Resources in Education, 1998 [Back to the Beginning of a Perfect Creation](#) Charles Pratt, 2021-01-27 The beginning of Genesis represents the basic foundation of the entire Bible If the reader does not understand the foundational truths then he will likely misunderstand the rest of the book The truths that follow stand or fall upon the foundation of the first few chapters of Genesis This book is a personal passion of my heart from a conservative viewpoint of God's Creation of the world Things did not just come into existence by some cosmic accident or chance but by an Ingenious Designer Creator that purposed every facet of His perfect creation Many individuals have been deceived with the teachings and the lies of evolution such as man arriving from a monkey Some teachers have used these lies that the earth is billions of years old However the Bible clearly teaches that creation came to pass just over 6 000 years ago Those years are well documented in Genesis and other Bible accounts Since my first degree was in science it is my desire to show every person possible that the Bible is absolutely true and completely trustworthy The truth is that science is attempting to catch up with biblical truth yet it never will That is because the Creator of this vast universe is so far advanced of all scientific

discoveries that man will never be able to reach that super human level of wisdom God possesses unlimited understanding of creation that man will never achieve In the beginning every single thing made was perfect until man committed sin in Genesis 3 My desire is to inspire all who are seeking to uncover the truth about creation to study those conservative teachings about life and how human beings arrived on earth There is absolutely no scientific evidence of any humans living on any of the other planets God announced early in Genesis that His focus was upon the heavens and the earth which is taught throughout the Bible He never mentions about man getting to another planet but He does desire that all humans go to heaven The provision for man to go to heaven is through the blood of Jesus since this is the Only Way **Book: Participant**

Debate Ron Rhodes, *Evidences for God and His Creations: Nature, the Flood, and the Bible* Dr. T. J. Tofflemire, 2011-07-21 This book provides summary apologetics from about 200 references It is unique in that many authors with differing viewpoints are put together in brief key point summaries Some of the books covered are 1100 pages long The original authors views are briefly integrated and compared The different views of creation are also discussed and compared and given an open minded weighing Are you concerned about the fact that 70% of our youth no longer attend church and do not have a biblical world view The naturalistic or humanistic world view they adopt from schooling favors the following 1

Man evolved from primates and is a biological machine with no purpose 2 There is no source of true morals and thus morals are relative and determined by whatever a given group decides or whatever is most popular 3 Since man is only an animal there is no basis for individual human rights only rights for the masses There are some good arguments provided in the book to counter all of this and provide a biblical world view These arguments are brief and easy to share in witnessing situations

Creation vs. Evolution Frederick Guttman, In the last two centuries a powerful war has begun against all classes that call themselves theists Clearly the Catholic occultism of 14 centuries left strong meya especially in Europe The Inquisition that is the persecutions the murders the arbitrariness the robberies and the monopoly of Rome arrived even at the dawn of the Second World War but the worst damage caused by them was to make the world see in Catholicism the representative image of God and as such a great hatred was created for everything related to religion We know that Catholicism was born in the year 325 AD in the days of Constantine but the religious dictatorship was not born there because 3 centuries later another pioneer revived religious wars putting them at the level of battle lines Between Islam and Catholicism they led the free world to they detested God because in them they saw a reflection of the God that the Bible spoke of Although the true message of God was lost at the end of the first century at the time of its precursors the Messianic Jews or Christian Jews as they were called in Antioch had perished
