SCHOOL LEAVER APPLICATION FORM FOR 2026 STUDIES

A non-refundable fee of K100.00 Administration Fee must accompany this application.

Before submitting your physical application to the Divine Word University (DWU), please make sure:

- that you met the program entry requirements of the program you are applying for
- that you fill out all required sections in this application form
- that you have paid all required fees as part of the application process.

The final selections for Non-School Leaver applicants will be carried out via the National Online Selection System (NOSS), therefore you will be required to apply to your choice of program through the NOAS. The NOAS is administered by the Department of Higher Education, Research, Science and Technology (DHERST).

Below, you will find the data sheet. The information provided in this data sheet will be used by DHERST to create your login credentials on the online system. You will receive an invitation through your nominated personal email as indicated on your data sheet to apply directly through the NOAS. **It is a requirement that the applicant must have completed their formal Grade 12.** For any student who has undergone studies through FODE or Matriculation Centers, must contact the respective centers to ensure their results have been uploaded to NOAS. Applicants must contact the Support Office of NOAS at DHERST to address any issues pertaining to your data and results.

Applicants will only be able to see programs for which the applicant meets the program entry requirement that they are eligible to apply for on NOAS. Spaces for each program are limited. To increase your chance of securing a space in the DWU program for which you apply, ensure that you make it your first choice when completing your online registration.

Dwu 2016 Application Form

John B. Taylor, Harald Uhlig

Dwu 2016 Application Form:

Ensuring Quality in Professional Education Volume II Karen Trimmer, Tara Newman, Fernando F. Padró, 2019-01-11 This book examines quality teaching in professional education in the fields of engineering and international knowledge structures The second of a two volume series the editors and contributors structure the book around case studies which highlight the elements constituting good practice within professional education While there is no one specific route to prepare well qualified professionals this volume explores the decisions the academics responsible for delivering this education make to ensure quality curricula Ultimately the key to effective preparations rests with the value employers place on the focus emphasis and balance between the academic and practical in relation to their own expectations for skills that graduates must have The second volume in this collection will appeal to students and scholars of professional pedagogy and engineering pedagogy more specifically *Race, Gender and Contemporary International Labor Migration Regimes* Leticia Saucedo, Robyn Magalit Rodriguez, 2022-12-13 Migrant workers around the world are subject to exploitative labor practices that give employers extraordinary bargaining power This book brings together researchers practitioners and advocates who explore the many ways that contracted migrant workers are rendered vulnerable in the workplace In this book the term 21st century coolie is deployed as a heuristic device that foregrounds the deeply unequal structures shaping the transnational flows of short term migrant workers The term coolie harkens back to the labor arrangements of earlier centuries that involved conscripted labor indentured servitude and contract labor across national borders Like those of past centuries today s coolies are subject to legal constraints inside and outside the employment relationship that force them into subjugated positions within the workplace **Handbook of Sustainability Science and Research** Walter Leal Filho, 2017-10-03 This multidisciplinary handbook explores concrete case studies which illustrate how sustainability science and research can contribute to the realization of the goals of the 2030 Agenda for Sustainable Development It contains contributions from sustainability researchers from across the world **Protecting the Rights of Women Migrant Domestic Workers** Sophie Henderson, 2022-02-09 Migrant women across Asia disproportionately work in precarious insecure and informal employment sectors that are subject to few regulations pay low wages and expose women to harm of which domestic work is among the most prevalent This book uses the cases of the Philippines and Sri Lanka to develop a comprehensive intersectional rights based approach to better protect women migrant domestic workers against exploitation As accounts of exploitation gender based violence torture and death among migrant domestic workers increase the recognition and defence of their human and labour rights is an urgent necessity The Philippines and Sri Lanka are two of the leading labour sending states of women domestic workers in Asia and their economies have become increasingly dependent on the remittances they send back home Drawing on extensive original research this book argues that these two sending states are guilty of structural violence by sustaining a network of institutions policies and practices which serve to systematically disadvantage

and discriminate against women migrant domestic workers The research covers the entire migration process from pre departure through to overseas employment followed by return and reintegration This book s innovative application of structural violence theory as a way to investigate the role of state institutions in labour sending countries in the Global South will be of interest to researchers from across the fields of migration studies gender studies human rights law and Asian Studies

