Some of the references are also incorporated at different places as per need to elaborate the relevance of teachings of the Holy Scripture in modern context. Teachings of Veda, Upanishad, Vedantas, and Gita provide valuable instructions which always remain free from the alterations duly observed in and around the context. Because of that reason, every minute part of this Holy Scripture is equally important if aspirants prefer following all such teachings in daily life. It is also an established fact that teachings of Gita are relevant for aspirants from all walks of life; it is not necessary that any aspirant can have any previous knowledge of any other scripture before starting to move through the Holy Scripture and other relevant compilations duly prepared on the basis of the comprehensive teachings of the Holy Scripture.

Mind vs Intellect Chandan Sengupta, Theme of this book is derived from the holy book titled Bhagavadgita for elaborating different aspects of knowledge and wisdom needed for ensuring Knowing The Self. It has some other sources like

Vedas Upanishads Old Scriptures Epics and some other writings of philosophers and thinkers of olden times We often rely upon some of the prominent sources of philosophy for making aspirants enriched in terms of knowledge and wisdom as such kind of mental stability will facilitate the fellow aspirant to experience the Divine Omnipresence We even come across different epics and scriptures and try to imbibe different examples in our daily life If we talk about the divine then it will definitely become prominent that the realm of such a supreme power is united and widely distributed We cannot categorise various electro magnetic waves in terms of their origin and propagation Similar is the situation regarding origin and development of the Sanatan Philosophy and core of the Spirituality which ensures our integrity to the supreme Divine master It is beyond the scope of any argument beyond the accessibility of senses off the shores of mental awareness **Studies on**

KHRITISH SWARGIARY, 2025-03-03 Preface

The Divine Chronology: Why Four Gods for Four Yugas

The Yuga cycle represents one of Hinduism's most profound contributions to our understanding of time, cosmic order, and spiritual evolution. This book explores the specific avatars of Lord Vishnu that appear in each Yuga, offering a depth analysis grounded in philosophical, logical, and literary perspectives. Through this exploration, we will uncover why these particular avatars emerged in their respective ages and what this teaches us about the nature of divinity, human spiritual development, and the cyclical nature of existence. My approach in this book is unique in that it combines rigorous scholarly analysis with accessible spiritual insight. I draw from verified references in Hindu scriptures, philosophical texts, and academic analyses to build a comprehensive understanding of this divine chronology. The structure of this book follows the natural progression of the Yugas, beginning with Satya Yuga and concluding with Kali Yuga, while also incorporating comparative analysis and modern interpretations. I am grateful to the numerous scholars, theologians, and spiritual leaders whose works have contributed to my understanding of this complex subject. Their research and insights form the foundation of this exploration, and I have made every effort to present their contributions accurately and respectfully.

Khritish Swargiary

Essays on The Gita Part IV Chandan Sengupta, This volume of Essays on The Gita will cover up the doctrines and rituals explained differently by Sage Veda Vyasa in various chapters. Different names for this part are coined by saints and Philosophers time to time. It is also true that we are willingly or unwillingly move through instances when mind and intellect get indulge in arbitrations related to our definite role in society. The Yoga of Knowledge and Actions are also closely linked up when we move on to execute some activities, claim some rights, and perform some duties. We cannot claim that this volume will provide vivid translation of the Holy Scripture titled The Bhagavadgita, even it is not confirmed that descriptions, comments, or narratives of all types duly proposed by different narrators are converged before preparing this document. It has some sort of linkages to the modern context and the context of Epics to work out relevance of the Holy Scripture. This book will also reflect relevance of The Bhagavadgita on the basis of its applicability and justifications. We can put us easily at the place of the fellow warrior if entire society is considered as a battle field; there requires a time tested guidance upon which one can rely perfectly for working out a solution for establishing balance of mind and intellect for regulating senses with the help of quality segments of Ego AHAM for feeling the presence of the Supreme Master besides all kinds of material as well as living manifestations. Realising the omnipresence of Brahman and acknowledging presence of such masterly guide at all instances of creation is the real objective to be accomplished during life span of a human. It can be accomplished under able guidance of a Divine master.
