After Normal One Teens Journey Following Her Brothers Death:

After Normal Diane Aggen, 2014-11-21 After Normal is one teen's journey through grief after the death of her younger brother Unique in the field of death and dying literature it offers helpful insights and understanding for teens facing a similar loss or for those who might wish to understand and help teens facing a similar loss No easy answers No pious platitudes Just a truthful insider's view of the journey from darkness to light black and white to color despair to hope again **In the Shadow of Death** Elizabeth Beck, Sarah Britto, Arlene Andrews, 2007-02-08 The press called Martin's actions a crime spree Already convicted of armed robbery Martin was facing the death penalty In less than two weeks the jury would decide his fate Terrified that his son would be sentenced to die Phillip did the only thing he felt he could do in an act of faith and desperation in his garage with the car exhaust running Phillip made the consummate sacrifice to spare his son the ultimate punishment Ironically his suicide presented Martin's with another chance at life the jury moved by Martin's loss spared his life Phillip's story like those of the other parents siblings children and cousins chronicled in this book vividly illustrates the precarious position family members of capital offenders occupy in the criminal justice system At once outsiders and victims they live in the shadow of death crushed by trauma grief and helplessness In this penetrating account of guilt and innocence shame and triumph devastating loss and ultimate redemption the voices of these family members add a new dimension to debates about capital punishment and how communities can prevent and address crime Restorative justice theory which views violent crime as an extreme violation of relationships searches for ways to hold offenders accountable and meets the needs of victims and communities torn apart by the crime organizes these narratives and integrates offenders families into the process of transforming conflict and promoting justice and healing for all What emerges from hundreds of hours worth of in depth interviews with family members of offenders and victims legal teams and leaders in the abolition and restorative justice movements is a vision of justice strongly rooted in the social fabric of communities Showing that forgiveness and recovery are possible in the wake of even the most heinous crimes while holding victims stories sacred this eye opening book bridges the pain of living in the shadow of death with the possibility of a reparative form of justice Anyone working with victims offenders and their families from lawyers and social workers to mediators and activists will find this riveting work indispensable to their efforts
