The Essence of the Christian Worldview Matt DeLockery, 2021-04-28 Every group within Christianity has its own opinions on what Christianity really is But who's right if anyone With the letter to the Colossians we have an opportunity to find an answer Paul compares Christianity to another worldview and argues that Christianity is better This book uses that comparison in order to understand Paul's Christian worldview In this book you will also find answers to some very difficult questions 1 What is God's ultimate purpose for humanity 2 Do we just do things because God told us to 3 Why does Paul tell wives to obey their husbands 4 Why does Paul tell slaves to obey their masters 5 Why does God care what we do at all 6 Why does God command these particular actions 7 Why would we want to follow God's commands anyway 8 How does following God's commands actually make us better people Christianity is the point at which God acted through Christ to fix what was wrong with creation and bring the whole story to a different conclusion In this book you will see the big picture of Christianity and how all the dots connect from start to finish

On Being Someone Helen Oppenheimer, 2016-08-01 This book continues the discussions in What a Piece of Work on being human Imprint Academic 2006 and may be considered its sequel Among all the creatures in the physical universe humans seem to be more than simply physical because they are aware of being creatures in the universe Human beings essentially belong to the world of nature yet stand out as the most complex and fascinating of all living beings Like and also unlike other animals they respond to what happens to them they make plans and carry them out they recognize one another sometimes lovingly they make friends and enjoy their company they shape the world around them for convenience and for delight they ask questions both practical and theoretical and many of them try to praise God In What a Piece of Work Helen Oppenheimer considered humankind as part of the natural universe which Christians believe God set in motion asking how human beings stand among other creatures and how they are to be valued In this volume she leaves aside comparisons with our fellow creatures in order to attend to our own experience It makes a good start to think of oneself as a human animal but then we need to go further and ask what does it mean to be a person to be counted as someone

The Secret of Christian Living Watchman Nee,2009-01-14 The consuming desire of all true Christians is to be like Christ Jesus Without doubt such holy ambition is inspired by the Holy Spirit For it is God s eternal will that all who are called by Him are to be conformed to the image of His beloved Son Yet how ironical it is that most Christians seem to undergo great frustration in failing to reach that goal Does God plan it that way or do we fail to know and appropriate the provision of God Thank God He never calls without providing Therefore it behooves us to enter into the secret of Christian living Truth is always simple in nature This entire secret of Christian living is given in two simple phrases which are in Christ and Christ in us In this present volume brother Watchman Nee presents the secret of Christian living in three parts namely in Christ Christ in us and some applications These are messages given mainly from 1934 to 1938 in various cities of China They are more direct more illustrative and easier to understand It can be viewed as a companion volume to the classic *The Normal Christian Life*

Beginning . . ." Eduardo J. Echeverria,2011-01-01 One of the most significant contributions of Pope John Paul II to the church and arguably to the culture was his development of a theology of the body This theology explores the rich meaning and vocation of human embodiment of the body person in light of the fundamental truths of creation fall into sin and redemption in Jesus Christ In this book Eduardo J Echeverria inquires into the biblical theological and philosophical foundations of the Pope s theology of the body In a wide ranging discussion of a Catholic theology of revelation biblical hermeneutics and a biblical perspective on the Christ centered dynamics of the moral life Echeverria clearly establishes the fundamental principles needed for a full understanding of John Paul II s thought He probes the philosophical foundations of the Pope s thought in the context of a Catholic theology of nature sin and grace The book concludes with an analysis of the normative implications of the Pope s theology for sexual ethics and provides a novel and provocative application of the theology of the body to the morality of homosexuality Echeverria s study of John Paul II s theology of the body helps us to make sense of how the pope s theology deepens our understanding of the Catholic teaching that the human body shares in the dignity of the image of God Catechism of the Catholic Church no 364 **How to Study Global Christianity** Jason

Bruner, 2022-10-16 This book provides students with an accessible yet critically oriented introduction to the foundational methods and themes in Global Christianity scholarship over the past 40 years. While the field of Global Christianity is itself interdisciplinary, it largely has not reflected upon the various disciplines of which it is comprised. In addressing different methods that have constituted this field of scholarship, Jason Bruner draws students' attention to the ways in which these elements have worked together and what the implications for their use have been in the past and might be in the future. In addition to identifying themes within the discourse, this book offers a survey of where the field has been, what its analytical priorities are, and how future scholars might develop new research projects and trajectories in light of its history. The Quest for Truth F. Leroy Forlines, 2001 This invaluable tool seriously discusses profound truths that apply to every facet of life. Biblical truth should be made applicable to the total personality. The inescapable questions of life are answered from the standard of God's authoritative Word. **Quick Fix? Struggling and Suffering** Jesus Esquivel, 2025-10-10 This book is about addressing issues that are holding us back, keeping us stuck, suffering and struggling. There is hope. The Bible has all the answers we need for biblical living and dealing with core psychological issues in a healthy way. God meets our spiritual and psychological needs, but we don't always see that when we are struggling or suffering. In Bible times, people didn't have psychology; it's true, but they had God's word, and God knows what men, women, and children need to grow from infancy to mature adults. We can't oversimplify people's problems and just ask them to pray more to solve deep-rooted core issues because people and problems are complex. We need to be careful to not reduce issues to one simplistic cause but rather understand that there are many causes: our past traumas, social and psychological influences, etc. God used prophets, priests, and leaders to counsel, to encourage, to teach. In fact, God gave a whole book on wisdom on how to deal with life. Jesus counseled or talked and taught to people; gave them truth and perspective about life and helped them to cope better. This book takes an integrative approach to solving problems, looking at our self-worth and how the Bible and psychology work together to address the whole person whom God created.
