Deacon, 2020-01-17 From silents of the early American motion picture era through 21st century films this book offers a decade by decade examination of portrayals of women in the military The full range of genres is explored along with films created by today's military women about their experiences Laws regarding women in the service are analyzed along with discussion of the challenges they have faced in the push for full participation and of the changing societal attitudes through the years The Code James Loughrey; Patrick Fosnacht, 2012-04-03 The Code is a personal memoir about change of heart The setting and the events described herein took place in Vietnam in 1968 and 1969 The initial fear associated with exposure to enemy fire and the resulting injuries and death of fellow soldiers gives way to an acceptance or numbness of the psyche of the survivor In any war the soldier's need to operate at a high level and to do his or her job often required the trading off of what we know to be reasonable We changed to survive When the war was over for some the road back to humanness was hard to find As children we learn how to love and to be loved back We never had to practice the skill of loving It came naturally The Code is about how no matter how long it takes those basic skills are always within our reach with the help of Faith Family and Friends **Scouting**, 2007-09 Published by the Boy Scouts of America for all BSA