Curated Stories Sujatha Fernandes,2017-08-10 Storytelling has proliferated today from TED Talks and Humans of New York to a plethora of story coaching agencies and consultants Heartbreaking accounts of poverty mistreatment and struggle may move us deeply But what do they move us to do And what are the stakes in the crafting and use of storytelling In *Curated Stories* Sujatha Fernandes considers the rise of storytelling alongside the broader shift to neoliberal free market economies She argues that stories have been reconfigured to promote entrepreneurial self making and restructured as easily digestible soundbites mobilized toward utilitarian ends Fernandes roams the globe and returns with stories from the Afghan Women s Writing Project the domestic workers movement and the undocumented student Dreamer movement in the United States and the Misi n Cultura project in Venezuela She shows how the conditions under which certain stories are told the tropes through which they are narrated and the ways in which they are responded to may actually disguise the deeper contexts of global inequality *Curated stories* shift the focus away from structural problems and defuse the confrontational politics of social movements Not just a critical examination of the contemporary use of narrative and its wider impact on our collective understanding of pressing social issues *Curated Stories* also explores how storytelling might be reclaimed to allow for the complexity of experience to be expressed in pursuit of transformative social change

Design, Control, and Application of Modular Multilevel Converters for HVDC Transmission Systems Kamran Sharifabadi,Lennart Harnefors,Hans-Peter Nee,Staffan Norrga,Remus Teodorescu,2016-10-17 *Design Control and Application of Modular Multilevel Converters for HVDC Transmission Systems* is a comprehensive guide to semiconductor technologies applicable for MMC design component sizing control modulation and application of the MMC technology for HVDC transmission Separated into three distinct parts the first offers an overview of MMC technology including information on converter component sizing Control and Communication Protection and Fault Management and Generic Modelling and Simulation The second covers the applications of MMC in offshore WPP including planning technical and economic requirements and optimization options fault management dynamic and transient stability Finally the third chapter explores the applications of MMC in HVDC transmission and Multi Terminal configurations including Supergrids Key features Unique coverage of the offshore application and optimization of MMC HVDC schemes for the export of offshore wind energy to the mainland Comprehensive explanation of MMC application in HVDC and MTDC transmission technology Detailed description of MMC components control and modulation different modeling approaches converter dynamics under steady state and fault contingencies including application and housing of MMC in HVDC schemes for onshore and offshore Analysis of DC fault

detection and protection technologies system studies required for the integration of HVDC terminals to offshore wind power plants and commissioning procedures for onshore and offshore HVDC terminals A set of self explanatory simulation models for HVDC test cases is available to download from the companion website This book provides essential reading for graduate students and researchers as well as field engineers and professionals who require an in depth understanding of MMC technology

Foreign Policy: Thinking Outside the Box Amitai Etzioni, 2016-07-01 This collection of essays by renowned scholar Amitai Etzioni aims to provoke reconsiderations of basic assumptions of foreign policy by students academics and practitioners With chapters focusing on the Middle East China and the EU as well as articles with a more global focus the book offers thought provoking and insightful perspectives on international foreign policy which challenge existing academic debate in the field It will be of great interest to students scholars and practitioners of foreign policy and international relations

Partial Differential Equations in Action Sandro Salsa, 2016-10-04 The book is intended as an advanced undergraduate or first year graduate course for students from various disciplines including applied mathematics physics and engineering It has evolved from courses offered on partial differential equations PDEs over the last several years at the Politecnico di Milano These courses had a twofold purpose on the one hand to teach students to appreciate the interplay between theory and modeling in problems arising in the applied sciences and on the other to provide them with a solid theoretical background in numerical methods such as finite elements Accordingly this textbook is divided into two parts The first part chapters 2 to 5 is more elementary in nature and focuses on developing and studying basic problems from the macro areas of diffusion propagation and transport waves and vibrations In turn the second part chapters 6 to 11 concentrates on the development of Hilbert spaces methods for the variational formulation and the analysis of mainly linear boundary and initial boundary value problems The third edition contains a few text and formulas revisions and new exercises

