And some works of literature can even change our understanding of the world we live in. But can place also change our view of literature? Site Reading advances a place-based approach to literature reading, classic texts through the twin lenses of geographical awareness and environmental thought. This book highlights recent developments in ecocriticism and geocriticism to argue for a theory of ecospatiality with nature, space, and story as the three elements of place. Site Reading reconsiders well-known works of twentieth-century American prose and shows how social and environmental issues always overlap. Travel writer William Least Heat Moon whose work embodies the ecospatial perspective portrays his experiences with place on the local, regional, and continental scales. Classic novels by Silko, Willa Cather, and Ana Castillo, usually discussed in isolation, converge in a way that maps diverse cultural perspectives and environmental threats onto the shared geography of Central New Mexico. A reading of Steinbeck's *Salinas Valley Watershed* texts investigates the impacts of literary tourism in Steinbeck Country before drilling down into Steinbeck's portrayals of spatial development and environmental history. And an

innovative analysis of *Native Son* shows how Richard Wright uses cartographic details to decry the spatial racial politics of South Side Chicago in the 1930s In this book Lowell Wyse shows how place provides the grounds for both human experience and critical practice By bringing together concepts like literary cartography deep mapping and bioregionalism in an ecospatial approach Site Reading not only maps new terrain between ecocriticism and geocriticism but also shows why place matters in the world and in the text **John Steinbeck and the Great Depression** Alison Morretta,2014-08-01 A unique insight into the life of John Steinbeck that details his incredible hunger for telling stories his experience with the Great Depression and the works that shaped him A Study Guide for John Steinbeck's East of Eden Gale, Cengage Learning,2015-09-24 A Study Guide for John Steinbeck s East of Eden excerpted from Gale s acclaimed Novels for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Novels for Students for all of your research needs *Companion to Literature* Abby H.
