17 Indisputable Laws Of Teamwork Leaders Guide:

The Leader's Guide to Followers Dean Duvall, 2011-05 The Leader's Guide to Followers is written from the unique perspective of a follower sharing with leaders how to lead their people well. It offers insights as to why character is a prerequisite for effective leadership and why earning trust and respect creates influence, a crucial aspect of leading people well. A leader's motivations and agendas are examined to show which ones draw followers to a leader and which ones turn followers away from him. Throughout the book, practical examples are given for leadership styles and perspectives which build loyalty and energize followers to give their best efforts. Leading is compared and contrasted with controlling and the followers' response to each is examined. The book also includes an exploration of leadership as a strategy for individuals, organizations, and the country as a whole. Dean Duvall is a native Oregonian who has experienced great leadership under some excellent coaches, teachers, and employers throughout his life. He has been involved in a wide range of organizations, including mom and pop businesses, international franchises, non-profits, state government, and Fortune 500 companies. His leadership experience is mainly in the computer business but includes some non-traditional roles such as guiding week-long mountaineering trips in British Columbia and skippering sailboat trips from Hawaii to Seattle and San Francisco. He continues to encourage leaders to be their best by writing and speaking about what leaders can do to bring out the best in those they lead.

The 17 Indisputable Laws of Teamwork John C. Maxwell, 2013-04-01 Learn how to build and maintain champion-level teams then lead your team to the peak level of success regardless of the field you're in. Individual all-stars can only take you so far. Ultimately, success, whether in business, family, church, athletic teams, or any other organization, is entirely dependent on teamwork. But how does one build that team? Leadership expert and bestselling author John C. Maxwell knows that building and maintaining a successful team is no simple task. Even people who have taken their teams to the highest level in their field have difficulty recreating what accounted for their successes. In his practical, down-to-earth style, Maxwell shares the vital principles of team building that are necessary for success in any type of organization. In *The 17 Indisputable Laws of Teamwork*, Dr. Maxwell shows how The Law of High Morale inspired a 50-year-old man who couldn't even swim to train for the toughest triathlon in the world. The Law of the Big Picture prompted a former US president to travel across the country by bus, sleep in a basement, and do manual labor. Playing by The Law of the Scoreboard enabled one web-based company to keep growing and make money while thousands of other Internet businesses failed. Ignoring The Law of the Price Tag caused one of the world's largest retailers to close its doors after 128 years in business. And much more. Building a successful team has plagued leaders since the beginning of time. Is the key a strong work ethic? Is it chemistry? *The 17 Indisputable Laws of*
