Women who Opt Out Bernie D. Jones, 2012 In a much publicized and much maligned 2003 New York Times article The Opt Out Revolution the journalist Lisa Belkin made the controversial argument that highly educated women who enter the workplace tend to leave upon marrying and having children Women Who Opt Out is a collection of original essays by the leading scholars in the field of work and family research which takes a multi disciplinary approach in questioning the basic thesis of the opt out revolution The contributors illustrate that the desire to balance both work and family demands continues to be a point of unresolved concern for families and employers alike and women s equity within the workforce still falls behind Ultimately they persuasively make the case that most women who leave the workplace are being pushed out by a work environment that is hostile to women hostile to children and hostile to the demands of family caregiving and that small changes in outdated workplace policies regarding scheduling flexibility telecommuting and mandatory overtime can lead to important benefits for workers and employers alike

Career Development and Systems Theory Wendy Patton, Mary McMahon, 2006 The Systems Theory Framework was developed to produce a metatheoretical framework through which the contribution of all theories to our understanding of career behaviour could be recognised In addition it emphasises the individual as the site for the integration of theory and practice Its utility has become more broadly acknowledged through its application to a range of cultural groups and settings qualitative assessment processes career counselling and multicultural career counselling For

these reasons the STF is a very valuable addition to the field of career theory In viewing the field of career theory as a system open to changes and developments from within itself and through constantly interrelating with other systems the STF and this book are adding to the pattern of knowledge and relationships within the career field The contents of this book will be integrated within the field as representative of a shift in understanding existing relationships within and between theories In the same way each reader will integrate the contents of the book within their existing views about the current state of career theory and within their current theory practice relationship
