prisoners were taken as the Germans forged a fifty mile bulge into the Allied front But in one small town Bastogne American paratroopers together with remnants of tank units offered dogged resistance Meanwhile the rest of Eisenhower's broad front strategy came to a halt as Patton from the south and Hodges from the north converged on the enemy incursion Yet it would take an epic six week long winter battle the bloodiest in the history of the US Army before the Germans were finally pushed back Christer Bergström has interviewed veterans gone through huge amounts of archive material and performed on the spot research in the area The result is a large amount of previously unpublished material and new findings including reevaluations of tank and personnel casualties and the most accurate picture yet of what really transpired from the perspectives of both sides With nearly four hundred photos numerous maps and thirty two superb color profiles of combat vehicles and aircraft it provides perhaps the most comprehensive look at the battle yet published
