Achieving Apostolic Community Experiencing The Grace And Purpose Of Pentecost:

Acheiving Apostolic Community David Alley, There was more to the day of Pentecost than the giving of spiritual gifts The real gift was that a group of people were changed from being separate to being one they received community Such a corporate experience can happen today to you and your church A new command I give you Love one another As I have loved you so you must love one another 35 By this everyone will know that you are my disciples if you love one another How do you take a group of Christians for whom the gospel and Christian life seems relatively powerless and infuse into them power to change them and their church You need genuine apostolic think early church community Not the type of community that you find in a monastery or among the amish but something that happens in the hearts of people This book describes such a thing and talks from both experience and scripture **Building an Apostolic People (Formerly Holy Community)** John Kingsley Alley,2010-04-29 The powerful teaching developed in this book began with a revelation the Lord gave concerning The Spirit of Understanding a Biblical anointing that enables a church to become a people of one heart and mind This is the grace that was poured out on the day of Pentecost when with the coming of the Holy Spirit the disciples were changed from individuals with selfish ambition and petty jealousies to a Christian community of deep love and agreement The 12 disciples were different people after the day of Pentecost than before Something changed them The resurrection gave them faith in Christ and Pentecost gave them something between themselves that caused them to love each other That something is Holy Community and this book talks all about it This great anointing in Pentecost is what is required for the Church today to again be such a people of one heart and mind a holy community **Holy Apostolic Community** John Kingsley Alley,2018-12-03 The powerful teaching developed in this book began with a revelation the Lord gave concerning The Spirit of Understanding a Biblical anointing that enables a church to become a people of one heart and mind This is the grace that was poured out on the day of Pentecost when with the coming of the Holy Spirit the disciples were changed from individuals with selfish ambition and petty jealousies to a Christian community of deep love and agreement This great anointing in Pentecost is what is required for the Church today to again be such a people of one heart and mind a holy community **Holy Community** John Kingsley Alley,2010-04-29 The powerful teaching developed in this book began with a revelation the Lord gave concerning The Spirit of Understanding a Biblical anointing that enables a church to become a people of one heart and mind This is the grace that was poured out on the day of Pentecost when with the coming of the Holy Spirit the disciples were changed from individuals with selfish ambition and petty jealousies to a Christian community of deep love and agreement This great anointing in Pentecost is what is required for the Church today to again be such a people of one heart and mind a holy community **CHRIST LIVES IN ME Overcoming Obstacles to Grace** Robert Boyles,2011-05-11 The purpose of this book is provide significant emphasis on The Christ Lives in Me Ministry Discipleship Ladder for Christian Discipleship We should not be quick to accept that Christianity is in decline to the extent we neglect our own brothers and sisters in

Christ struggling to overcome obstacles to grace in their life On the contrary around the globe Christianity is expanding and we need all Christians to Introduce Christ Feed Upon His Word Accept Him Begin Discipleship and Advance Discipleship through personal testimony to God's Word African Pentecostalism Ogbu Kalu, 2008-03-31 Across Africa Christianity is thriving in all shapes and sizes But one particular strain of Christianity prospers more than most Pentecostalism Pentecostals believe that everyone can personally receive the gifts of the Holy Spirit such as prophecy or the ability to speak in tongues In Africa this kind of faith in which the supernatural is a daily presence is sweeping the continent Today about 107 million Africans are Pentecostals and the numbers continue to rise In this book Ogbu Kalu provides the first ever overview of Pentecostalism in Africa He shows the amazing diversity of the faith which flourishes in many different forms in diverse local contexts While most people believe that Pentecostalism was brought to Africa and imposed on its people by missionaries Kalu argues emphatically that this is not the case Throughout the book he demonstrates that African Pentecostalism is distinctly African in character not imported from the West With an even handed approach Kalu presents the religion's many functions in African life Rather than shying away from controversial issues like the role of money and prosperity in the movement Kalu describes malpractice when he sees it The only book to offer a comprehensive look at African Pentecostalism this study touches upon the movement's identity the role of missionaries media and popular culture women ethics Islam and immigration The resulting work will prove invaluable to anyone interested in Christianity outside the West One, Holy, Catholic, and Apostolic Church Guy Prentiss Waters, 2025-08-06 We can better see God's wise and good plan for the world when we better understand his intentions for the church One Holy Catholic and Apostolic Church provides a cohesive and comprehensive guide to understanding the nature and purpose of the church Throughout redemptive history God has been gathering a people to himself to worship him to serve one another and to bring the gospel to the nations Waters approaches the doctrine of the church from biblical theological historical and systematic angles He also addresses practical concerns about the life and ministry of the church today such as worship spiritual gifts and the relationship between church and state

