language of literature      Postcolonial Stylistics Esterino Adami, 2025-05-05 This accessible introduction to postcolonial stylistics looks at the shared aims of stylistics and postcolonial studies and illustrates how to apply the analytical and theoretical tools of stylistics to a selection of literary and non literary texts from a range of English speaking postcolonial contexts Structured around the five keywords of Language Identity Belonging History and Ecology the book sheds light on the way in which writers from a range of former colonial territories have creatively drawn from such thematic areas to construct complex and committed discourses shows how a rigorous linguistic analysis can help reach a better understanding of the rhetorical mechanisms and cultural dynamics operating in these works underlines how meaning is generated from the interaction between author reader and context how narratives shape and propagate a specific worldview and how metaphor can convey social and political values expands on each keyword by considering texts of different typology such as fiction poetry drama and non fiction accompanied by activities and references includes historical and literary postcolonial timelines and an index of names and topics Comprehensive in its coverage and assuming no prior knowledge of the topics considered the book adopts an interactive and activity based approach to develop readers understanding of linguistic structures and forms through postcolonial texts Offering a new interdisciplinary perspective this is essential reading for students new to stylistics and postcolonial literature

Humour Theory and Stylistic Enquiry Taiwo Oloruntoba-Oju, 2023-12-28 This edited book brings together scholarly chapters on linguistic aspects of humour in literary and non literary domains and contexts in different parts of the world Previous scholarly engagements and theoretical postulations on humour and the comic provide veritable resources for reexamining the relationship between linguistic elements and comic sensations on the one hand and the validity of interpretive humour stylistics on the other hand Renowned Stylistics scholars such as Michael Toolan who writes the volume s foreword against the backdrop of nearly four decades of scholarly engagement with stylistics and Katie Wales who in this volume engages with Charles Dickens one of the most eminent satirists in English literature as well as many other European and African authors who have worked ceaselessly in the area of humour and language weigh in on the topic of language and humour in this volume Together they provide a variety of interesting perspectives on the topic deploying different textual sources from different media and from different regions of the world Part of the book s offering includes integrative stylistic approaches to humour in African European and American written texts examinations of social media and political humour in Nigeria Cameroon and Zimbabwe pragmatics and humorous stance taking incongruity as comedy in works of fiction and a unified levels of linguistic analysis approach to the investigation of humour This book will be of interest to academics and students of Linguistics Stylistics Communications and Media Studies and Humour Studies Taiwo Oloruntoba Oju is a Professor in the Department of English at the University of Ilorin in Nigeria

Sherko Bekas Ulrike Tabbert, Mahmood K. Ibrahim, 2023-06-13 This book explores poetry by Sherko Bekas a Kurdish writer and Swedish Tucholsky award winner providing contextualising biography with original new information from an interview with his son

and critical stylistic analyses of two selected poems The authors also include a section on the Kurdish language and translation of the poems into English There are very few English translations of some of Bekas poems and no book so far on the stylistic or even linguistic analysis of his work with the result that Bekas is not widely known in the Western world This book aims to fill this lacuna in the literary and linguistic canon and it will be of interest to students and scholars of Translation Stylistics Middle Eastern History and Literature     The Babel Lexicon of Language Dan McIntyre, Lesley Jeffries, Matt Evans, Hazel Price, Erica Gold, 2022-06-09 An engaging and accessible A Z of linguistics from the expert team behind Babel The Language Magazine     *The Language of Contemporary Poetry* Lesley Jeffries, 2022-09-30 This book introduces a new way of looking at how poems mean drawing on the framework first developed in the author's book Critical Stylistics but applied here to aesthetic more than ideological meaning The aim is to empower readers of poetry to articulate the features of poetic language that they come across and explain to themselves and others why these features convey the meanings that they do While this volume focuses on contemporary poets writing in English and mostly based in the UK and Ireland the framework will work just as well for other eras poetry as well as for other cultures and languages     The Ethics and Poetics of Alterity Maylis Rospide, Sandrine Sorlin, 2015-09-04 This volume focuses on language and ethics in literary genres such as dystopia science fiction and fantasy that depict encounters with alterity Indeed so called genre literature embodies a heuristic model that dramatizes and exacerbates these encounters by featuring exotic subhuman or post human beings that defy human knowledge elements particularly prevalent in science fiction and fantasy These genres have often been regarded as an entertaining or escapist field that does not lend itself to ethical and poetical reflections limiting its scope to a hollow and servile repetition of genre codes This volume shows unequivocally that this field does lend itself to such reflections The contributors to this book highlight genre literature's defamiliarising power through which things can be seen In meta conceptualising the relationship between language and reality it problematises and enhances this relation by making it more easily perceivable The book shows that rather than contenting itself with merely questioning the mechanism of estrangement genre literature explores the confines of readability and the boundary between the readerly and the writerly In their desire to represent the Other in all its complexity writers are indeed confronted with an ethical and poetical aporia how can what escapes humanity be described in human language How can human language represent things that have no known referent in the reader's world of experience This collection of essays reveals that the most prototypical traits of genre literature lie in the encounter with otherness and the linguistic issues this raises     *The Pragmatics of Irony and Banter* Manuel Jobert, Sandrine Sorlin, 2018-04-25 The Pragmatics of Irony and Banter is the first book length study analysing irony and banter together This approach inherited from Geoffrey Leech's research implies that the two notions are intrinsically related In this thought provoking volume the various contributors linguists stylisticians discourse analysts and literary scholars while not necessarily agreeing on every aspect of this theoretical premise discuss and develop the idea In turn they

consider the workings of these two discursive practices in various corpora face to face or digitally mediated interactions novels comedy shows etc thus providing a wealth of examples and case studies This well balanced positioning helps the reader to develop a better understanding of these complex discursive practices that play a crucial part in everyday interaction Steering a course between traditional perspectives and new theoretical approaches this innovative and exciting way of looking at irony and banter will no doubt open new avenues for research      **Perspectives on Negation** Frances Blanchette,Cynthia Lukyanenko,2025-03-31 Although negation has been studied extensively by philosophers linguists and psychologists it remains an active area of inquiry across the language sciences This dynamic and cross disciplinary volume contains a unique collection of chapters by language scientists from a variety of disciplines Readers will explore novel connections and gain insights into the nature of negation one of the few uncontroversial universal elements of natural language
