

Germany Since 1918

Mark Allinson

Germany Since 1918:

Germany Since 1918 Frederick Lewis Schuman, 1944 **Germany Since 1918** David Childs, 1971 **A History of Germany 1918 - 2014** Mary Fulbrook, 2014-10-13 The fourth edition of *A History of Germany 1918 2014 A Divided Nation* introduces students to the key themes of 20th century German history tracing the dramatic social cultural and political tensions in Germany since 1918 Now thoroughly updated the text includes new coverage of the Euro crisis and a review of Angela Merkel s Chancellorship New edition of a well known classic survey by a leading scholar in the field thoroughly updated for a new generation of readers Provides an overview of the turbulent history of Germany from the end of the First World War through the Third Reich and beyond examining the character and consequences of war and genocide Treats German history from 1918 to 2014 from the perspectives of instability division and reunification covering East and West German history in equal depth Offers important reflections on Angela Merkel s Chancellorship as it extends into a new term Concise substantive coverage of this period make it an ideal resource for undergraduate students **Germany and Austria since 1814** Mark Allinson, 2014-10-30 *Germany and Austria since 1814* presents an accessible overview of the distinctive historical experiences undergone by both Germany and Austria during this period Beginning in 1814 with the Congress of Vienna and ending two centuries later with the consequences and ongoing challenges of German and European unification this book focuses on political history and traces the development of liberal parliamentary democracy in Germany and Austria through to the modern Federal Republic of Germany and Second Austrian Republic contextualising the Nazi period in both countries Particular emphasis has been placed on exploring major developments their causes and the relationships between them Fully revised this new edition has been expanded to include a new final chapter outlining developments in both Germany and Austria from 1990 to the current day including recent elections as well as modifications and updates to other earlier chapters Features include Nine chapters each analysing a distinct historical period and providing a timeline of the key events for quick reference and orientation Overviews of the main developments in European and World history at the beginning of each chapter providing international context crucial to a broader understanding of historical events Authentic extracts from contemporary German political texts in the original language Topics for discussion provided in every chapter A guide to further reading and key internet resources for further research A combined glossary of German terms *Germany and Austria since 1814* provides the essential historical context necessary for an understanding of these pivotal European countries today It will be invaluable for undergraduate students taking courses in German History and Area Studies *A History of Modern Germany Since 1815* Frank Tipton, 2003-01-01 Germany continues to fascinate us into the twenty first century because unlike the history or national existence of other European states its very being has been posed as a question Why was there no unified German state until late in the nineteenth century How did Germany become an industrial power What responsibility does Germany bear for the two World Wars This accessible but authoritative study attempts to answer

these and other fundamental questions through looking at the economic social political and cultural forces which have created modern Germany The 1848 revolutions ushered in an age of Realism which saw rapid economic development and the creation of the Bismarckian empire However by the early twentieth century Germany s economic expansion and position as a world power began to fracture and growing internal economic social and political contradictions led it with disastrous results into the First World War and the subsequent Weimar Republic Hitler and the Nazi movement proposed a revolution and the creation of a German style and the Second World War Holocaust is arguably the defining event of the twentieth century The Americanization of the German economy and society the economic miracle and euphoria of reunification have in recent years rapidly given way to disillusionment as the major political parties have failed to master outstanding social and environmental problems The German question Germany s place within the European Union continues to be unanswered even within an EU where it is the dominant economic power

Germany, 1919-39 John Kerr, 2003 Designed to cover the most up to date Standard Grade requirements these books should provide everything you need to prepare your students for their exams There are exam style questions and full colour presentation throughout

Germany After the First World War Richard Bessel, 1993 A social history of Germany in the years following the First World War this book explores Germany s defeat and the subsequent demobilization of its armies events which had devastating social and psychological consequences for the nation Bessel examines the changes brought by the War to Germany including those resulting from the return of soldiers to civilian life and the effects of demobilization on the economy He demonstrates that the postwar transition was viewed as a moral crusade by Germans desperately concerned about challenges to traditional authority and he assesses the ways in which the experience of the War and memories of it affected the politics of the Weimar Republic This is an original and scholarly book which offers important insights into the sense of dislocation both personal and national experienced by Germany and Germans in the 1920s and its damaging legacy for German democracy

