Body Language Secrets George Pain,2017-06-18 Do you ever wonder what other people are thinking Do you wish you
could figure out what s going on inside someone else s head Then Read Below Since ancient times we have used our body
language to communicate conveying our emotions and thoughts to those around us Each person out there has a different
body language encompassing not only facial expressions but also body postures and gestures Even eye movement is
considered as part of the non verbal communication being closely followed by touch and using one s personal space 80% of
human communication is actually non verbal Some experts argue it may even be more Body language is considered an
integral element of non verbal communication being used consciously or unconsciously to interact with other people It is
often said that body language will serve to complement verbal communication Through our gestures postures and
expressions we are actually transmitting a lot of information about ourselves to the interlocutor It is clear that the body
language can make the difference between a successful interaction and one that is doomed to fail from the start Basically the
information transmitted through non verbal means will ensure proper interaction between two or more people However due
to cultural differences and other influencing factors it is important to state that body language can sometimes lead to
confusion or a state of ambiguity One has to be able to use his her body language to his her own advantage working at the
same time to decipher the non verbal information transmitted by the other person with utmost accuracy In the end by
mastering the art of non verbal communication you will have more successful interactions with other people reducing the risk
of misunderstandings confusion and social awkwardness Here s What s Included In This Book Best practises for Body