Macroeconomics surveys all major advances in macroeconomic scholarship since the publication of Volume 1 1999 carefully distinguishing between empirical theoretical methodological and policy issues It courageously examines why existing models failed during the financial crisis and also addresses well deserved criticism head on With contributions from the world s chief macroeconomists its reevaluation of macroeconomic scholarship and speculation on its future constitute an investment worth making Serves a double role as a textbook for macroeconomics courses and as a gateway for students to the latest research Acts as a one of a kind resource as no major collections of macroeconomic essays have been published in the last decade

Too Close to Ignore Mark Moran, Jodie Curth-Bibb, 2020-03-31 Less than five kilometres from Australia s most northern islands in the Torres Strait lies the southern coast of Papua New Guinea PNG The people living on the PNG side of the border along the South Fly coast live in abject poverty with a near total absence of services and infrastructure The disparity in income housing and health outcomes when compared with their nearby neighbours and relatives in the Torres Strait Islands is extreme The border is the focus of a range of interventions by the Australian and Queensland governments including border protection quarantine marine resource management and infectious disease control including an alarming outbreak of multi drug resistant tuberculosis Restrictions are increasing on trading fishing and access to Australian services However questions remain as to whether this focus is having unintended consequences increasing the destitution and frustration on the PNG side in turn exacerbating the security threat to Australia And as the Australian border hardens the Indonesian border beckons This book presents the results of three years of research into the unique social and political geography of the borderland The Torres Strait Treaty between Australia and PNG serves to construct a complex institutional layering a tiered economy and a hierarchy of identities between those South Fly villagers who have rights under the Treaty to travel into Australia and those who do not This creates a politics of expectation and frustration that permeates everyday life along the South Fly coast through which development projects must navigate

The Routledge Handbook of the Gig Economy

Immanuel Ness, 2022-10-31 Research on the growth of the precarious economy is of significant interest as the economy increasingly becomes dependent on gig work However as platform and automated service work has grown there remains a chasm in understanding the key aspects of digital labour This handbook presents comprehensive theoretical empirical and historical accounts of the political economy of informal work from the late 20th century to the present It examines the rich and varied analysis and critique of the informalisation of work focusing on its most significant theories intellectual traditions and authors It highlights the political social cultural and developmental impact of the deterioration of employment in the Global North and Global South as well as the extreme threat posed to the planet by the growth of contingent work poverty and enduring and increasing inequalities produced and reproduced by the reformation of capitalism in the contemporary age of neoliberal capitalism The period from the 1980s to the present is marked by the expanded extraction of surplus value from workers through the creation of non standard jobs and the restructuring of work A central component of the restructuring of

work is the extension of gig employment through the development of algorithmic platforms which direct labourers to perform discrete tasks This is a definitive collection representing the primary reference work contributing to our understanding of the subject The book is written and presented in a clear manner accessible to scholars and researchers of international political economy labour economics and sociology who are eager for new research examining this phenomenon as well as specialists in the field of labour relations Chapter 11 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license Funded by the University of Amsterdam

Historical Dictionary of U.S. Latino Literature Francisco A. Lomelí, Donaldo W. Urioste, María Joaquina Villaseñor, 2016-12-27 U.S. Latino Literature is defined as Latino literature within the United States that embraces the heterogeneous inter groupings of Latinos For too long U.S. Latino literature has not been thought of as an integral part of the overall shared American literary landscape but that is slowly changing This dictionary aims to rectify some of those misconceptions by proving that Latinos do fundamentally express American issues concerns and perspectives with a flair in linguistic cadences familial themes distinct world views and cross cultural voices The Historical Dictionary of U.S. Latino Literature contains a chronology an introduction and an extensive bibliography The dictionary section has cross referenced entries on U.S. Latino authors and terms relevant to the nature of U.S. Latino literature in order to illustrate and corroborate its foundational bearings within the overall American literary experience This book is an excellent access point for students researchers and anyone wanting to know more about this subject
