Against The Death Penalty Christian And Secular Arguments Against Capital Punishment:

Capital Punishment Evan J. Mandery, 2005 An innovative comprehensive overview of capital punishment This book offers an objective policy oriented examination of the death penalty as practiced in the United States Against the Death Penalty Gardner C. Hanks, 1997 Drawing on Old and New Testament resources as well as secular arguments Gardner C Hanks shows that the death penalty harms rather than helps any quest for a just humane society He demonstrates through research data that the death penalty is an ineffective crime fighting tool *Capital Punishment in America* Evan Mandery, 2011-02-28 This revised and updated second edition is an overview of capital punishment It offers an examination of the death penalty supported by statistics and Supreme Court cases and followed by pro and con discussions The book addresses every major issue relating to the death penalty including deterrence racial impact arbitrariness its use on special populations and methods of execution This text challenges students to evaluate their beliefs and assumptions on each of the various issues surrounding this controversial subject Each chapter begins with a primer of the issue to be discussed followed by the data and critical documents necessary to make an educated assessment and concludes with essays that offer differing viewpoints by some of the best minds in the country New material added to the second edition includes updated data on deterrence new data and articles on brutalization and cost new cases and articles on the death penalty for juveniles new case and articles on the death penalty for raping a child and a new chapter on methods of execution *Capital Punishment* C. Cliff, 2003 The issue of capital punishment is a continually debated issue because it calls into question the values and direction of society How is a civilisation supposed to handle lawbreakers Are some crimes so heinous and some people so dangerous that the death penalty is the only appropriate response The United States Constitution prohibits cruel and unusual punishment but opinions on whether that includes capital punishment are vehement on both sides Many states have some form of death penalty and public opinion seems to indicate support of it in principle However many firestorms have erupted recently over the application of the penalty including the topics of its use on minors and those with mental disabilities There are also questions raised about how much of a factor race plays in a capital sentence Internationally several countries have foresworn the death penalty with certain countries in Europe and the Americas refusing to extradite criminal suspects including suspected terrorists to the US if capital punishment is a possible sentence With such politically flammable and ethically challenging issues hanging over it capital punishment is a vitally important issue to understand To help facilitate that study this book assembles a carefully selected and substantial listing of literature focussing on the death penalty Anyone researching this area of criminal justice will find this book an important tool as it offers easy access to the most relevant works about capital punishment Following the bibliography further access is provided with author title and subject indexes

The Biblical Truth about America's Death Penalty Dale S. Recinella, 2015-12-01 While secular support for capital punishment in America seems to be waning religious conservatives particularly in the Bible belt remain staunch advocates of

the death penalty citing biblical law and practice to defend government sanctioned killing Dale S Recinella compares biblical teaching about the death penalty including such passages as eye for eye tooth for tooth life for life with the nation s current system of capital punishment and offers persuasive arguments for a faith based moratorium on and eventual abolition of executions Framing his careful and incisive analysis as a legal brief to those who believe the Bible mandates the ultimate punishment the author addresses two critical areas of inquiry what do the scriptures tell us about who is deserving of death and who has the authority to kill and what do they tell us about the required standards for execution and the plight of victims families Recinella s examination of the Hebrew Torah or Christian Pentateuch and the Talmud reveals that the biblical death penalty was not a simple system of swift retribution but a complex and practical set of laws that guided capital courts established under the Sanhedrin His scrutiny of these texts the Christian doctrine of atonement and Romans 13 in the Pauline Epistles draws parallels between the traditional biblical arguments used in favor of capital punishment and those used as the basis for pro slavery positions in the nineteenth century Demonstrating that both approaches are unsubstantiated in biblical terms Recinella debunks the accepted religious reasoning for support of the death penalty and shows instead that the Bible s strict conditions for sanctioning execution are at odds with the arbitrary ways in which capital punishment is administered in the United States He provides convincing evidence that a sentence of death in today s criminal justice system in fact fails to meet both the Bible s exacting procedural requirements and its strict limitations on judicial authority By providing actual scriptural language and foundation to counter the position that biblical truth justifies a pro death penalty stance this thoughtful solidly researched and well reasoned work will give pause to religious fundamentalists and challenge them to rethink their strongly held views on capital punishment

Capital Punishment Peter Hodgkinson, William A.

