The Courage To Create By Rollo May:

Courage To Create Rollo May, 1994-03-01 Extraordinary wise and hopeful nearly poetic meditations Boston Globe What if imagination and art are not as many of us might think the frosting on life but the fountainhead of human experience What if our logic and science derive from art forms rather than the other way around In this trenchant volume Rollo May helps all of us find those creative impulses that once liberated offer new possibilities for achievement A renowned therapist and inspiring guide Dr May draws on his experience to show how we can break out of old patterns in our lives His insightful book offers us a way through our fears into a fully realized self Summary of Rollo May's The Courage to Create Everest

Media, 2022-05-15T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 We are living in an age of limbo where one age is dying and the new age is not yet born We cannot ignore the changes in sexual mores marriage styles family structures education and religion 2 Courage is the foundation that underlies and gives reality to all other virtues It is not a virtue or value among other personal values like love or fidelity It is the basis that underlies and gives reality to all other virtues 3 The most simple and obvious form of courage is physical We need a new form of physical courage that will neither run rampant in violence nor require our assertion of egocentric power over other people 4 Moral courage is the second type of courage It is the courage to stand up for what is right even if it means standing alone It is based on one's capacity to perceive the suffering of others and it arises from compassion for that suffering **The Wiley**
