FULL MEMORANDUM GRADE 12 PHYSICS 2022 FINAL

This question paper consists of 18 pages and 3 data sheets.

(QUESTION 6 (Start on a new page.)

A 12 kg block is initially at rest at point A at the bottom of a ROUGH inclined plane. The block is pulled up the incline by a constant force F acting parallel to the incline. The block reaches point B, which is at a vertical height of 4.0 m above the horizontal, with a speed of 3.00 m/s. See the diagram below.

- 6.1 Define the term non-conservative force.
- 6.2 Draw a labelled free-body diagram for the block when it is pulled up the incline.
- 6.3 Calculate the total work done on the block by the NON-CONSERVATIVE forces when the block moves from point A to point B. (5)

The same constant force F now moves the block at a CONSTANT VELOCITY across a rough horizontal surface from point B to point C, as shown below. Force F acts parallel to the horizontal surface.

The magnitude of the constant frictional force acting on the block while moving from point B to point C is 40 N, 40% of the magnitude of the constant frictional force acting on the block when it moves from point A to point B.

- 6.4 Calculate the distance from point A to point B. (5)

Dream the Size of Freedom R. Joseph Parrott, 2025-07-08 How anti colonial movements in Angola Mozambique and Guinea Bissau reshaped US activist engagement with the Global South from the 1960s through the 1970s *Dream the Size of Freedom* explores how anti colonial movements in Angola Mozambique and Guinea Bissau reshaped US activist engagement with the Global South from the 1960s through the 1970s and influenced American foreign policy as the Vietnam War drew to a close These Portuguese African liberation movements led by nationalists like Eduardo Mondlane and Amílcar Cabral built global solidarity networks to support their military and social challenges to empire while defending against Western intervention US activists disillusioned with the Cold War came to see African self determination as central to global campaigns for racial and economic justice A broad coalition ranging from Black Power radicals to religious liberals mobilized against the North Atlantic alliance with Portugal In the process this grassroots movement helped define a New Left Internationalism that championed decentralized multiracial organizing and a collaborative vision of US foreign policy to redress historic inequalities between Global North and South Drawing on more than fifty oral histories and research in government and activist archives on three continents in English Portuguese French and Afrikaans R Joseph Parrott reconstructs the transnational anti imperial network that injected Global South priorities into US political debates Popular protests and informational campaigns led to collaborations with legislators eager to constrain the powerful executive branch In 1976 this grassroots legislative alliance halted Gerald Ford's anti communist intervention against the Soviet backed government of newly independent Angola This victory of New Left Internationalist ideas anticipated future anti apartheid and Latin American peace movements while also fueling a conservative revival of Cold War containment By exploring US engagement with the contested process of African decolonization *Dream the Size of Freedom* highlights the origins of two contrasting visions of American foreign policy that defined debates over the country's proper role in the Global South into the 1990s

Free Enterprise Lawrence B. Glickman, 2019-08-20 An incisive look at the intellectual and cultural history of free enterprise and its influence on American politics Throughout the twentieth century free enterprise has been a contested keyword in American politics and the cornerstone of a conservative philosophy that seeks to limit government involvement into economic matters Lawrence B Glickman shows how the idea first gained traction in American discourse and was championed by opponents of the New Deal Those politicians believing free enterprise to be a fundamental American value held it up as an antidote to a liberalism that they maintained would lead toward totalitarian statism Tracing the use of the concept of free enterprise Glickman shows how it has both constrained and transformed political dialogue He presents a fascinating look into the complex history and marketing of an idea that forms the linchpin of the contemporary opposition to government regulation taxation and programs such as Medicare

Manufactured Crisis James Simpson, 2024-09-24 Few could have imagined ten years ago where we'd be in America today We are confronted on all sides by interminable crises that

threaten the very fabric of our nation from a border flooded with millions of migrants from all over the world to a fentanyl crisis killing more American youths every year than the past three wars combined Radical transgender activism and other cultural insanity has pushed more youths to commit suicide than at any other time in history It seems as though the world is rapidly coming unglued But it is actually a diabolical plan that has been operating for over a hundred years and is now showing its face This book describes this plan in excruciating detail and shows us a path out if we re willing to take it

Para Power Nick Juravich, 2024-12-10 Paraprofessional educators entered US schools amidst the struggles of the late 1960s Immersed in the crisis of care in public education paras improved systems of education and social welfare despite low pay and second rate status Understanding paras as key players in Black and Latino struggles for jobs and freedom Nick Juravich details how the first generation of paras in New York City transformed work in public schools and the relationships between schools and the communities they served Paraprofessional programs created hundreds of thousands of jobs in working class Black and Latino neighborhoods These programs became an important pipeline for the training of Black and Latino teachers in the 1970s and early 1980s while paras organizing helped drive the expansion and integration of public sector unions An engaging portrait of an invisible profession Para Power examines the lives and practices of the first generation of paraprofessional educators against the backdrop of struggles for justice equality and self determination

