Enemy Is My Guest J. Massynbaerde Ford, 2010-04-01 This is a very readable and clear exposition of Luke s presentation

of Jesus as an advocate of nonviolence It rests on a profound knowledge of the political background in the first century and also of modern Lucan scholarship One does not need to agree with all of the author's suggestions in order to accept her basic thesis that Luke's Jesus exemplifies his own insistence on loving and forgiving one's enemies I Howard Marshall Emeritus Professor of New Testament Exegesis University of Aberdeen Scotland For Professor Josephine Massyn-gbaerde Ford authoress of a learned and challenging commentary on Revelation Luke is the preacher of philoechthology highlighting far more than his predecessors Jesus's love of the enemy She marshals impressive and interesting evidence from comparison with the other Synoptics from contemporary Jewish texts orthodox and sectarian and from the general conditions of that turbulent period The work is full of original valuable ideas such as the relevance for this Gospel's overriding purpose of a sharp contrast between the Infancy narratives reflecting traditional revolutionary expectations and the actual message of Jesus Her analysis of the evangelist's redactional activity is circumspect sensitive and rich in new insights Not the least by product of her thesis is convincing fresh illustration of Luke's stature as a social political and historical thinker and as a subtle accomplished writer not to mention his humanity This is an excellent lively and timely book David Daube University of California Berkeley Ford invitingly presents Luke's pacifist portrait of Jesus against a predominant militant background of Israel's messianic hopes Her extensive citations from BCE first century Jewish literature and her scholarly study of Luke's Gospel make this a seminal contribution Her work breaks new ground pointing toward fresh emphases in both historical Jesus and Lucan redactional studies In a special way her book speaks to both biblical scholars and lay Christians ready to say no to the mushroom cloud in the name of Jesus the messianic king Willard M Swartley Professor Emeritus of New Testament Associated Mennonite Biblical Seminaries Elkhart Indiana Placed as I am within sight of Bethlehem to the South and Jerusalem to the North I look out upon a society where the stark choice is between killing enemies or loving them Professor Ford's fascinating study of the Lucan Jesus provides a convincing motive for choosing the latter nonviolence forgiveness and acceptance of our enemies into covenant community Donald Nichol former Rector of the Ecumenical Institute Tantar

Through My Enemy's Eyes Salim J Munayer, Lisa Loden, 2014-02-01 This book addresses the universal theological dimension of reconciliation in the context of the Israeli Messianic Jewish and Palestinian Christian divide Palestinian Christians and Israeli Messianic Jews share a belief in Jesus as the son of God and Messiah Often though that is all they have in common This remarkable book written in collaboration by a local Palestinian Christian and an Israeli Messianic Jew seeks to bridge this gap by addressing head on divisive theological issues as well as their political implications such as land covenant prophecy and eschatology which separate their two communities The struggle for reconciliation is painful and often extremely difficult for all of us This unique work seeks to show a way forward COMMENDATIONS In a world that wants to see only one side of every conflict and this one especially where people believe only their own propaganda and where many Christians inhabit hard shells of theological political and apocalyptic certainties this book is a bravely different voice Rather

it is two voices talking carefully honestly graciously respectfully and truthfully to each other as sisters and brothers in the Messiah should This is a unique conversation in which each partner Messianic Jewish Israeli and Palestinian Christian gives full expression to all that they are and think and feel about themselves and the conflict in their land We are treated to some stretching theological debate and some honest self criticism But above all we come to share the hope and courage that shines through the pain and struggle Christopher J H Wright International Ministries Director Langham Partnership UK The Palestinian Israeli divide may be the most intractable conflict of our time With great courage honestly facing the turbulent political historical and theological landscape which authentic reconciliation must engage Munayer and Loden open up fresh space Given the divides between their communities this book is a remarkable achievement a cry of hope from the land where Jesus walked Chris Rice Director of the Center for Reconciliation Duke Divinity School USA *Enemy of My Enemy* T. Clement Robison, 2012-09 Facing a military court martial for the murder of a Vietnamese soldier Army Sergeant John L Coletrane is offered a plea bargain if he agrees to return to South Vietnam for one final combat mission The agreement would save him from the gallows but the near suicidal mission could cost him his life Suppressing his prejudices he is ordered to team up with another Vietnamese soldier and required to use all his jungle knowledge and skills to defy the odds reach the objective and complete the mission after discovering a secret that forces a soldier to make one of the most difficult decisions of his life This is a bold story of courage loyalty and honor *A Dictionary of Proverbs* Jennifer Speake, 2008-10-23 This unique and authoritative dictionary contains over 1 100 of the most widely used proverbs in English and uses research from the Oxford English Corpus the world's largest language databank This edition has been revised and fully updated and includes numerous entirely new entries It also features expanded coverage of foreign language proverbs currently in use in English With an emphasis on examples of usage including the earliest written evidence of its use this A Z guide provides a thorough and fascinating history for every entry Arranged in A Z format and with a useful thematic index *A Dictionary of Proverbs* is ideal for browsing and perfectly suited for quick reference Look up your old favourites learn punchy new expressions to get your point across and find the answer to that crossword clue Seeing is believing find proverbs relevant to every aspect of life in this entertaining and informative collection **Leo Strauss and the Invasion of Iraq** Aggie Hirst, 2013-06-26 The political philosophy of Leo Strauss has been the subject of significant scholarly and media attention in recent years particularly in the context of the decision to invade Iraq in 2003 Allegations that a group of Strauss inspired Neo conservatives intervened in the foreign policy establishment of the US in order to realise the policy of regime change began to emerge soon after the invasion and unanswered questions remain a decade later This book addresses these claims focusing specifically on a group of Straussians active in the spheres of intelligence production think tanks and the media during the period from the 9 11 attacks to the invasion in 2003 Such an examination is intended not simply to identify and expose their activities promoting the policy of regime change in Iraq during this period but also to challenge them and the

Straussian logics underpinning them Utilising the thought of Jacques Derrida the book enacts a deconstructive challenge to Strauss political philosophy which unsettles the fundamental assumptions it relies upon In doing so it exposes the securitising imperative underpinning Straussian thought and the Straussian interventions It thereby simultaneously addresses crucial issues in political theory and contemporary foreign policy studies while asserting that these dimensions of international politics can and should be dealt with in conjunction with each other This book would be of interest to students and scholars of Global Politics Political Theory Security Studies and US Foreign Policy and those outside the academy interested in Neo conservatism and the 2003 invasion of Iraq *The Law of Nations* Emer de Vattel,1760 *Military Intelligence Professional Bulletin* ,1994 **The War of the Rebellion** United States.