The Ailing Empire: Germany from Bismarck to Hitler Sebastian Haffner, 2019-08-16 Using his skills as a journalist historian and memoirist Sebastian Haffner author of *The Meaning of Hitler* traces the development of the German Empire 1871 1945 and the central role of warfare that characterized the Reich Haffner contends that Germany s unfavorable geographic position had much to do with the state s belligerence and that from its inception created the conflicts that culminated in two world wars The fruit of decades of study the moving and sometimes very personal testament of an author whose works more than any others have influenced public opinion and challenged academic historians *Die Zeit* A brilliant work from the top hat of a powerful historical magician

Rudolf Augstein *Der Spiegel* A thoroughly successful work *Wiener Tagblatt* A book with more historical insights than a whole pile of learned volumes *M nchner Abendzeitung* The history of the Third Reich in just 43 pages Impossible to do more than discuss a few features superficially But not with Sebastian Haffner This brilliant thinker a journalist turned historian reveals the fundamental lines of development in a way that anyone can follow The pages bristle with questions and unexpected

answers The 300 pages of *The Ailing Empire* contain more clever and original insights into German history between 1871 and 1945 than many a weighty tome Dieter Wunderlich This illuminating survey by a German journalist focuses on the continuities and discontinuities of the modern German Reich Haffner argues that the founding of the state was never regarded as a climactic achievement but rather as a springboard for expansion and that Germany's unfavorable geographic position had much to do with the state's armed belligerence The author also contends that the Reich was self destructive almost from the beginning creating a host of enemies who brought it to its knees in two world wars and eventually divided it He describes how Hitler accelerated the catastrophic finish of the Reich by inopportunately taking on both the Russians and Americans then tried to turn military defeat into the annihilation of the German people with his Nero Directive of March 18 19 1945 Publishers Weekly *The Ailing Empire* tells the story of yesterday's Germans who made today It is a story Americans must understand San Diego Union Sebastian Haffner has written a book that traces the path of Germany's political self destruction and offers a realistic account of the war's real causes It is a highly readable analysis of the road from Bismarck to Hitler This book based on many previously unpublished accounts is a devastating portrait of human society Chattanooga Times This is a highly readable analysis of German history over the last century A long time journalist Haffner asserts that the foundations of the German Reich were an inadequate basis for a modern nation state and contained the seeds of its own destruction Though lacking documentation Haffner's first hand recollections of the Nazi era are most interesting Particularly noteworthy are his observations on daily life during the regime and his judgment regarding those literary and artistic antis who chose internal emigration within the Hitler state Library Journal

Germany in the Twentieth Century (RLE: German Politics) David Childs, 2014-12-17 The book traces the development of Germany from the Kaiser's Reich in the 1870s to the reunited democratic state led by Helmut Kohl in the 1990s The author begins by countering the popular view of Germany before 1914 as irredeemably reactionary and after assessing Germany's part in the First World War he outlines the rise and fall of the Weimar Republic The 12 years of Hitler's destructive experiment are presented in a balanced way as part of the overall development of the country Germany in defeat is then discussed as is her rebirth under Four Power occupation The last chapters explore the two separate German states and the events leading up to the restoration of German unity

The Routledge Companion to Modern European History since 1763 Chris Cook, John Stevenson, 2004-11-10 The Routledge Companion to Modern European History since 1763 is a compact and highly accessible work of reference covering the broad sweep of events from the last days of the ancient regime to the ending of the Cold War and from the reshaping of Eastern Europe to the radical expansion of the European Union in 2004 Within the broad coverage of this outstanding volume particular attention is given to subjects such as the era of the Enlightened Despots the Revolutionary and Napoleonic era in France and the revolutions of 1848 nationalism and imperialism and the retreat from Empire the First World War the rise of the European dictators the coming of the Second World War the Holocaust and the post war development of Europe

