Atheisms Response To Apologetics A Refutation Of 20 Common Theistic Arguments:

The Death of Classical Theism and the Subsequent Rise of Atheism Shane Himes, 2025-03-18 Modernity has seen the rise of atheism and a rejection of classical theism In this book Shane Himes argues that the two realities are largely dependent on one another Many modern Christian apologists are not fond of classical doctrines such as divine simplicity and impassibility and thus they happily reject these ideas The ramifications of doing so however have not been fully appreciated especially as they relate to Christian arguments for God s existence Himes gives an overview of the arguments for God s existence by examining the work of both scholars who reject classical theism and those who embrace it An analysis of these arguments demonstrates that modern models of God make his existence a mere possibility as opposed to a logical necessity As such the arguments given by these scholars leave them susceptible to atheist critiques given that they do not answer the question of why anything exists Without classical theism God becomes one possible answer as to why our particular universe exists the way that it does but apparently this has not been convincing to many as atheism has seen an unprecedented rise in the last two centuries Paradoxically if Christianity is to become dominant once again in academia and Western societies more generally a recovery of classical depictions of God as the ground of all being is paramount **CSB Apologetics Study**

Hardy, 2007-04-01 My freshman year of college was a battle writes Katie a college student and a strong Christian The
transition from high school to college is one of the most pivotal times in a young person s life After departing from under the
protective wings of their parents young adults often have trouble holding firm to the Christian faith Stand Your Ground is an
introduction to apologetics for young adults in high school or college The book includes thirteen chapters that confront the
overwhelming intellectual attacks Christian college students face on university campuses Dean Hardy takes readers on a
spiritual and intellectual journey addressing such issues as the nature of truth and reality the investigation of other
worldviews the evidence for Christianity critics arguments against Christianity and the relationship between apologetics and
evangelism **Independent and Weekly Review**, 1884 Religion Past & Present: A-Bhu Hans Dieter Betz, 2007 Truly

multi denominational approach to all aspects of the study of religion and theology *The Eyes of an Atheist* M. A.
Neeper, 2012-07-23 Religious people have been known to push their beliefs onto others in fact several religions require it
This book utilizes reason logic some psychology and the experiences of someone who has been in several hundred religious

debates with believers mainly those of the Judeo Christian faiths Throughout this book you will be presented with several of the most common arguments that believers utilize in order to attempt to convert people to followers then you will be given a response that not only stops them in their religion pushing tracks but will give you the upper hand and hopefully give them something to think about aside from simply what their preacher pastor reverend etc has told them to think This book will allow you to defend yourself from others religious preachings as well as teach you something about atheism and how informed you can be as a nonbeliever It pushes the limits of religious discussion with examples from the Bible logical arguments psychological reasoning and well researched opinions Do not get caught off guard again by any believer Be ready and more informed

Atheist Responses to Religious Arguments Frank Butcher, 2012-02-15 32 000 words covering common arguments used by religious people and some simple responses on how an atheist might go about refuting them Seven pages are also used to try and answer the very important question of whether Jesus actually existed or if he was just a fairytale Other important issues such as evolution faith schools biology and history surrounding religion are also covered thoroughly A must have for any Atheist wanting to debate a Theist or just wanting to have a greater understanding of the argument from an Atheist point of view
