Neal,2014-01-07 Taking Down the Lion offers an inside look at the career of Tyco s most infamous CEO and what exactly brought him down so publicly As the widely admired CEO of Tyco International Dennis Kozlowski grew a little known New Hampshire conglomerate into a global giant In a stunning series of events Kozlowski suddenly lost his job along with his favored public status when he was indicted by legendary Manhattan DA Robert Morgenthau it was an inglorious end to an otherwise brilliant career Kozlowski was the face of corporate excess in the turbulent post Enron environment he was pictured under headlines that read Oink Oink and publicly castigated for his extravagant lifestyle Deal a Day Dennis was transformed into the poster child for corporate greed Kozlowski was ultimately convicted of grand larceny and other crimes that in sum found the former CEO guilty of wrongfully taking 100 million from Tyco Taking Down the Lion shines a bright light on former CEO Dennis Kozlowski and the Tyco corporate scandal it is the definitive telling of a largely misunderstood episode in U S business history In an unfiltered view of corporate America Catherine S Neal pulls back the curtain to reveal a world of big business ambition money and an epidemic of questionable ethics that infected not only business dealings but extended to attorneys journalists politicians and the criminal justice system When the ugly truth is told it s clear the good guys were not all good and the bad guys not all bad And there were absolutely no heroes     *Seaforth World Naval Review 2015* Conrad Waters,2014-11-05 Now in its seventh year this annual has established an international reputation as an authoritative but affordable summary of all that has happened in the naval world in the previous twelve months It combines regional surveys with one off major articles on noteworthy new ships and other important developments Besides the latest warship projects it also looks at wider issues of importance to navies such as aviation and electronics and calls on expertise from around the globe to give a balanced picture of what is going on and to interpret its significance The 2015 edition looks in detail at the French Navy and the Bangladesh and Myanmar navies while significant ships include the Montford Point class mobile landing platforms the Samuel Becket offshore patrol vessels and the Skjold class fast attack craft There are technological reviews dealing with naval aviation by David Hobbs and current mine warfare developments by Norman Friedman while warship recycling is discussed by Ian Buxton Intended to make interesting reading as well as providing authoritative reference there is a strong visual emphasis including specially commissioned drawings and the most up to date photographs and artists impressions For anyone with an interest in contemporary naval affairs whether an enthusiast or a defence professional this annual has become required reading     *The Geek Way* Andrew McAfee,2023-11-14 The Economist s Best Books of 2023 Forbes Top 10 Business Books of 2023 Financial Times Monthly Best Business Books to Read Pick In this handbook for disruptors Eric Schmidt The Geek Way reveals a new way to get big things done It will change the way you think about work teams projects and culture and give you

the insight and tools you need to harness our human superpowers of learning and cooperation What is being geeky It s being a perennially curious person one who s not afraid to tackle hard problems and embrace unconventional solutions McAfee shows how the geeks have created a new culture based around four norms science ownership speed and openness The geek way seems odd at first It s not deferential to experts fond of planning and process afraid of mistakes or obsessed with winning But it explains everything from why Montessori babies turn out to be creative tinkerers to how newcomers are disrupting industry after industry and still just getting started When all four norms are in place a culture emerges that is freewheeling fast moving egalitarian evidence driven argumentative and autonomous Why does the geek way work so much better McAfee provides an original answer because it taps into humanity s superpower which is our ability to cooperate intensely and learn rapidly By providing insights from the young discipline of cultural evolution McAfee shows that when we come together under the right conditions we quickly figure out how to build reusable spaceships and self correcting organizations Under the wrong conditions though we create bureaucracy chronic delays cultures of silence and the other classic dysfunctions of the Industrial Era Mixing cutting edge science history analysis and stories that show the geek way in action McAfee offers a new way to see the world and empowering tools for seizing the big opportunities of today and tomorrow

Forgotten Americans Isabel Sawhill,2018-09-25 A sobering account of a disenfranchised American working class and important policy solutions to the nation s economic inequalities One of the country s leading scholars on economics and social policy Isabel Sawhill addresses the enormous divisions in American society economic cultural and political and what might be done to bridge them Widening inequality and the loss of jobs to trade and technology has left a significant portion of the American workforce disenfranchised and skeptical of governments and corporations alike And yet both have a role to play in improving the country for all Sawhill argues for a policy agenda based on mainstream values such as family education and work While many have lost faith in government programs designed to help them there are still trusted institutions on both the local and federal level that can deliver better job opportunities and higher wages to those who have been left behind At the same time the private sector needs to reexamine how it trains and rewards employees This book provides a clear headed and middle way path to a better functioning society in which personal responsibility is honored and inclusive capitalism and more broadly shared growth are once more the norm

**Precious Metals in ...** ,2000 *Manhood Acts* Michael Schwalbe,2015-11-17 In *Manhood Acts* Michael Schwalbe offers a new perspective on the social construction of manhood and its relationship to male domination Schwalbe argues that study of masculinity has lost touch with its feminist roots and has been seduced by the politically safe notion of multiple masculinities *Manhood Acts* delineates the practices males use to construct women and men as unequal categories Schwalbe reclaims the radical feminist insights that gender is a field of domination not a field of play and that manhood is fundamentally about exerting or resisting control *Manhood Acts* arrives at the conclusion that abolishing gender as a system of oppression will require more than transgressive self

presentation It will be necessary to end the exploitive economic relationships that necessitate manhood itself      **Current Law Index** ,2000      Extraterritoriality and International Bribery Branislav Hock,2019-09-11 The book presents a collective action perspective to explain how extraterritoriality functions and assess when and to what extent extraterritoriality is effective A collective action perspective provides a new account of foreign anti bribery laws and their extraterritorial enforcement that draws on theories discussed in the field of economic governance Within this framework the book offers an intensive analysis of US foreign anti bribery law such as the Foreign Corrupt Practices Act FCPA international law as it emanates from the OECD Anti Bribery Convention and comparative insights into UK law and German law To test the theory in practice the book provides a unique data set of more than 40 foreign anti bribery enforcement actions conducted by the US Department of Justice DOJ and the Securities and Exchange Commission SEC and other examples from comparative jurisdictions Extraterritoriality and International Bribery is ideal reading for academics and students with an interest in global governance economic crime criminology and law and economics as well as practitioners concerned with foreign anti bribery enforcement including compliance officers lawyers investigating and prosecuting authorities and business leaders The book also discusses governance alternatives existing outside international anti bribery law and offers policy and legal reforms proposals The book suggests a decentralized enforcement model with the delegation of some enforcement tasks to an external body as the most appropriate governance alternative      Ending the U.S. War in Iraq Richard R. Jr. Brennan,Charles P. Ries,Larry Hanauer,Ben Connable,Terrence K. Kelly,2013-11-05 Ending the U S war in Iraq required redeploying 100 000 military and civilian personnel handing off responsibility for 431 activities to the Iraqi government U S embassy USCENTCOM or other U S government entities and moving or transferring ownership of over a million pieces of property in accordance with U S and Iraqi laws national policy and DoD requirements This book examines the planning and execution of this transition      **Congressional Record** ,
