Voices of the Unvoiced Shabana Shamaas Gul Khattak, 2025-01-14 This book focuses on Pukhtun women s educational struggle in the traditionalist Pukhtun society to succeed against the odds in Pukhtunkhwa Pakistan The study found higher education as a means of women s liberation their struggle and experiences for higher education give them a unique position in their patriarchal culture The province is dominated by the culture rather than the teaching of Islam Therefore people make decisions according to the Pukhtun culture and social values Strong roots of patriarchy reinforced a religious misinterpretation that culturalised Islam instead of Islamising their culture in the prevailing society Both the stories of the book concluded patriarchy was the main cause of

women's marginalisation which further granted a fertile ground for the Taliban to sketch a strategic atrocity and ban women's education in the name of Islam in the Swat Valley Patriarchy and militarisation have been used as a tool for cultural governance of identity and maintenance of gender stratification by sharing common grounds of gender dynamics and women epistemology under liberal radical Marxist socialist Islamic feminism and feminist peace and conflict theories of women security Thus the book discussed feminist approaches concerned about unequal opportunities in higher education that challenged the propagation of male experience and knowledge The scope of the book is broad and focused on women empowerment and emancipation through education It addresses issues related to young Pukhtun women from disadvantaged areas who aspire to get higher education The main focus of the book is to hear Pukhtun women's own voices while discussing the issues related to higher education *Petrochronology* Matthew J. Kohn, Martin Engi, Pierre Lanari, 2019-11-05

Petrochronology is a rapidly emerging branch of Earth science that links time ages or rates with specific rock forming processes and their physical conditions It is founded in petrology and geochemistry which define a petrogenetic context or delimit a specific process to which chronometric data are then linked This combination informs Earth's petrogenetic processes better than petrology or geochronology alone This volume and the accompanying short courses address three broad categories of inquiry Conceptual approaches chapters include petrologic modeling of multi component chemical and mineralogic systems and development of methods that include diffusive alteration of mineral chemistry Methods chapters address four main analytical techniques specifically EPMA LA ICP MS SIMS and TIMS Mineral specific chapters explore applications to a wide range of minerals including zircon metamorphic igneous and detrital Hadean baddeleyite REE minerals monazite allanite xenotime and apatite titanite rutile garnet and major igneous minerals olivine plagioclase and pyroxenes These applications mainly focus on metamorphic igneous or tectonic processes but additionally elucidate fundamental transdisciplinary progress in addressing mechanisms of crystal growth the chemical consequences of mineral growth kinetics and how chemical transport and deformation affect chemically complex mineral composites Most chapters further recommend areas of future research **UP PGT Sociology Exam | UPSESSB Post Graduate Teacher | 1600+**

Canada Drawing on twenty years of work Lynn Bosetti and Dianne Gereluk analyze the philosophical historical political and social principles that underpin the formation and implementation of school choice policies in the provinces and territories Bosetti and Gereluk offer theoretical frameworks for considering the parameters of school choice policies that are aligned and attentive to Canadian educational contexts This robust overview successfully shifts the debate away from ideology in order to facilitate an understanding that the spectrum of school choice policy in Canada is a response to the varying political challenges in society at large This book is essential reading for those who desire a deeper understanding of school choice policies in Canada Library and Information Sciences in Arctic and Northern Studies Spencer Acadia,2024-05-17 The role of library and information sciences LIS in for and about Arctic and Northern studies is underexplored This book examines the intersection of LIS and Arctic Northern scholarship research and study by considering the Arctic and North as a global information knowledge society demonstrates practical and applied ways that librarians archivists curators and other information scholars and professionals can participate and have participated in real activities within Arctic and Northern environments explains how LIS as a discipline focused on data information and knowledge has a significant role to play in Arctic and Northern endeavours and emphasises the inter multi disciplinary nature of what are Arctic studies and Northern studies and the placement of LIS into that structure Even though LIS has historically been overlooked in Northern and Arctic matters this book suggests that LIS is in a remarkable position to add value to future Arctic Northern studies Thisbook is of interest to scientists researchers scholars educators professionals and students globally working in Northern and Arctic contexts and or with Northern and Arctic pursuits in mind *From Terranes to Terrains* Adam M. Booth,Anita L. Grunder,2021-11-10 The eight field trips in this volume associated with GSA Connects 2021 held in Portland Oregon USA reflect the rich and varied geological legacy of the Pacific Northwest The western margin of North America has had a complex subduction and transform history throughout the Phanerozoic building a collage of terranes The terrain has been modified by Cenozoic sedimentation magmatism and faulting related to Cascadia subduction passage of the Yellowstone hot spot and north and westward propagation of the Basin and Range province The youngest flood basalt province on Earth also inundated the landscape while the mighty Columbia watershed kept pace with arc construction and funneled epic ice age floods from the craton to the coast Additional erosive processes such as landslides continue to shape this dynamic geological wonderland *Fine-Grained Sedimentary Rocks: Sedimentary Processes, Diagenesis, Geochemistry and Their Relationship with Critical Geological Events* Jianguo Zhang,Yifan Li,Zhen Qiu,Zhiyang Li,George Kontakiotis ,Junwen Peng,Youwei Wang,2025-09-02 Fine grained sedimentary rocks commonly referred to as shale or mudstone constitute approximately two thirds of the sedimentary column on Earth and are nonetheless the least understood sedimentary rock type These fine grained sedimentary rocks serve as sources reservoirs and seals of hydrocarbons influence the flow of groundwater and can be rich in trace metals Especially they record critical geological events such as mass extinction events anoxic events

