Russia's Islamic Threat Gordon M. Hahn, 2007-01-01 Why contemporary Russia is a dangerous seedbed for radicalized Islam and what we should be doing about it The notion that the Chechen led jihad in the North Caucasus is an indigenous affair far removed from the global Islamist jihad is perhaps comforting to Americans and other Westerners but it is a myth Moreover the North Caucasus jihad may be the harbinger of a much larger Muslim challenge to Russia's political stability and state integrity So concludes Gordon M Hahn in this meticulously researched analysis of Russia's emerging Islamic threat Hahn draws an explicit picture of an already sophisticated and effective Chechen jihadist network that is expanding the territorial scope of its operations with inspiration and some assistance from the global jihadist movement Given its proximity to large stockpiles of diverse weapons the expanding population of Russian based Islamist terrorists is particular cause for alarm the author warns The book lifts the veil on the Muslim challenge to Russia's political stability national security and state integrity as well as the potentially grave threat to international and U S security Hahn shows that many of the demographic historical socioeconomic political and religious factors sparking jihadi revolution in Muslim countries are extant in Russia and are driving revolutionary Islamist terrorism there In a penetrating conclusion to the book the author analyzes the policies that have fueled the rise of militant Islam and offers a series of important recommendations for policymakers
