Aging Ageism And Abuse Moving From Awareness To Action Elsevier Insights:

Aging, Ageism and Abuse Gloria Gutman, Charmaine Spencer, 2010-02-04 Population aging is occurring worldwide Reports of abuse and neglect of older men and women are also evident on a global basis While much of the work on identification treatment and prevention of abuse of older persons has been within the family setting it cannot be separated from the broader experience of growing old in contemporary society Time and time again issues around legislation policy and practice collide with human rights societal attitudes and stereotypes Raising awareness of the link among aging ageism and abuse is one goal of this book and a necessary first step in the battle to eliminate abuse and neglect of older persons But awareness is not enough action needs to be taken to develop case finding procedures and remedial and preventive policies and programs that are elder friendly both in intent and in the way that they are implemented This book offers a thought provoking examination of selected current policies and programs that have been developed within the health social services and criminal justice systems It highlights the special issues and vulnerabilities of older women older men and persons from the LGTB community It also features a unique approach to reaching young people through an educational program that shapes attitudes and behavior via graphic art Clear straightforward writing style reader does not have to contend with murky theories and obscure references Practical approach readers can relate to the examples that are provided of situations in which abuse and neglect has or can occur *Ageism and Mistreatment of Older Workers* Patricia Brownell, James J. Kelly, 2012-12-11 This book promotes an understanding of ageism discrimination and mistreatment of older adult workers incorporating an international human rights perspective The impact of ageism on the mistreatment of older adult workers has not to date been examined in depth through the lens of international human rights instruments nor has discrimination against older adults in the workplace been framed as a form of elder abuse for research and policy making purposes This book presents a multi disciplinary exploration of these themes as they affect work and retirement of older adults It reflects the view that older people who choose to work into old age should be able to do so in enabling work environments that promote dignity and are free of abuse The contributing authors come from many disciplines including law psychology social work business and international affairs Many are members of the International Network for the Prevention of Elder Abuse INPEA a non governmental organization with consultative status at the United Nations and have devoted their professional careers to increase awareness and understanding of elder abuse in order to prevent it The editors hope that broadening the framework within which elder abuse in the workplace is understood will stimulate further research policy and program development to address this troubling social problem **Gender: The Basics** Hilary M. Lips, 2018-08-06 **Gender: The Basics** is an engaging introduction to the influence of cultural historical biological psychological and economic forces on ways in which we have come to define and experience femininity and masculinity and on the impact and importance of gender categories Highlighting that there is far more to gender than biological sex it examines theories and research about how and why

gender categories and identities are developed and about how interpersonal and societal power relationships are gendered It takes a global and intersectional perspective to examine the interaction between gender and a wide range of topics including Relationships intimacy and concepts of sexuality across the lifespan The workplace and labour markets Gender related violence and war Public health poverty and development Gender and public leadership This new edition includes increased coverage of trans visibility and activism LGBTQ studies and critical masculinity studies global developments in women s political leadership links between gender and economic wellbeing and cyberbullying Supporting theory with examples and case studies from a variety of contexts suggestions for further reading and a detailed glossary this text is an essential read for anyone approaching the study of gender for the first time
