Miscellaneous Asset Issues

Software Licenses and Maintenance Agreements related to software licenses:

Maintenance agreements associated with technology hardware or software cannot be depreciated. Rather, such agreements are expensed over the period of benefit, and if paid upfront they are recorded as prepaid assets and amortized over the period of benefit, generally one or two years, as called for in the agreement. These software licenses and maintenance agreements are deemed to be a type of "operating lease." The agreements generally do not confer any ownership rights nor does the City acquire any asset at the end of the agreement period. The City is simply obtaining a "right" to use the software and possibly receive any upgrades made to the software over time.

Disposal, Transfer or Impairment of Assets (also see [Management Policy 225](#))

Disposal forms are available from the Property Accounting office. If an asset, other than a vehicle, is sold, disposed of or sold a disposal form must be filled out and signed by the Department and City Manager. Completed forms must be submitted to the Property Accounting office to be removed an asset from the Property Listing.

[Transfer Forms](#) are available on the Intranet or from the Property Accounting office. If an asset is transferred to another Department, the receiving department must sign for also sign for asset. Completed forms must be submitted to the Property Accounting office to be reassigned on the Property Listing.

Impaired Assets must be reported to the Property Accounting as out of service or the percentage at which the service level of the asset is impaired. This must be communicated by an original signed letter from the Department and countersigned by the City Manager, delivered to the Property Accounting office.

Classification:

According to the Governmental Accounting Standards Board (GASB), the classification of capital assets depends upon the funds used to purchase them:

"A clear distinction should be made between general capital assets and capital assets of proprietary and fiduciary funds. Capital assets of proprietary funds should be reported in both the government-wide and fund financial statements. Capital assets of fiduciary funds (and similar component units) should be reported only in the statement of fiduciary net assets. All other capital assets of the governmental unit are general capital assets. They should not be reported as assets in governmental funds but should be reported in the governmental activities column in the government-wide statement of net assets", (prepared by CSC). (GASB Sec 1-400)
