Unwrapping Ancient Egypt Christina Riggs, 2014-04-10 First runner up for the British Kuwait Friendship Society Book Prize in Middle Eastern Studies 2015 In ancient Egypt wrapping sacred objects including mummified bodies in layers of cloth was a ritual that lay at the core of Egyptian society Yet in the modern world attention has focused instead on unwrapping all the careful arrangements of linen textiles the Egyptians had put in place This book breaks new ground by looking at the significance of textile wrappings in ancient Egypt and at how their unwrapping has shaped the way we think about the Egyptian past Wrapping mummified bodies and divine statues in linen reflected the cultural values attached to this textile with implications for understanding gender materiality and hierarchy in Egyptian society Unwrapping mummies and statues similarly reflects the values attached to Egyptian antiquities in the West where the colonial legacies of archaeology Egyptology and racial science still influence how Egypt appears in museums and the press From the tomb of Tutankhamun to the Arab Spring Unwrapping Ancient Egypt raises critical questions about the deep seated fascination with this culture and what that fascination says about our own

pyramids artifacts and mummies Here in highly readable form the author presents the broad outlines of the ancient Egyptian spiritual belief system from the founding cosmology of a watery amorphous pre creation mass to the rise of Ra Osiris Isis Horus and Seth and on to the highly developed use of symbols as keys to mystic truths comprehended only by a chosen few Why do ancient Egyptian renderings of human figures have bird heads The book gives the answer They depict among other things the soul in flight freed from an earthly cage and able to access other realms of reality The book also explains how the scarab an insect that stores balls of dung to feed its offspring is intimately linked to the mighty sun god Ra who must successfully pass through the underworld each night One of the book s main themes is the notion that in every age there s a body of secret knowledge about life death and the afterlife known only to initiates and never preached or recorded That knowledge is passed on exclusively by word of mouth over the millennia lest it fall into the hands of those who would abuse it In the Egyptian model the priestly class served this function in so called mystery schools with elaborate pageantry Although de Motte s prose is highly readable some readers may find this a difficult book to absorb The author presents a very large amount of information here and readers not well acquainted with his topic may find it necessary to re read it to keep from getting lost Only bona fide Egyptologists can render scholarly judgment on de Motte s dazzling pages but neophytes will appreciate the author s liberal citation of experts even when he doesn t agree with them An impressive work that brings light to a mysterious ancient culture Invoking the Egyptian Gods Judith Page, Ken Biles, 2025-05-23 Delve into the powerful undercurrents of Egyptian magick and be forever changed This book presents authentic rituals to invoke the gods Step into their hidden realm where true gnosis and healing are found A deeply spiritual experience unfolds as you begin to invoke the deities of ancient Egypt Discover your true magickal name create a doorway into other dimensions receive messages from the Neteru and become one with the gods once again Call upon Isis for boundless love Invoke the warrior goddess Sekhmet for protection Summon Nut to unleash your creativity Reconnect with Hathor Osiris and many other gods and goddesses Combining elegant rites with an evocative description of each deity s myths this book invites you to begin a soul level transformation and awaken to your own strength power and divinity **Pyramid Prophecies** Max Toth, 1988-03 The author of Pyramid Power reveals prophetic evidence concealed for centuries within the Great Pyramid of Giza and compares it with the prophecies of Edgar Cayce and Nostradamus **Handbook of New Age** Daren Kemp, James R. Lewis, 2007 The Handbook of New Age is a comprehensive survey of alternative spiritualities their history their global impact their cultural influence and how they are understood by scholars Chapters by many of the leading scholars of the movement give the latest analysis of contemporary spiritual trends and present up to date observations of the interaction between the New Age movement and many different fields of knowledge and research Theosophy René Guénon, 2004 Since the late nineteenth century the Theosophical Society has been a central force in the movement now known as the New Age Just as the Communist Party was considered old hat by peace activists in the 60s so the Theosophical Society was looked upon by many

in the spiritual revolution of those years as cranky uninteresting and pass But the Society like the Party was always there and despite its relatively few members always better organized than anybody else Since then the Society's influence has certainly not waned It plays an important role in today's global interfaith movement and since the flowering of the New Age in the 70s has established increasingly intimate ties with the global elites And its various spinoffs such as Elizabeth Clare Prophet's Summit Lighthouse and Benjamin Creme's continuing attempt to lead a World Teacher Maitreya onto the global stage just as the Society tried to do in the last century with Krishnamurti continue to send waves through the sea of alternative spiritualities Gu non shows how our popular ideas of karma and reincarnation actually owe more to Theosophy than to Hinduism or Buddhism provides a clear picture of the charlatanry that was sometimes a part of the Society's modus operandi and gives the early history of the Society's bid for political power particularly its role as an agent of British imperialism in India It is fitting that this work should finally appear in English just at this moment when the influence of pseudo esoteric spiritualities on global politics is probably greater than ever before in Western history **The Captain** Pradeep

