Embodied Performance Sarah Agnew, 2020-09-22 Embodied Performance presents a methodology by which performer interpreters can bring their intuitive interpretations to the scholarly conversations about biblical compositions It may not be comfortable for scholarship is out of practice in listening to emotion and intuition It may not be the only way to bring the fullness of human meaning making into scholarly discussions It is a beginning as Sarah Agnew storyteller and scholar places herself as the subject and object under examination observing her practice as a biblical storyteller making meaning through embodied performance and develops a coherent method rigorously tested with an Embodied Performance Analysis of Romans Follow Sarah s story as she searches within Biblical Performance Criticism for such a method before determining the need to strike out in a new direction from within an already innovative field All biblical scholars are complex human beings making meaning through their embodiment their emotions their embeddedness in community Embodied Performance Analysis offers a way to attend to and incorporate the full range of human meaning making in our engagement with biblical compositions for richer discussion closer to the intent of the compositions themselves

First-Century Gospel Storytellers and Audiences Thomas E. Boomershine, 2022-07-29 These essays explore the reconception of the Gospels as first century compositions of sound performed for audiences by storytellers rather than the anachronistic picture of a series of texts read by individual readers The new paradigm implicit in these initial experiments is based on the recent realization that the majority of persons 85 to 95 percent were illiterate and experienced the Jesus stories as members of audiences Either from memory or from memorized manuscripts the evangelists performed the Gospels as an evening s entertainment of two to four hours The audiences were predominantly addressed as Hellenistic Judeans who lived in the aftermath of the Roman Jewish war When heard whole the Gospels were vivid experiences of the central character of Jesus These studies of audience address and the interactions between first century storytellers and audiences reveal a dynamic performance literature that functioned as scripts for an ever expanding network of storytelling proclamations whose envisioned horizon was the whole world When the Gospels were told at one time from beginning to end

they invited the listeners to move from being peripherally interested or initially opposed to Jesus to identifying themselves as disciples of Jesus and believers in him as the Messiah *The Restoration of Messianic Hope* Brian Main, 2025-06-25 The New Testament portrays the apostles as placing great emphasis on Jesus resurrection in their preaching and teaching This emphasis is often lacking however in contemporary preaching and teaching If Jesus resurrection is to regain the centrality it held in the apostolic age its significance must be understood In this study Brian Main attempts to understand the significance of Jesus resurrection in the Gospel of Matthew Since Jesus resurrection is the proper conclusion of the story in Matthew it is necessary to understand what the story is that it concludes By analyzing the characters settings plot and point of view in Matthew 1 1 4 11 as well as those in the resurrection narrative 28 1 20 Main and his readers come to grasp the expectations that Matthew's audience develops as that story unfolds As readers understand those expectations they will gain a better appreciation of what was at stake when Jesus experienced opposition and therefore of what was restored and guaranteed by his resurrection **Gospel Interpretation and the Q-Hypothesis** Mogens Müller, Heike Omerzu, 2019-10-31 The Q Hypothesis has functioned as a mainstay of study of the synoptic gospels for many years Increasingly it comes under fire In this volume leading proponents of Q as well as of the case against Q offer the latest arguments based on the latest research into this literary conundrum The contributors to the volume include John Kloppenborg Christopher Tuckett Clare Rothschild Mark Goodacre and Francis Watson The Q Hypothesis is examined in depth and the discussion moves back and forth over Q's strengths and weaknesses As such the volume sheds light on how the gospels were composed and how we can view them in their final literary forms *Pedagogy of the Bible* Dale B. Martin, 2008-01-01 For generations most seminary teaching of the Bible has focused on the historical critical method While this method has been the standard in almost every seminary curriculum the effects of this approach to Scripture have hardly been examined From examining the biblical studies courses at ten different seminaries and divinity schools Dale Martin learned what faculties were doing and what students were hearing This book presents his discoveries offering the best ever inside look at the teaching of the Bible for ministry Going beyond mere description Martin argues for a new emphasis on interpreting Scripture within the context of church history and theology Such a reading would be more theological more integrated into the whole theological curriculum and more theoretical as it would focus on what's at stake in interpretation however Martin surprisingly argues it would be more practical at the same time **Der früheste Evangelist** Eve-Marie Becker, 2017-07-03 In der vorliegenden Aufsatzsammlung arbeitet Eve Marie Becker die Sicht auf Markus als den frühesten Evangelisten aus der mit seiner Evangelienerzählung eine neue literarische Form schafft die sich in den weiteren Rahmen der frühkaiserzeitlichen Historiographie einzeichnen lässt So dient der in diesem Band gewählte Zugang zum frühesten Evangelium erstens der Kontextualisierung und allgemeinen literatur und gattungsgeschichtlichen Einordnung der Evangelienform in die frühkaiserzeitliche hellenistisch-romische Literatur Zweitens bearbeitet die Autorin in den vorliegenden Aufsätzen die Literatur wie geschichtswissenschaftlich

