Hard Justice Martin H. Petry, 2009-04 Justice Wallington knows how to harness his strength and intimidating size skills he put to good use first in the MMA cage and now as a bodyguard at the Body Armor agency But no opponent has ever left him feeling as off balance as his new client heiress Fallon Wade Far from a spoiled princess she's sweet and intriguingly innocent It's a risk free assignment until he's required to fake a relationship with her in order to blend in Sheltered from the world after a family tragedy Fallon longs to experience life going to bars dancing talking to strangers Not easy with a huge lethal looking bodyguard shadowing her every move Justice seems like her polar opposite but pretending to be a couple stirs undeniable heat And when danger strikes again it's not just her safety in jeopardy but a passion that's real raw and absolutely against the rules

BEHIND THE LOCKED DOOR Gregg M. Schultz RN, 2023-03-30 One man not sure where his next job would come from is employed by God where he will compassionately care for society's least fortunate the mentally or emotionally ill when they transition into the psychiatric hospital system I am that man This is my story of working in the psychiatric system usually in a hospital setting This volume is a telling of twenty nine years of caring for and about people who but for the grace of God could be me or my family It is a telling of surviving and thriving in often difficult circumstances Starting as a mental health worker in 1988 I received my registered nurse license in 1993 and continued as a psychiatric nurse until I ended compensated employment in 2017 This is a telling of covering the naked and treating the self inflicted wounds of the bloody The whys and logics of many of the disorders encountered are addressed in caring and often wry commentary The actual workings of the psychiatric hospital and my observations of that environment are presented Life as it is actually lived often at its most visceral level is on display here I frequently make reference to a person's WIIFM what's in it for me as a dominant factor motivating the behavior of people both the patients and the hospital staff I do not spare myself when addressing WIIFM as a behavior motivator There is caring for wounded hearts and how to manage those whose hearts are beyond either wounding or caring The legalities as well as

the realities of how the mental health system works and the protections for those who are a danger to themselves or others or unable to care for themselves are presented here and I deal with the realities of psychiatric hospitalization and dispel the nonsense of a seventy two hour psychiatric hold There is triumph and tragedy presented here in a uniquely engaging style by a true storyteller
