100 Top Picks for Homeschool Curriculum Cathy Duffy, 2005 A critical volume for the homeschooling community that helps parents make informed choices regarding learning styles and curriculum

Re-living the American Frontier Nancy Reagan, 2021-12-01 The historic and mythic elements of the American Old West covered wagon trains herds of buffalo teepee villages Indigenous warriors on horseback cowboys on open ranges and white settlers taming a wilderness with their plows and log cabins have exerted a global fascination for more than 200 years and became the foundation for fan communities who have endured for generations This book examines some of those communities particularly German fans inspired by the authors of Westerns such as Karl May and American enthusiasts of Laura Ingalls Wilder's Little House on the Prairie series But the Old West like all visions of the past proved to be shifting cultural terrain In both Germany and the U S Western narratives of white settlement were once seen as apolitical and were widely accepted by white people But during the Nazi period in Germany and in East Germany after 1945 the American West was reevaluated and politically repurposed Then during the late twentieth century understandings of the West changed in the U S as well while the violence of white settler colonialism and the displacement of Indigenous peoples became a flashpoint in the culture wars between right and left Reagan shows that the past that fans seek to recreate is shaped by the changing present as each new generation adapts and relives their own West

How to Teach American Literature Elizabeth McCallum Marlow, 2017-09 How does one keep classic books alive for young people today and teach them that literature is instructional and delightful How does the teacher foster a classroom environment that encourages student participation and promotes enjoyment so that teenagers learn to appreciate literary study More specifically how can teachers cover centuries of American literature with students who don't appreciate why they should read material written centuries ago about people and issues that appear to be irrelevant to life today in a language that seems esoteric The author of this series of high school teaching guides addresses these issues

How to Teach American Literature A Practical Teaching Guide provides a detailed resource for teachers or anyone interested in an in depth study of the subject This second book in the series covers American literature from the Puritan era to contemporary works Included are suggestions for cultivating a love for literature teaching techniques detailed analyses of each work questions for review and test questions with suggested responses essay topics audiovisual aids classroom handouts and recommended books that enhance teaching The author emphasizes two basic reasons for teaching literature it is instructional and delightful This book provides a comprehensive methodology for teaching the subject that a teacher could apply to one year's lesson plans without further investment in time Elizabeth McCallum Marlow has developed quality comprehensive guides for the teaching community based on her thirty five years of experience and her passion for literature Teaching professionals will find her tried and true practices to be invaluable
