Unleash Your Primal Brain Tim Ash, 2020-06-29 Understand what makes us human This book is about the commonalities all 8 000 000 000 people on earth share Our ancestors were molded by ruthless survival pressures from the earliest days of life on the planet Adaptations which worked long ago are still inside of us also shared with insects and reptiles Later additions are common to all mammals from the tiniest shrews to the most massive whales Some capabilities were bolted on relatively recently and are only shared with our primate cousins And the runaway explosion of humans on the planet can only be explained by our own bizarre species level evolution The only way to understand how our

brains work is to examine the complete evolutionary arc Find out why your primal brain is in charge and your logical mind is usually asleep Learn what makes people unique among all other animals Understand the biased shortcuts your brain takes to make decisions Discover how culture has evolved us for learning and cooperation Find out how fairness and group conformity impact our behavior Understand the real purpose of memory sleep and dreaming Learn how stories allow us to mind meld with other people Should I read this book Yes if you have a brain and want to understand how it works Personal development Improve your memory strengthen personal relationships and community understand your motivations and drives make peace with your emotional nature Relationships Learn why you have an affinity for certain kinds of cultures and beliefs understand gender differences and deep seated emotional needs get insights into children s development create stronger friendships Business This book can be mined for insights about leadership group cooperation motivation marketing and persuasion sales and effective communication Handbook of Approach and Avoidance Motivation Andrew J.

Elliot,2013-05-13 Of the many conceptual distinctions present in psychology today the approach avoidance distinction stands out as one of if not the most fundamental and basic The distinction between approach and avoidance motivation has a venerable history not only within but beyond scientific psychology and the deep utility of this distinction is clearly evident across theoretical traditions disciplines and content areas This volume is designed to illustrate and highlight the central importance of this distinction to serve as a one stop resource for scholars working in this area and to facilitate integration among researchers and theorists with an explicit or implicit interest in approach and avoidance motivation The main body of this volume is organized according to seven broad sections that represent core areas of interest in the study of approach and avoidance motivation including neurophysiology and neurobiology and evaluative processes Each section contains a minimum of four chapters that cover a specific aspect of approach and avoidance motivation The broad applicability of the approach avoidance distinction makes this Handbook an essential resource for researchers theorists and students of social psychology and related disciplines **Unraveling Taboo: Love's Unexpected Pathways** Dr. Anthony Mathews,2024-08-16

In a world where sexuality love greed and money take on new meanings and death lurks around every corner a captivating story unfolds Father a sophisticated and wealthy 60 year old man and his 34 year old son both find themselves enamored with a stunning 27 year old single woman Initially she becomes the lover of the father a known adventurer with a penchant for beautiful young women However when she meets his son she falls deeply in love and marries him perhaps driven by financial motives The tycoon her ex lover and now father in law cannot and will not relinquish his love for her He insists on continuing their intimate relationship even resorting to pressure and ultimatums when she objects Despite the husband s suspicions it is the wife herself who reveals the shocking truth she has been regularly sleeping with his father both before and after their marriage A war erupts between the three as life teaches us to smile through the tears Who do you think will be the first to die Or is the human being simply a poor customer of life Life on earth is a journey filled with people we

encounter in all seasons Some accompany us while others remain behind Those who stay with us will witness our happiness smiles sadness and ultimately our death In a world that is absurd full of wonders and where death is ever present life is riddled with disappointment We always need that breath of air to outlet our emotions to breathe heavily and calm ourselves down There is no such thing as one hundred percent security in this life there are always unforeseen events Living is an art and dying is an art as well Unexpected Revelations: Unveiling the Enigmas of Existence Pasquale De Marco,2025-07-23