Schabas, 2004-02-05 What are the critical factors that determine whether a country replaces retains or restores the death penalty Why do some countries maintain the death penalty in theory but in reality rarely invoke it By asking these questions the editors hope to isolate the core issues that influence the formulation of legislation so that they can be incorporated into strategies for advising governments considering changes to their policy on capital punishment They also seek to redress the imbalance in research which tends to focus almost exclusively on the experience of the USA by covering a range of countries such as South Korea Lithuania Japan and the British Caribbean Commonwealth This valuable contribution to the debates around capital punishment contains contributions from leading academics campaigners and legal practitioners and will be an important resource for students academics NGOs policy makers lawyers and jurists

Dialogues on the Ethics of Capital Punishment Dale

Jacquette,2009-02-04 One in the series New Dialogues in Philosophy edited by the author himself Dale Jacquette presents a fictional dialogue over a three day period on the ethical complexities of capital punishment Jacquette moves his readers from outlining basic issues in matters of life and death to questions of justice and compassion with a concluding dialogue on the conditional and unconditional right to life Jacquette s characters talk plainly and thoughtfully about the death penalty and readers are left to determine for themselves how best to think about the morality of putting people to death Animal

Sacrifice and the Death Penalty Giosuè Ghisalberti,2021-12-03 The slaughter of animals as a religious ritual and the execution of human beings as a judicial one was an interrelated phenomenon in the ancient world Writings from different traditions had to be interpreted in relation to each other for the connection between two sacred rituals to be made The history of the death penalty within the textual traditions of Judaism and ancient Greece could be traced to specific commandments beginning in Genesis and in laws specified as early as in Hesiod s Theogony in each case however with far from unambiguous conclusions despite their divine origins in YHWH or Zeus An ever present uncertainty in the nature of the death penalty pervades the writings of the Bible from Genesis to the Gospels of Jesus as well as in the mytho poetic world of Hesiod the tragedy of Aeschylus and Socratic philosophy as represented in Plato s dialogues Scholarship has not considered the importance of these two interrelated traditions insofar as both expose the specific characteristics of violence and killing within the institutions of religion and the law The creation of religious rituals and the acts of the law are inseparable and essential to the authority of the politico religious state Animal sacrifice and the death penalty serve as the pillars of social legitimacy in the ancient world *Mexicans on Death Row* Ricardo Ampudia,2010-11-30 They stole 15 years of my life A

native of Monterrey Mexico Ricardo Aldape Guerra was sentenced to death in 1982 for the first degree murder of a Houston Police Officer that took place three months earlier He spent 15 years in a maximum security prison in Huntsville Texas before his death sentence was overturned and he was set free Ricardo Ampudia former Consul General of Mexico in Houston Texas explores the history and ethics of the death penalty in this fascinating look at its impact on Mexicans sentenced to death in the United States A fervent opponent of capital punishment Ampudia came to his beliefs because of his involvement in defending Aldape The author offers a brief introduction about the death penalty both in the U S and around the world and notes that in 2001 90% of all known executions occurred in China Iran Saudi Arabia and the United States Most of the countries that apply the death penalty have dictatorial regimes or repressive governments with the U S being the notable exception Subsequent chapters focus on the phenomenon of the death penalty in the U S and the work done by the Mexican government to protect its citizens abroad The final chapters focus on the Ricardo Aldape Guerra case In this section written by Scott Atlas the attorney who handled his defense and Michael Mucchetti both from the Vinson Elkins law firm it s revealed that the reopened investigation of the crime uncovered evidence that the jury never heard when Aldape was convicted And in

fact a shocking pattern of police and prosecutorial intimidation misconduct and abuse came to light Originally published in Mexico as *Mexicanos al grito de muerte* this absorbing account of the history use and flaws of the death penalty is a must read for anyone interested in the criminal justice system in the United States

Worship and Sin

Karel Kurst-Swanger, 2008 Worship and Sin Religion Related Crime in the United States raises provocative questions about the role of religion in crime and criminal behavior Arguing that religion related crime should be classified as a distinct subset of crime worthy of continued investigation by scholars this book brings together for the first time the disparate scholarly research related to various types of religion related crime presents numerous examples and considers the practical and legal issues facing practitioners of various disciplines This ground breaking work takes great care to present a comprehensive overview of the phenomenon and illustrates the complex and multidimensional nature of this crime category A three pronged typology is presented as a conceptual framework to distinguish the unique features of different types of religion related crime and to highlight the dynamic historical psychological social and cultural forces involved in each The author opens the text with several introductory chapters which serve to define religion related crime explore the role of religion in society and to provide an overview of legal and policy issues The remaining chapters provide detailed examples of three different types of religion related crime theologically based crimes which are those which are a result of a particular religious custom practice or belief while reactive defensive crimes are those which come about more as a result of social or political tensions between the religious member or group and the broader secular community The third type of religion related crime identified is the abuse of religious authority This category explores crimes committed by clergy who have taken advantage of their social political and religious status To further broaden an understanding of religion related crime the author provides chapters which explore crimes against women and children the use of illicit drugs in religious practice or to reach desired states of spiritual awareness the nature and function of destructive religious groups violence against reproductive health providers hate crime and crimes committed by clergy
