

## THE DARK SIDE

Throughout my existence, I have built temples and decorated planets. Yet no power I have held compares with that of the dark side of the Force. This limitless field of cosmic energy flows through us all. It feeds off our passions and makes our darkest desires a reality. For one such as I, the dark side offers unlimited power. Fearless, for full fury, and all things are possible.

### OPPOSING FORCES

Fallen minds have struggled to comprehend the Force's vast potential for evil, even studying its most aspects—the light side and the dark side. The weak sought to limit themselves to the light. They abandoned the dark side, believing it to be a path to corruption. But the brightest of lights can see the darkest of shadows. That darkness must be allowed to bleed through, for only those who choose to embrace the dark side are able to truly unleash the boundless potential of the Force.

### FEAR, ANGER, HATE, SUFFERING

The dark side of the Force is fueled by raw emotion. Many have also devoted themselves solely to the light, believing that passion obscures judgment. But those who embrace the dark side see far more clearly. We find strength in our fury. Fear, pain, and rage become our greatest tools. Our passion is our power, and that power should never be underestimated. For while the dark side gives, so it takes. It hangs over like a storm that must be fed. Those who master its ways will be unstoppable. Those who govern will be consumed.

## THE LIGHT ORDER

Wielding only the light, the Jedi appeared themselves paragons of so-called peace. Their teachings and monies spread their warrior view of the Force across the galaxy. In doing so, they promised the minds of all those they claimed to serve. The Jedi imagined the light would keep them pure, when in truth it made them blind. As their influence grew, so grew their arrogance. Convinced their goals were the only correct, their intentions. Order lost all sight of the darkness growing around them. Their minds clouded, the Jedi would become easy prey for their most ancient enemy.

### THE SITH ORDER

Legend has it the Jedi Order suffered a deep schism millennia ago. An opposing sect dedicated to the glory of the dark side arose from the ashes. The Sith did not share the Jedi's utopian view of the Force. They embraced the dark side as a means to personal gain and ultimate victory. And, for a time, that great enemy would be achieved. The Sith Order grew, spreading its might across the galaxy. But the Jedi became jealous. They would not tolerate a challenge to their authority. After thousands of years of war, the Sith were pushed to the edge of extinction. From the darkness, those who believed that the foundations for our Order's return... and my rise to power.