Gospel Love John J. Navone, 1984 I have chosen to write a narrative theology because I am convinced that all human stories are implicitly meant to communicate loving interpersonal and social relationships that ultimately are embraced by the value and mystery of a loving God The story of God's unconditional love for us in Jesus Christ is the Christian community's norm for judging the authenticity of our own life and loves It is the Good News of the Love that transcends every human love given to us The four Gospels are four faces of God's love in Jesus Christ manifested as costly Mark fraternal Matthew universally compassionate Luke and inhabiting John Introduction pages 16 17

African Christian Theologies and the Impact of the Reformation Heinrich Bedford-Strohm, Tharcisse Gatwa, Traugott Jähnichen, Elisée Musemakweli, 2017 One of the strongest heritages of the Reformation for Christianity was to return to the central role given to the Bible translated in local dialects Christianity expanded thanks to the translation of the Bible in vernacular languages worldwide Most importantly the people who had been victims of prejudices of race supremacy could now have access to God in their own language culture and idioms without intermediaries It is largely thanks to Bible translations that the majority of those churches in Africa born of European mission activities continued to develop positively after the end of the colonial age and that independent African churches emerged

Character Theology Tom Steffen, Ray Neu, 2024-02-21 Character Theology provides a natural universal way for the

world to engage God through his chosen cast of characters As the media eras continue to change oral to print to digital virtual too many Bible scholars and consequently pastors and Bible teachers in the West and beyond lack capability to effectively communicate Scripture to Millennials Gen Z and Gen Alpha These generations find little if any relevance in the Christianity promoted by those stuck in modernity's sticky abstract systematic theology Character Theology relates sticks and transforms these generations Why Because people grasp and engage God most naturally and precisely through his interaction with biblical characters and their interaction with each other Characters communicate the Creator's characteristics The roadmap to the recovery and expansion of Christianity in the twenty first century will be through Bible characters

Aural Design and Coherence in the Prologue of First John Jeffrey E. Brickle, 2012-02-16 Unlike literature in the modern western world ancient documents were typically crafted for the ear rather than the eye Jeffrey E Brickle analyses the oral patterning and resulting soundscape reflected in the prologue of First John After discussing contemporary techniques of sound analysis and establishing the study's methodological approach Brickle examines the prologue's aural profile To do this he explores describes and graphically depicts the patterns of sound that emerge Brickle then uses approaches to Greek pronunciation and orality advocated in recent New Testament research to determine the impact on the prologue's soundscape He employs the principles for beautiful and effective composition elucidated by Dionysius of Halicarnassus in his treatise On literary composition The results and implications of this study enable Brickle to suggest further ways to apply research in orality performance and memory to ancient texts From publisher description

Virtual Theology, Faith and Adult Education Ros Stuart-Buttle, 2013-07-29 Online learning is a key feature of the contemporary educational landscape and has entered mainstream policy provision and practice But if online education is to reach mature development and evaluation it must be open to critical appraisal This book considers the implementation of online learning within adult theological education This can be an area of challenge or contention especially when established academic practices and cherished values are seen as threatened when handed over to online delivery This opens questions about theology pedagogy and online education Does online teaching and learning bring or demand a new or transformed disruptive pedagogy or does it result in maintenance or replication sustaining of traditional values and existing practices What might the opportunities and benefits be Who stands to gain Who stands to lose And what evidence is there to evaluate the quality of doing theology online This book examines a long standing programme of continuing professional development delivered fully online to adult practitioners working across Christian education and ministry settings It builds upon the author's international experience as an online educator for over a decade Key themes relate adult learning to theological pedagogy authority and online community The concept of interruptive pedagogy is presented as an interpretative model to critically appraise an approach to online education that draws on the best theological tradition yet also looks to the future

The Return of Oral Hermeneutics Tom Steffen, William Bjoraker, 2020-05-01 Have Western exegetes turned an Eastern book into a

Western one Has our fondness for a fixed printed text capable of being analyzed with precision and exactitude blinded us to other hermeneutic possibilities Does God require all people to be able to analyze grammar to interpret Scripture Does God assume all people can interpret Scripture through oral means The authors recognize the effects of centuries of literacy socialization that produced a blind spot in the Western Christian world the neglect by most in the academies agencies and assemblies of the foundational and forceful role orality had on the biblical text and teaching From the inspired spoken word of the prophets including Jesus pre text to the elite literate scribes who painstakingly hand printed the sacred text to post text interpretation and teaching the footprint of orality throughout the entire process is acutely visible to those having the oral aural influenced eyes of the Mediterranean ancients Could oral hermeneutics be the mother of relational theology
