You're Teaching My Child What? Miriam Grossman, 2009-08-04 If you think sex education is still about the birds and the bees think again And it's not about science either In her shocking exposé *You're Teaching My Child What* Dr Miriam Grossman rips back the curtain on sex education today exposing a sordid truth Today's sex ed programs aren't based on science they're based on liberal lies and politically correct propaganda that promote the illusion that children yes children can be sexually free without risk As a psychiatrist and expert on sexual education Dr Grossman cites example after example of schools and organizations whitewashing or omitting altogether crucial information that doesn't fit in with their PC agenda Instead sex educators only tell teens the facts of life that promote acceptance sexual exploration and experimentation What sex educators call an education scientists would call a scam Sex educators won't tell girls their bodies are biologically and chemically more susceptible to STDs they will only say 3 million girls have a sexually transmitted infection Educators say it's natural for children to explore their sexuality from a young age and only they can decide when it's right to have sex the real truth is neurobiologists say teen brains are not developed to fully reason and weigh consequences especially in the heat of the moment Teens are told condoms vaccines and yearly testing provide adequate protection without being told that studies now show condoms are no match for herpes HPV and gonorrhea In *You're Teaching My Child What* Dr Grossman reveals biological truths that you won't find in today's classrooms *You're Teaching My Child What* is critical reading for parents with teens and instrumental in teaching children the truth about sex

Pilgrim Soul, [Neurologic-Psychiatric Syndromes in Focus - Part II](#) J. Bogousslavsky, 2017-11-17 After a period in which neurology and psychiatry have become more and more defined neurologists' interest in psychiatric topics and vice versa has increased This book provides readers with an overview of the most representative neuropsychiatric syndromes such as Ganser and Capgras syndromes It fills an existing gap in

current literature and reintroduces a clinical approach. Additionally, there is a historical perspective throughout time with a focus on the most relevant clinical syndromes offering distinct value to readers. With this approach, the book serves as a useful and stimulating guide on the diagnosis and management of neurologic psychiatric syndromes. It is for neurologists, neurosurgeons, psychiatrists, and all others interested in neuropsychiatric topics because these syndromes, also called uncommon, may in fact be more frequent than the literature suggests.

Ultra-Actors: William Shatner Bunny Ultramod, 2011-05-20. We all know and love William Shatner now, but there was a time in the 60s when his career was just getting started and in the 70s when he was experiencing a post-Star Trek slump that he appeared in a series of surprising and often quite demented series of low-budget films and television films. *Ultra-Actors: William Shatner* takes a look at 21 of these films, almost everything he made from his first lead performance until *Star Trek: The Motion Picture* revitalized his career. Here's your chance to find out about such little-seen oddities as *Incubus*, a horror film shot entirely in the invented language of Esperanto, and a cursed production that found many of its cast

members dead in the few years after it was made Impulse In which Shatner plays a psychotic con man in Florida who ineptly stalks a little girl Kingdom of the Spiders It s William Shatner against tens of thousands of superintelligent tarantulas whose primary mode of attack seems to be to fall out of grates onto people The Devil s Rain Shatner is kidnapped by Satanists and has his eyes plucked out by them and takes revenge by making them melt for what feels like the last half of the movie To Relieve the Pain Daniel Linder,2006-06 Demystifying Addiction presents a Relational model picking up where the Medical model left off The disease was defined as a pathological dependence but was never viewed in terms of being a pathological relationship or as the result of non emotionally nourishing relationships The pathological dependency is a pathological relationship one in which there is a beginning progressive emotional involvement and a synergistic interplay between dependence and denial It accounts for etiology identifies pre existing conditions brings forth a phenomenological or experiential perspective all of which have profound treatment implications **Scriptures for a Generation** Philip D. Beidler,1995-10-01 More than fifty writers from Timothy Leary and Malcolm X to Helen Gurley Brown and Rachel Carson are individually profiled in this lively survey of the literature of the 1960s A look at the books behind the decade s youth movements Scriptures for a Generation recalls the era as one of unprecedented literacy and belief in the power of books to change society In showing that the generation that came of age in the 60s marked both the height and the end of the last great reading culture Philip D Beidler also implies much about the state of literacy in our country today Featured are bona fide 1960s classics ranging from Kahlil Gibran s The Prophet and Kurt Vonnegut s Slaughterhouse Five to Carlos Castaneda s The Teachings of Don Juan and the Boston Women s Health Book Collective s Our Bodies Ourselves Represented as well are such works of revered elders as Hermann Hesse s Steppenwolf and Henry David Thoreau s Walden Beidler s coverage also extends to works of the early 1970s that are textual and spiritual extensions of the 1960s the Portola Institute s Last Whole Earth Catalog Annie Dillard s Pilgrim at Tinker Creek Robert Pirsig s Zen and the Art of Motorcycle Maintenance and others
