The British Minstrel, and Musical and Literary Miscellany ,1844 **Jones Very** Jones Very,1993 Very a New England Transcendentalist and a protege of Ralph Waldo Emerson is one of the underrated American poets of the nineteenth century Though he attracted a select audience in his day serious study of Very s work in this century has been hampered by the lack of a complete convenient and reliable edition of his poetry Perhaps even more discouraging to readers of older collections of Very s poems has been the puzzling variance in the style and quality of the verse This edition in which the poems are dated and chronologically arranged reveals the three stages of Very s poetic development out of which the distinctive genius of the second period clearly emerges Written under the influence of a powerful psychological spiritual experience the ecstatic utterances of this period are by turns breathless in their intensity and tranquil in their serene contentment **The Mystery of Death** Lester Sumrall,1995-10-01 Death is both a collective and individual experience All humans die and yet the mystery lies in the solitary experience It is a trip we all make alone In *The Mystery of Death* Lester Sumrall draws on 66 years of ministry experience in helping us sort out this transition of life From the jungles of Africa to the modern hospitals of the United States Dr Sumrall has observed death the pain peace resistance and acceptance His unique storytelling paints a picture of death that is not hopeless Calling death a monster Dr Sumrall explains in vivid detail its origins and why he has come to a place where he has no dread of it Dr Sumrall also addresses these points Life after Death Worshiping the Dead Searching for Immortality In Those Final Moments Death by Suicide Coping with Death and Grief
