Barry,Barry,Julie Van Camp,2007-02-01 Applying Ethics Vincent E. Barry,1985 *Applying Ethics* Vincent E. Barry,1985 *The Tragedy of Common Sense* John P. Clark,2016-08-01 Introduction by Salvatore Engel Di Mauro Foreword by Ariel Salleh This book takes as its object of critique one of the best known and most influential arguments in contemporary applied ethics which is biologist Garrett Hardin s case for lifeboat ethics John Clark analyzes the moral dimensions of world hunger foreign aid immigration policy and population growth Clark critiques the lifeboat ethics as a way to explore in depth both the common and the commons It is about the truth we hold in common and about certain falsehoods that we hold in common This book also contains Garrett Hardin s 1974 essay Living on a Lifeboat Applying Ethics Olen,2008-01-01 Applying Ethics Jeffrey Olen,Vincent E. Barry,1999 This best selling text reader and casebook provides an outstanding introduction to moral philosophy engaging students in the most perplexing issues of our time without sacrificing philosophical integrity Numerous readings by philosophers and writers and contemporary case studies make chapter topics lively centerpieces for discussions For each chapter original readings follow the authors introduction to the concepts of each issue which are then followed by cases Each reading includes a brief introduction and follows with Questions for Analysis Cases are also followed by Questions for Analysis *Ethics and the Autonomy of Philosophy* Bernard James Walker,2014-11-06 In *Ethics and the Autonomy of Philosophy* Bernard Walker sets out with two objectives First Walker argues that ethics is autonomous as a discipline Oftentimes ethics books from a Christian perspective lean toward grounding ethics in theology or in biblical proof texting Walker departs from this tradition Ethics grounded in theology entails a limited scope for those doing ethics in that the Christian God must be assumed for both Christian and non Christian when at the table of ethical dialogue For the non Christian this loads the dice and shuts down ethical consensus and dialogue if not ethical truth With that said this book does not depart from Christian ethical views on such issues as the sanctity of life antiracism the death penalty the objectivity of ethics and the importance of integrating faith into ethics however Walker does so from a common denominator of philosophy rather than theology Second Walker ventures into the streets and engages the man woman on the streets approach to ethics and ethical decision making He points out the shortcomings of the ubiquitous views of the man woman on the streets viz cultural relativism skepticism and the attitude that ethics is merely a matter of personal choice **Applied Ethics** Ruth F. Chadwick,Doris Schroeder,2002 Land, Value, Community Wayne

African Personhood and Applied Ethics Motsamai Molefe, 2020-02-03 Recently the salient idea of

personhood in the tradition of African philosophy has been objected to on various grounds Two such objections stand out the book deals with a lot more The first criticism is that the idea of personhood is patriarchal insofar as it elevates the status of men and marginalises women in society The second criticism observes that the idea of personhood is characterised by speciesism The essence of these concerns is that personhood fails to embody a robust moral political view African Personhood and Applied Ethics offers a philosophical explication of the ethics of personhood to give reasons why we should take it seriously as an African moral perspective that can contribute to global moral political issues The book points to the two facets that constitute the ethics of personhood an account of 1 moral perfection and 2 dignity It then draws on the under explored view of dignity qua the capacity for sympathy inherent in the moral idea of personhood to offer a unified account of selected themes in applied ethics specifically women animal and development
