relationships to the source texts even if these occasionally combine to produce a more complex structure This book comprises 11 essays preceded by an introduction that examine narrative strategies aesthetic ethical and political tendencies underlying these novel expansions Following the overview provided in the introduction the reader will find case studies of prequels coquels and sequels before a final chapter that encompasses them all and more

GREAT THOUGHTS ON ROMANCE(PINK EDITION) FOLORUNSHO MEJABI, 2015-11-14 Nothing is more curious and awkward than the relationship of two people who only know each other with their eyes who meet and observe each other daily even hourly and who keep up the impression of disinterest either because of morals or because of a mental abnormality Between them there is listlessness and pent up curiosity the hysteria of an unsatisfied unnaturally suppressed need for communion and also a kind of tense respect Because man loves and honours man as long as he is not able to judge him and desire is a product of lacking knowledge Thomas Mann *Death in Venice* and *Other Tales*

alarming trend in YA novels Labeling this phenomenon abstinence porn Seifert argues that these novels that fetishize virginity are harmful to readers Like pornography such works reduce female characters to objects whose sexual acts are the sole expression of their identities Chapters in this book examine paranormal dystopian and contemporary romance paying particular attention to recurring virginity themes or tropes The book also provides an antidote by showing how some sex positive teen novels provide more empowering messages to readers Organized by genre the books were selected for this study based on their popularity with teens Exploring how messages about virginity are sustained and repeated from text to text this book also calls out key reader reactions to demonstrate how they are responding to these messages Featuring a list of discussion questions *Virginity in Young Adult Literature after Twilight* will be a valuable resource for teachers librarians parents and mature young adult readers
