Kuccps Latest News:

Issues of Governance, Security, and Development in Contemporary Africa Mohamed Saliou Camara, Alem Hailu, Sabella O. Abidde, 2023-12-15 Governance security and development are three critical components of a dialectical nexus that is both dominant and determinant for any objective and fruitful quest for the understanding of the trajectory of a country a region or in the case of Africa a continent from a colonial past to a neocolonial and meta colonial present and toward a future of strategic optimal independence and self reliance That colonial past and the ensuing neocolonial and meta colonial present have made these critical components and the dialectical nexus that they form particularly challenging for the African continent For this reason Issues of Governance Security and Development in Contemporary Africa offers an in depth interdisciplinary analysis of the challenges that contemporary Africa faces within these critical areas as well as the resources and prospects that the continent possesses and can leverage to overcome the said challenges Using case studies involving a range of countries across the continent Mohamed Saliou Camara Alem Hailu and Sabella O Abidde argue that Africa needs to decolonize the terms of reference that guide its nation building statecraft and national development agenda in ways that will facilitate the establishment of viable systems of governance and security and the promotion of genuine development

Research in Chemistry Education Liliana Mammìno, Jan Apotheker, 2021-05-17 This volume emphasizes the role of chemical education for development and in particular for sustainable development in Africa by sharing experiences among specialists across the African continent and with specialists from other continents It considers all areas and levels of chemistry education gives specific attention to known major challenges and encourages explorations of novel approaches The chapters in this book describe new teaching approaches approach explorations and in class activities analyse educational challenges and possible ways of addressing them and explore cross discipline possibilities and their potential benefits for chemistry education This makes the volume an up to date compendium for chemistry educators and educational researchers worldwide

Communication Rights in Africa Tendai Chari, Ufuoma Akpojivi, 2023-09-01 This ground breaking volume examines enduring and emerging discourses around communication rights in Africa arguing that they should be considered an integral component of the human rights discourse in Africa Drawing on a broad range of case studies across the continent the volume considers what constitutes communication rights in Africa who should protect them against whom and how communication rights relate to broader human rights While the case studies highlight the variation in communicative rights experiences between countries they also coalesce around common tropes and practices for the implementation and expression of communication rights Deploying a variety of innovative theoretical and methodological approaches the chapters scrutinise different facets of communication rights in the context of both offline and digital communication realities The contributions provide illuminating accounts on language rights digital exclusion digital activism citizen journalism media regulation and censorship protection of intellectual property rights politics of mobile data and politicisation of social media

This is the first collection to consider communication in Africa using a rights based lens The book will appeal to researchers academics communication activists and media practitioners at all levels in the fields of media studies journalism human rights political science public policy as well as general readers who are keen to know about the status of communication rights in Africa Advancing Africa's Sustainable Development Alain L. Fymat,2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa
