

The background of the cover features several anatomical sketches in a dark, ink-like color. In the upper right, there is a detailed drawing of a human hand, showing the bones of the fingers and palm. In the lower left, a long, slender bone, possibly a femur, is shown with a detailed joint at the top. In the lower right, another bone is depicted, showing a joint and a long shaft. The sketches are rendered in a style reminiscent of historical medical illustrations.

The Unquiet Bones Hugh De Singleton Surgeon Chronicles 1 By Mel Starr:

The Unquiet Bones Mel Starr, 2013-04-19 Discover the gripping medieval mystery series featuring Hugh of Singleton Hugh of Singleton fourth son of a minor knight has been educated as a clerk usually a prelude to taking holy orders However feeling no certain calling despite a lively faith he turns to the profession of surgeon training in Paris and then hanging out his sign in Oxford In *The Unquiet Bones* Hugh is asked by a local lord to track down the killer of a young woman She is identified as the impetuous missing daughter of a local blacksmith and her young man whom she had provoked very publicly is in due course arrested and sentenced at the Oxford assizes With graphic medical procedures misdirection and droll medieval wit this tale will keep you on the edge of your seat until the very end Readers have praised this book as absolutely loved realistic and the best medieval mystery I've read in a while Don't miss out on the chance to delve into this world of ambition romantic distractions and underlying Christian compassion Don't miss out on this thrilling read and join the many others eagerly awaiting the next instalment

Master Wycliffe's Summons Mel Starr, 2021-10-22 Mel Starr has done it again with another brilliant Sir Hugh de Singleton medieval mystery to keep readers guessing until the very end I was there at the Queen's College dining on pottage getting soaked in the rain in fourteenth century Oxford Mel always draws you into the experience Toni Mount author of the Sebastian Foxley murder mystery series One of Master John Wycliffe's scholars is found dead after a thunderstorm Was he struck by lightning or was there something more sinister to his death Scholar Richard Sabyn a particularly obnoxious fellow was believed to have been struck by lightning However Master Wycliffe believes otherwise and calls upon Sir Hugh de Singleton for help Sir Hugh shares Wycliffe's suspicions and launches a private investigation learning that it might indeed be possible to make it look as though a man has died from a lightning strike But who would go to all that effort and why When fellow scholar Simon Duby dies it raises even more questions and suspicions What is the connection between the two men Sir Hugh believes a bronze pot a bucket of urine and a small quantity of charcoal and brimstone may hold the answer During a bleak 1375 can he survive the insidious plague and several attempts on his life as he continues his quest for truth

The British National Bibliography Arthur James Wells, 2009 **Suppression and Suspicion** Mel Starr, 2022-09-23 Edmund Harkins has gone missing Few would confess to liking the man a wife beater and distinctly unsavoury character so when some hungry pigs disinter his corpse in a shallow grave there is hardly an outpouring of grief However this intensifies the problem Sir Hugh faces as bailiff of Bampton it is his duty to discover who has slain Edmund But if he does he will earn the enmity of villagers who are pleased the scoundrel is dead and who knows what repercussions might follow To further complicate Hugh's life the Bishop of Exeter has sent a new vicar to Bampton his nephew who behaves in an obnoxious manner to Lady Katherine's maid and seems obsessed with discovering any heretical views Hugh might hold The vicar also it transpires is contributing to the unhealthy atmosphere of suppression and suspicion that has come to pervade the village
