The Jackrabbit Factor Why You Can By Leslie Householder:

The Jackrabbit Factor Leslie Householder, 2005-09 Richard is at the end of his financial rope and disappears into the woods behind his home Where has he gone and what is required of Felicity before she can find him Unlock with Richard the secret behind the voice of inspiration and find out for yourself how truly dependable and ingenious your own inner voice can be

Trust Your Intuition JENNI WILSON, M.H., 2013-06-10 Have you ever wondered if there are effective alternatives to conventional medicine or if anyone else you trust uses natural medicine Many people are turning to more natural and holistic remedies and therapies either because conventional medicine is not working for them or they want to stop putting chemical medications into their bodies There is a huge amount of scientific research and evidence supporting natural forms of medicine But sometimes the use of natural remedies is hard to quantify Sometimes one size doesn't fit all and we have to trust our own intuition for what our own body or our family members need The more we educate ourselves about natural alternatives the more effectively our intuition can direct us to what will help Inside this book are 25 Natural Medicine Confessions from women and moms each with many online followers who tell their stories about why they choose natural medicine for healing and resolving illnesses Their knowledge and experience can serve as inspiration for us all to be more empowered in our own home medicine and health care

The Pi of Life Roland Byrd, 2011-11-15 There are essential truths in life truths that help us exist in love peace and harmony with our surroundings and with others These truths are the foundation for a joyful life They are critical to happiness and wholeness because they open our hearts minds and spirits to the true nature of our being Love Once we embrace the true nature of our being we're on the path to True and Lasting Fulfillment and Success The Pi of Life shares these essential truths with you in an easy to read and enjoyable format There are many paths to discover these truths Some paths are beautiful and flow into enlightenment with grace and ease Other paths are fraught with heartbreak and darkness and eventually lead the person to a breaking point a point that ignites personal transformation when they scream Enough And they mean it When someone reaches their personal breaking point they can transform or they can give up When author Roland Byrd reached his own breaking point he decided to transform to begin the lifelong journey of becoming the best version of himself and of helping others During the first few years of his deep personal and spiritual transformation Roland wrote many letters and emails to his wife children and his mentor Later while meditating he realized the universal truths contained in these letters could help motivate inspire and show others learn how to live happier healthier lives Inspired by that realization in 2011 Roland dove back into the letters extracted the best parts and then shared the collection as *The Pi of Life Essential Truths for Creating Happiness Wholeness Explore the Beauty of Your Creation* A Personal Note from the Author When I first stepped on the path of personal growth I never imagined I'd write books about the subject let alone any book that would be considered self help But as I Rose like a Phoenix From the Ashes of my Life my Mind Body and Spirit Transformed I understood then that I must share my inspiration and knowledge to

help others Keeping the lessons I learned about personal transformation and spirituality to myself was simply unthinkable With The Pi of Life I wanted to create an inspirational and motivational book that s fun and easy to read a book that lifts your heart and spirits as you read it Did I succeed That s for you to decide Please enjoy the journey You Are The Master of Your Destiny Roland P S As to the main title The Pi of Life I believe every human has limitless potential Since Pi is an irrational number and is therefore limitless I thought it a fitting title

Hidden Treasures Leslie Householder,2005-06 Casual and conversational Hidden Treasures presents the Universal Laws of Abundance from a spiritual perspective These ideas are astonishing and you ll feel empowered as they comfort encourage and enlighten you on your journey to financial deliverance even prosperity While the author learned these principles in a secular arena through more than a decade of study and successful application she now hopes to bring the principles to God fearing people everywhere How often have we been promised Ask and ye shall receive The problem is we don t really believe it Why Because so often it just doesn t happen So how does one develop the kind of faith required to see miracles in his her financial life There is a law irrevocably decreed in heaven before the foundations of this world upon which all blessings are predicated and when we obtain any blessing from God it is by obedience to that law upon which it is predicated Doctrine and Covenants 130 20 21 So if you ve ever wondered If the righteous shall prosper why am I so broke or Do I set my heart upon riches or just resign myself to the smothering prison of debt and the stain of poor credit then this book is for you The answers to these questions and many more are the very answers which led Leslie and her husband to finally escape their own financial bondage AND develop a closer relationship with God through the process While the author is a member of the Church of Jesus Christ of Latter day Saints the ideas and applications of scriptures are solely her own and do not necessarily represent the beliefs or doctrines of any particular denomination In a compelling way she brings hope to individuals in strained relationships mothers who want to come home from work and fathers who want to spend more time with their family Hidden Treasures brilliantly delivers a profound message of hope for all who believe there is a God
