**Pre-Service Teacher Education and Induction in Southwest China** Ju Huang, 2018-09-12 This book is a narrative inquiry that focuses on four participating Chinese teacher candidates cross cultural learning in Canada and stories of induction in Southwest China Through the lens of three dimensional inquiry space and reciprocal learning in teacher education the author explores the

influence of cross cultural experiences on the dissonance of pedagogies teacher student relationships socialization and beliefs about teaching and learning that interweave global and national curriculum boundaries The chapters provide insight into how Chinese beginning teachers struggle to voice and to socialize among a cacophony of past practices lived experiences and cross cultural experiences Teaching History with Big Ideas S. G. Grant, Jill M. Gradwell, 2010-07-16 In the case studies that make up the bulk of this book middle and high school history teachers describe the decisions and plans and the problems and possibilities they encountered as they ratcheted up their instruction through the use of big ideas Framing a teaching unit around a question such as Why don t we know anything about Africa offers both teacher and students opportunities to explore historical actors ideas and events in ways both rich and engaging Such an approach exemplifies the construct of ambitious teaching whereby teachers demonstrate their ability to marry their deep knowledge of subject matter students and the school context in ways that fundamentally challenge the claim that history is boring *The Encyclopedia of Education*, 1971 ACCIDENTAL AFRICAN BLESSINGS Ugo Nacciarone, SJ., 2012-04-05 As I pondered on a title for this book I thought about my first life and work experience in Africa How I suffered several severe cases of malaria how difficult it was to adjust to the hot humid climate and the discouragements from my relatives and friends back home that I was in a wrong place to which I almost succumbed The only thing that made me stay was a sense of duty to the other five Jesuits working with me As this mission was only new I did not want to demoralize any of them This decision has later proven to be one of the best decisions I have ever made All that experience brought many turns to my life in Africa bringing me from Nigeria to Zambia to Ghana and back to Zambia again These events were like accidents Accidents are unexpected unplanned and often painful It was just an accident of history that the mission was just getting started and that it had so few people on it It might have been another accident of history that the Biafran War began just as I made my way to Nigeria that made it more difficult to recruit new members to the mission These accidents of history brought me to a painful decision to return to Nigeria when I didn t feel attracted to the prospect Yet this painful experience turned out to be a great blessing for me I came to love the people and the continent more than I could ever have imagined and found myself greatly enriched by the experience It is this development in personal growth that I want to share with the reader Cover Design by Danny Chiyesu
