 of the 1967 Floyd Clymer publication of the official Honda Factory Workshop Manual for the 125 150 series C92 CS92 CB92

 resource for collectors and restorers of these classic Honda motorcycles There are 228 illustrations and each procedure is
 explained in a step by step method using an appropriate illustration The translation from Japanese to English is at times a
 little quirky but the profuse illustrations make up for any difficulty in understanding what needs to be done There are
 separate sections that deal with the repair and overhaul procedures for the engine transmission wheels and brakes front
 forks frame and carburetor plus a detailed electrical service section This is a must have reference for any Honda enthusiast
 and would certainly assist in helping any potential purchaser better understand the inner workings prior to purchasing one of
 these classic motorcycles Out of print and unavailable for many years this book is highly sought after on the secondary
 market and we are pleased to be able to offer this reproduction as a service to all Honda enthusiasts worldwide Vespa