Receptive Ecumenism and the Call to Catholic Learning Paul Murray, 2010-05-06 This volume proposes a fresh strategy for ecumenical engagement Receptive Ecumenism that is fitted to the challenges of the contemporary context and has already been internationally recognised as making a distinctive and important new contribution to ecumenical thought and practice Beyond this the volume tests and illustrates this proposal by examining what Roman Catholicism in particular might fruitfully learn from its ecumenical others Challenging the tendency for ecumenical studies to ask whether explicitly or implicitly What do our others need to learn from us this volume presents a radical challenge to see ecumenism move forward into action by highlighting the opposite question What can we learn with integrity from our others This approach is not simply ecumenism as shared mission or ecumenism as problem solving and incremental agreement but ecumenism as a vital long term programme of individual communal and structural conversion driven like the Gospel that inspires it by the promise

of conversion into greater life and flourishing The aim is for the Christian traditions to become more not less than they currently are by learning from or receiving of each other's gifts The 32 original essays that have been written for this unique volume explore these issues from a wide variety of denominational and disciplinary perspectives drawing together ecclesiologists professional ecumenists sociologists psychologists and organizational experts

Themes of St. Luke John Navone, John J. Navone, 1970 Of many possible approaches to the study of the Third Gospel this author has opted for a thematic approach realizing that certain aspects of Lucan theology will thereby be highlighted at the expense of others The examination of many distinct themes despite their frequent overlapping favours an appreciation of Lucan theology which is more analytic than synthetic Notwithstanding the analytic emphasis of the thematic approach the unity of Lucan theology will inevitably appear inasmuch as all these themes are ultimately intelligible only as variations on the overriding Lucan theme of salvation in Christ An intelligent reading of the Gospel presupposes an awareness of the individual writer's themes These themes intersect and illuminate each other Several themes often occur in the same periscope The themes of one Gospel will often be found in the others however the perspective of the individual writer will inevitably color their treatment None of the themes treated in this study has been selected on the assumption that it is exclusively Lucan This study does not aim at an exhaustive treatment of the themes selected Such treatment might easily require a book for each theme An attempt has been made to sketch a sufficiently large number of themes from the third Gospel which as an ensemble might lead to an awareness of their subtle orchestration in the hands of the writer whose theological perspective unifies into a meaningful work of art intelligence and grace

Feasting on the Word: Lent through Eastertide David Lyon Bartlett, Barbara Brown Taylor, 2008-01-01 We have been honored to work with a multitude of gifted thinkers writers and editors We present these essays as their offering and ours to the blessed ministry of preaching From the introduction by David L Bartlett and Barbara Brown Taylor Book Jacket

Transforming Faith Communities Michael I. Bochenski, 2013-03-14 Transforming Faith Communities argues for a model of being church that combines congregationalism with a constructive approach to church state relationships Congregationalism within a vision for a renewed Christendom is commended here as a viable option for Christian mission in the twenty first century world In making this case two movements are explored those inspired by sixteenth century Anabaptism and late twentieth century Latin American liberation theology Each movement is held up as a mirror to the other A continuing vision for the transformation of church and society emerges from this book as a number of contemporary resonances begin to sound These include an outline of some likely common features in the development of radical religious communities an examination of some of the factors that create world affirming Christian faith communities and many examples of effective and constructive engagement with church and society across the centuries
