Ethical Approaches to Preaching John S. McClure, 2021-02-23 Different ethical situations require different homiletical responses John McClure organizes recent literature on ethics and preaching into four ethical approaches Does your situation require public moral leadership Then a communicative ethic is best Does your situation require the development of countercultural moral character Then a witness ethic is best Does your situation require ethical consciousness raising and organizing for social justice Then a liberationist ethic is best Does your situation require genuine moral conversation and the discernment of shared commitments in spite of our differences Then a hospitality ethic is best Each ethical approach is briefly and carefully explored correlated with appropriate contexts and situations and demonstrated with model sermons The result is a useful handbook for quickly discerning what ethical approach is needed how to preach that approach and what to expect as a result