The Schenley Experiment Jake Oresick, 2017-04-14 The Schenley Experiment is the story of Pittsburgh s first public high school a social incubator in a largely segregated city that was highly even improbably successful throughout its 156 year existence Established in 1855 as Central High School and reorganized in 1916 Schenley High School was a model of innovative public education and an ongoing experiment in diversity Its graduates include Andy Warhol actor Bill Nunn and jazz virtuoso Earl Hines and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather The subject of investment as well as destructive neglect the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt Integrated decades before Brown v Board of Education Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace s reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50 million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America s oldest public schools

Dream Hoarders Richard V. Reeves, 2018-05-08 Dream Hoarders sparked a national conversation on the dangerous separation between the upper middle class and everyone else Now in paperback and newly updated for the age of Trump Brookings Institution senior fellow Richard Reeves is continuing to challenge the class system in America In America everyone knows that the top 1 percent are the villains The rest of us the 99 percent we are the good guys Not so argues Reeves The real class divide is not between the upper class and the upper middle class it is between the upper middle class and everyone else The separation of the upper middle class from everyone else is both economic and social and the practice of opportunity hoarding gaining exclusive access to scarce resources is especially prevalent among parents who want to perpetuate privilege to the benefit of their children While many families believe this is just good parenting it is actually hurting others by reducing their chances of securing these opportunities There is a glass floor created for each affluent child helped by his or her wealthy stable family That glass floor is a glass ceiling for another child Throughout Dream Hoarders Reeves explores the creation and perpetuation of opportunity hoarding and what should be done to stop it including controversial solutions such as ending legacy admissions to school He offers specific steps toward reducing inequality and asks the upper middle class to pay for it Convinced of their merit members of the upper middle class believes they are entitled to those tax breaks and hoarded opportunities After all they aren't the 1 percent The national obsession with the super rich allows the upper middle class to convince themselves that they are just like the rest of America In Dream Hoarders Reeves argues that in many ways they are worse and that changes in policy and social conscience are the only way to fix the broken system *Congressional Record* , **Management Communication** James S. United States Trotting Association, John Hankins Wallace, 1888 **Wallace's Year Book of Trotting and Pacing** United States Trotting Association, 1899 **The Murder of the Middle Class** Wayne Allyn Root, 2014-07-14 The great American middle class is dying and not from natural causes The Murder of the Middle Class exposes the crime and indicts the conspirators from the Obama administration to their willing accomplices in big business big media and big unions naming names and pointing out their misdeeds Bestselling author Wayne Allyn Root doesn't just prove the crime and profile the suspects he provides bold solutions to save American capitalism the middle class the GOP and YOU This middle class warrior gives you the game plan and the weapons to fight back *Globalized Finance and Varieties of Capitalism* H. van Zon, 2016-05-01 Hans van Zon analyzes the financialization of developed capitalism and argues that the emergence of finance as a dominant force has contributed to the relative decline of the West He demonstrates that the neo liberal model is inherently unstable and undermines capitalist economies which can only function if they are embedded in institutions that are non or even pre capitalist He shows how a toxic combination of financialization corporate globalization and a deregulated and parasitic financial industry have led to structural economic stagnation in both the USA and the greater part of the EU **Iran's Rocket and Missile Forces and Strategic Options** Anthony H. Cordesman, 2015-01-23 Iran's rocket and missile forces

serve a wide range of Iranian strategic objectives These forces range from relatively short range artillery rockets that support its ground forces and limit the need for close air support to long range missiles that can reach any target in the region and the development of booster systems that might give Iran the ability to strike at targets throughout Europe and even in the United States Iran s forces and systems are steadily evolving While the lethality of most current systems is limited by a reliance on conventional warheads poor accuracy and uncertain reliability Iran is developing steadily improved guidance systems attempting to improve the lethality of its conventional warheads and has at least studied arming its missiles with nuclear warheads

Vocabularies of International Relations After the Crisis in Ukraine Andrey Makarychev, Alexandra Yatsyk, 2016-10-26 This book analyses the conflict in Ukraine and Russia s annexation of Crimea covering conceptualisations from rationalist to reflectivist and from quantitative to qualitative Most contributors agree that many of the old concepts such as multi polarity spheres of influence sovereignty or even containment are still cognitively valid yet believe the eruption of the crisis means that they are now used in different contexts and thus infused with different meanings

