A Woman of Wisdom Dee Brestin,2006

The Joy of Eating Right! Dee Brestin,Peggy Johnston,1993 IntroductionYou are about to embark on an adventure This study is part of a series designed to help women live out significant Christianity in specific areas of their lives To some developing healthy habits with food and exercise may not seem like a significant lifestyle issue But those who have tested this guide will tell you differently Here are some of their testimonies I never realized before that my eating habits

were related to my obedience to God As I am developing obedience in this area of my life it is radiating out to other areas of my walk I ve been to other diet groups but none that dealt with the spiritual dimension and I ve come to realize that my poor eating habits are a spiritual problem Another emphasis I ve come to appreciate is that the habits I ve learned during these 10 weeks are not a diet but a lifestyle I m going through the guide again right away with a friend to help cement those lifestyle habits This guide spills over into all of life topics like perspective persistence and convictions have a much broader application than just my eating habits I ve never been through a study that kept me so accountable There were times when I considered bailing out but I m so thankful I didn t not only because of the weight I lost but because I ve seen some real changes in my eating habits It s common for weight control support groups to begin with many members and then dwindle Therefore make a commitment now to yourself and to the other group members to stay with the group for the entire study to weigh in every week and to do the disciplines required Sometimes it will be painful but there s seldom victory without a cost Determine now to pay the cost