the Cold War the Soviet Union and its break up the protest and upheavals of the 1960s as well as social issues such as the rise of the welfare state and the changing place of women in society throughout the period With a fully comprehensive glossary a biographical section a thorough bibliography and informative maps this volume is the indispensable companion for all those who study modern European history Germany since 1789 David G. Williamson, 2015-12-17 This essential text provides a clear and engaging introduction to the history of modern Germany The updated and expanded new edition now takes the story back to 1789 and brings it right up to the present day adopting a controversy led approach throughout Visual evidence maps documents and key event boxes support the text and aid learning **The German Revolution, 1917-1923** Pierre Broué, 2006 Brou enables us to feel that we are actually living through these epoch making events Do not miss this magnificent work Robert Brenner UCLA A magisterial definitive account of the upheavals in Germany in the wake of the Russian revolution Brou meticulously reconstitutes six decisive years 1917-23 of social struggles in Germany The consequences of the defeat of the German revolution had profound consequences for the world Pierre Brou 1926 2005 was for many years Professor of Contemporary History at the Institut d'études politiques in Grenoble and was a world renowned specialist on the communist and international workers movements **Germany in the Great War** Joshua Bilton, 2021-04-28 For the Central Powers 1916 was a year of trial and error of successes and failures of innovation and of drastic changes Tactics developed while war aims mutated to suit the inertia of trench warfare Advances were effectively countered with the development of new weaponry or indeed aided by their inclusion Across all fronts whether at home or in Poland citizens and soldiers alike stood fast against Entente forces On the Western Front bitter fighting continued apace To the east the armies of Austro-Hungary Germany and Bulgaria battled Entente forces Meanwhile at sea the German High Seas Fleet ambushed the Royal Navy off the coast of Denmark On the Home Front the poor harvest of 1916 coupled with a lack of transport led to a winter of stark deprivation As a consequence the German government introduced what was effectively a system of rationing entitled sharing scarcity While to the south Ottoman forces fought Allied soldiers for control of Kut and Erzurum a fortified trading port in eastern Turkey Germany in the Great War Verdun Somme is the third publication in a five part series In addition to the author's introduction and a chronology of events five hundred contemporary photographs many of which have never before been published in this country are included *The Routledge Companion to European History Since 1763* Chris Cook, John Stevenson, 2005 The Routledge Companion to European History since 1763 is a compact and highly accessible work of reference with a fully comprehensive glossary a biographical section a thorough bibliography and informative maps History of Germany 1918 - 2000 Mary Fulbrook, 2002-04-08 This accessible study traces the dramatic social cultural and political tensions in Germany since 1918 For the second edition revisions have been made to incorporate the results of recent research an epilogue covering the years 1990-2000 has been added and the suggestions for further reading and the bibliography have been updated An accessible study of the dramatic social cultural and political tensions in

Germany since 1918 Treats German history from 1918 2000 from the perspective of division and reunification covering East and West German history in equal depth Covers the self destructive Weimar Republic the extremes of genocide and military aggression in the Nazi era the division of the nation in the Cold War and the collapse of communist East Germany and unification in 1990 Offers a persuasive interpretation of the dynamics of twentieth century German history as a whole New edition includes an updated bibliography and an epilogue covering the years 1990 2000 International Relations 1914-1995 Tony Rea, John Wright, 1997 This book provides the core content required by many of the new GCSE syllabuses Strongly narrative in approach there are also many visual and written sources to aid students understanding of the topics covered Key Stage 4 **Germany and Austria 1814-2000** Mark Allinson, 2014-02-04 Written for German majors taking courses in German history this book offers a straightforward narrative history with an emphasis on understanding major developments their causes and the relationships between them It includes extracts from historical documents timelines and an annotated further reading list West Germany Michael Balfour, 2023-06-09 First Published in 1982 West Germany presents a new approach to the study of contemporary Germany The past history of the country is used to explain its present state since the roots of many of the events of this century can be found as far back as the Middle Ages In order to understand Germany's relative backwardness in the nineteenth century it is vital to have some conception of her medieval history and likewise the descriptions of the constitutions of 1871 and 1919 help to explain why the Basic Law of 1949 took the form it did The form the book takes is slightly unusual in that the amount of space devoted to an epoch increases as the present day approaches but this is consistent with the aim of the book This is an important historical document for scholars and researchers of German history and European history Britain's Economic Blockade of Germany, 1914-1919 Eric W. Osborne, 2004-06-24 This text studies Great Britain's economic blockade of Germany in World War I one of the key elements to the victory of the Entente *German Post-Expressionism : The Art of the Great Disorder 1918-1924* , German Post Expressionism is the first study to reconstruct historically the evolution of Die neue Sachlichkeit the slogan coined as a designation for the Post Expressionist figural art that developed throughout Germany following the failed revolution of 1919 Rather than starting with the moment this Post Expressionist movement was christened with a slogan 1923 Crockett investigates the sources and precepts of Post Expressionism beginning with the anti Expressionist stance of Dada in 1918 and the loss of faith in Expressionism on the part of some of its chief supporters during 1919 20

FAQs About Germany Since 1918 Books

What is a Germany Since 1918 PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Germany Since 1918 PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and

operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Germany Since 1918 PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Germany Since 1918 PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Germany Since 1918 PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