transgressive events extreme thermal events etc which serves as a window to understand the Earth's paleoclimate paleoenvironment and paleoecology Therefore investigating the formation processes and developmental characteristics of fine grained sedimentary rocks not only aids in understanding the climatic environmental and ecological changes in the Earth's critical periods particularly in marine or lacustrine environments but also facilitates the reconstruction of the evolutionary history of the Earth

Proud Heritage Chuck Stewart, 2014-12-16 This groundbreaking three volume reference traces the roots and development of lesbian gay bisexual and transgender LGBT rights and issues in the United States from the pre colonial period to the present day With the social religious and political stigmas attached to alternative lifestyles throughout history most homosexuals bisexuals and transgender people lived covertly for much of if not all of their lives Likewise the narrative of our country excludes the contributions struggles and historical achievements of this group This revealing chronologically arranged reference work uncovers the rich story of the LGBT community in the United States and discusses the politics culture and issues affecting it since the early 17th century Author Chuck Stewart traces the evolution of LGBT issues as part

of our nation's shared cultural past and modern day experience Volume 1 focuses on the origins of the movement with the founding of Jamestown in 1607 through the 1970s and the beginning of gay rights activism in the United States Volume 2 spans the 1980s and the AIDs pandemic through the present day issues of marriage equality Volume 3 gives a concise review of this society in each of the 50 states the District of Columbia and Puerto Rico Final Report of the Truth and Reconciliation Commission of Canada, Volume One: Summary The Truth and Reconciliation Commission of Canada, 2015-07-27 This is the Final Report of Canada's Truth and Reconciliation Commission and its six year investigation of the residential school system for Aboriginal youth and the legacy of these schools This report the summary volume includes the history of residential schools the legacy of that school system and the full text of the Commission's 94 recommendations for action to address that legacy This report lays bare a part of Canada's history that until recently was little known to most non Aboriginal Canadians The Commission discusses the logic of the colonization of Canada's territories and why and how policy and practice developed to end the existence of distinct societies of Aboriginal peoples Using brief excerpts from the powerful testimony heard from Survivors this report documents the residential school system which forced children into institutions where they were forbidden to speak their language required to discard their clothing in favour of institutional wear given inadequate food housed in inferior and fire prone buildings required to work when they should have been studying and subjected to emotional psychological and often physical abuse In this setting cruel punishments were all too common as was sexual abuse More than 30 000 Survivors have been compensated financially by the Government of Canada for their experiences in residential schools but the legacy of this experience is ongoing today This report explains the links to high rates of Aboriginal children being taken from their families abuse of drugs and alcohol and high rates of suicide The report documents the drastic decline in the presence of Aboriginal languages even as Survivors and others work to maintain their distinctive cultures traditions and governance The report offers 94 calls to action on the part of governments churches public institutions and non Aboriginal Canadians as a path to meaningful reconciliation of Canada today with Aboriginal citizens Even though the historical experience of residential schools constituted an act of cultural genocide by Canadian government authorities the United Nations declaration of the rights of aboriginal peoples and the specific recommendations of the Commission offer a path to move from apology for these events to true reconciliation that can be embraced by all Canadians *The Greek and Latin Inscriptions of Ankara (Ancyra)* Stephen Mitchell, David French, 2019-05-16 The second volume of inscriptions from Ankara ancient Ancyra contains editions with commentary and full illustration of nearly two hundred inscriptions from the late Roman and Byzantine periods and forty texts of Roman imperial date more than half of which have not been published before as well as inscriptions for Ancyrans found outside the city dating from the Hellenistic period to late antiquity The inscriptions are introduced by a new survey of Ankara's history from the third to the tenth centuries An important group of inscriptions documents the building of Ancyra's city walls A new text suggests that the late

Roman fortifications were erected in 267 The city was strategically and politically prominent in the fourth century when it served as an imperial residence After the mid fifth century Ankara s population was overwhelmingly Christian and the city had a large monastic population A monumental inscription states that Ancyra was called the city of the Theotokos Three lengthy inscriptions present a remarkable collection of biblical and quasi biblical exempla depicting the lives of Old Testament figures as role models for Ancyra s pious inhabitants Against previous historical reconstructions it appears that the late Roman city continued to be inhabited after the fall of Ancyra to the Sassanians in 622 The hypothesis that the famous Byzantine citadel dates to the seventh century is rejected in favour of construction in 859 under the emperor Michael III when Ancyra was hailed as a new Jerusalem Ancyra enjoyed a revival in the Middle Byzantine period Inscriptions strengthen the arguments for dating the conversion of the famous imperial temple of Rome and Augustus into a church to the ninth and the construction of the now destroyed Church of St Clement to the tenth century