India and European Union: Perceptions of the Indian Print Media and Elites Dr Shreya Pandey, 2017-10-15 The rise of Asia has been touted to be an extremely significant global phenomenon The EU has sought convergence on global issues regional security matters as well as regulatory policy and other economic issues with the countries in the region especially India A close and consistent approach towards monitoring of EU India relations is therefore called for particularly in the light of the long and enduring economic partnership and a serious and meaningful bilateral political dialogue This book analyses the current trends of the EU India relationship through content analysis It shall seek to examine the various aspects of the EU India equation which are giving it an upward thrust and also the factors which are proving to be a drag on the relationship The most pertinent issues in the partnership that need to be effectively dealt with have been identified through analysis of the portrayal of EU in Indian newspapers i e The Economic Times The Times of India and Dainik Jagran The insight outlook and the perception of the Indian elite belonging to the spheres of politics business civil society and media have been consolidated and analysed for the purpose of making recommendations for public policy and concrete policy outcomes An attempt has been made to fathom the nuances of the EU India engagement and predict the future trajectory of the relations

Chile in Their Hearts John Dinges, 2025-04-29 Set against the romance of revolution and the terror of a military coup this arresting mystery is also a reckoning with the callousness of U S foreign policy In 1972 two idealistic young Americans Charles Horman and Frank Teruggi arrived in Chile to participate in President Salvador Allende s socialist and democratic revolution A year later they were secretly executed as Chile s military with U S backing deposed Allende Following a sham investigation and cover up a Chilean defector leveled a stunning but ultimately false accusation a CIA agent was in the room when one of the killings was ordered The defector s tale inspired the acclaimed 1982 film Missing and established U S involvement as the accepted narrative But *Chile in Their Hearts* exposes the tale as a fabrication and

leads us to a more intriguing reality This book will force readers to rethink what they thought they knew about this infamous case Renowned investigative journalist John Dinges scoured U S and Chilean archives and interviewed new witnesses to reveal the true story of the killings and the compelling adventure of the two Americans lives against the backdrop of U S intervention in Chile

The Path to Paralysis Donald G. Nieman, 2024-10-15 How did the world s oldest democracy lose its mojo How did we get to a point where we face existential crises like climate change yet leaders can t agree that there s a problem let alone develop solutions Political leaders bear some of the responsibility Newt Gingrich Sarah Palin and Donald Trump to name a few have shattered political norms and transformed our politics into a free for all in which personal attacks appeals to bigotry and fear disregard for truth and disdain for governing have become the norm But they are more a symptom than the cause The Path to Paralysis examines changes in political culture during the past 60 years conflict over race religion and gender wrenching economic changes and growing concentration of wealth the end of the Cold War hardening regional divisions and dramatic changes in communications that made Donald Trump possible if not inevitable Long in the making these cross currents came together in the early 21st century as the United States experienced the deepest recession since the 1930s and elected its first Black president to create the perfect storm The result was toxic and deeply polarised politics that threatened the existence of constitutional government

The Meritocracy Trap Daniel Markovits, 2019-09-10 This book flips your world upside down Daniel Markovits argues that meritocracy isn t a virtuous efficient system that rewards the best and brightest Instead it rewards middle class families who can afford huge investments in their children s education Frightening eye opening stuff The Times Books of the Year Even in the midst of runaway economic inequality and dangerous social division it remains an axiom of modern life that meritocracy reigns supreme and promises to open opportunity to all The idea that reward should follow ability and effort is so entrenched in our psyche that even as society divides itself at almost every turn all sides can be heard repeating meritocratic notions Meritocracy cuts to the heart of who we think we are But what if both up and down the social ladder meritocracy is a sham Today meritocracy has become exactly what it was conceived to resist a mechanism for the concentration and dynastic transmission of wealth and privilege across generations Upward mobility has become a fantasy and the embattled middle classes are now more likely to sink into the working poor than to rise into the professional elite At the same time meritocracy now ensnares even those who manage to claw their way to the top requiring rich adults to work with crushing intensity exploiting their expensive educations in order to extract a return All this is not the result of deviations or retreats from meritocracy but rather stems directly from meritocracy s successes This is the radical argument that The Meritocracy Trap prosecutes with rare force comprehensive research and devastating persuasion Daniel Markovits a law professor trained in philosophy and economics is better placed than most to puncture one of the dominant ideas of our age Having spent his life at elite universities he knows from the inside the corrosive system we are trapped within as well as how we can take the first steps

towards a world that might afford us both prosperity and dignity
