A World Without Islam Graham E. Fuller, 2010 What if Islam never existed To some it s a comforting thought no clash of civilizations no holy wars no terrorists But what if that weren t the case at all In *A WORLD WITHOUT ISLAM* Graham E Fuller guides us along an illuminating journey through history geopolitics and religion to investigate whether or not Islam is indeed the cause of some of today s most emotional and important international crises Fuller takes us from the birth of Islam to the fall of Rome to the rise and collapse of the Ottoman Empire He examines and analyzes the roots of terrorism the conflict in Israel and the role of Islam in supporting and energizing the anti imperial struggle Provocatively he finds that contrary to the claims of many politicians thinkers theologians and soldiers a world without Islam might not look vastly different from what we know today Filled with fascinating details and counterintuitive conclusions *A WORLD WITHOUT ISLAM* is certain to inspire debate and reshape the way we think about Islam s relationship with the West *A World*

William Kilpatrick, 2012-09-26 For many Americans the attack on the World Trade Center on September 11 2001 was the first time they had considered Islam Were the terrorists motivated by the true dictates of their religion or had they hijacked Islam as well as the planes in a political cause unrelated to the teachings of Muhammad Christianity Islam and Atheism argues that Islam is a religion of conquest and subjugation and that in spite of 9 11 and thousands of other terrorist attacks throughout the world many in the West still do not know or admit this because it conflicts with their multiculturalism and their belief in the equivalence of all cultures and religions To meet the challenge from Islam Christians need to know more about the important differences between Islam and Christianity yet many have been lulled into complacency by the misleading and largely unexamined assumption that the two religions are similar The time that Christians spend in pursuing common ground is time that Islamic activists will use to press their radical agenda In addition to challenging both the multicultural and common ground approaches William Kilpatrick also exposes the role played by atheists and secularists in advancing Islam Despite paying lip service to freedom radical secularists serve as enablers of radical Islam The civil liberties that the West

enjoys are the fruit of Christian civilization Kilpatrick argues and only a reawakened Christianity can defend them against Islam's advance

Leaf Runner John C. Stroebe, 2023-07-17 Mercer Evans found himself waking from a fitful sleep in a cold sweat for the past few nights It was not the lucidity of his conversations nor the striking realism of his dreams that shook him but rather the horrifyingly gruesome deaths that ended each nightmare Were these dreams the product of the empty bottles on Mercer's nightstand and the creeping solitude of his studio apartment or was there something more to the terrors that plagued him Leaf Runner follows Mercer as he transcends time and experiences the potential dangers of changing his past and the intertwining histories of the many lives that went before him The result is a relentlessly suspenseful pursuit played out during pivotal historical moments as Mercer and a collection of time travelers called Leaf Runners attempt to prevent a group of zealots from changing the world as we know it Read the prologue and you won't be able to put this book down until The End