Mehler,2002-03 Was there a advanced prehistoric civilization in ancient Egypt Who were the people who built the great pyramids and carved the Great Sphinx Did the pyramids serve as energy devices and not as tombs for kings Independent Egyptologist Stephen S Mehler has spent over 30 years researching the answers to these questions and believes the answers are Yes An indigenous oral tradition still exists in Egypt and Mehler has been able to uncover and study it with the help of a living master of this tradition Abd1El Hakim Awyan He has also been given permission to share these teachings presented heretofore in fragments by other researchers to the Western World

teachings that unfold a whole new understanding of ancient Egypt Publisher's description Atlantis and the Cycles of Time Joscelyn Godwin, 2010-11-18 A comprehensive study of the major occult writings on Atlantis Fully examines the many occult teachings on Atlantis including those from G I Gurdjieff Madame Blavatsky Julius Evola Edgar Cayce Fabre d Olivet and Dion Fortune Shows how these writings correlate with the concept of cyclical history such as the Mayan calendar and 2012 the Age of Aquarius and the four Yugas By a renowned scholar author editor and translator of more than 30 books Atlantis has held a perennial place in the collective imagination of humanity from ancient Greece onward Many of the great minds of the occult and esoteric world wrote at length on their theories of Atlantis about its high culture its possible location its ultimate demise and their predictions of a return to Atlantean enlightenment or the downfall of modern society Beginning with a review of the rationalist writings on Atlantis those that use geographic and geologic data to validate their theories renowned scholar Joscelyn Godwin then analyzes and compares writings on Atlantis from many of the great occultists and esotericists of the 19th and 20th centuries including Fabre d Olivet G I Gurdjieff Guido von List Julius Evola Edgar Cayce Dion Fortune and Ren Gu non whose writings often stem from deeper metaphysical sources such as sacred texts prophecy or paranormal communication Seeking to unravel and explain the histories and interpretations of Atlantis and its kindred myths of Lemuria and Mu the author shows how these different views go hand in hand with the concept of cyclical history such as the Vedic system of the four Yugas the Mayan calendar with its 2012 end date the theosophical system of root races and the precession of the equinoxes Venturing broader and deeper than any other book on Atlantis this study also covers reincarnation human evolution or devolution the origins of race and catastrophe theory *Life After Life - Lifting the Veil on Death* Rajendra Kher, 2019-04-20 Two great truths govern human existence impermanence is the law of the Universe and therefore it is inevitable but the jeewatma soul is permanent and lives forever When one views human existence from the perspective of this knowledge then the only certitude is that there is no death With the materialization of the Universe the wheel of time was set in motion imprinting preordained impermanence Yet despite the world's impermanence Man is offered the opportunity of acquiring knowledge and achieving spiritual growth within his lifespan The cosmic soul momentarily adopts a human body to experience advancement in human form But when the jeewatma departs the physical body from one of the five koshas sheaths it is released from this confinement and bondage into the joyful revelation of its true nature The soul experiences divine love and achieves a state of timelessness The demise of the human body thus becomes the moment for joyful fulfillment when the jeewatma achieves ultimate growth and eternal beauty Though the human form and external body decays the jeewatma or the subtle body soul remains intact in its true and original form Litterateur Rajendra Kher has spent long years studying the subject of death He has researched both ancient and modern references as well as the Vedas Upanishads Bhagavad Gita Srimad Bhagvatam and various mythological literature in his attempt to unravel and comprehend death and life after life He has also analyzed the personal experiences of rishis scholars masters and yogis adding his

findings to the book to make it comprehensive The gift contained in these pages is the lifting of the veil on death In so doing it frees each of us from unknown fears and dread about death and dying enabling us to experience instead true happiness and the grace of living **Naked Spirit** Jon Whale,2008 **They Would Be Gods** Anthony K.
